1. Description of Plan

The following description of the HLW International LLP (the "Company") Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees. The Plan was adopted on January 1, 1983 and was subsequently amended on January 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

An employee is eligible to participate in the Plan's salary deferrals after completing one hour of service.

Contributions

Participants may contribute up to 100% of pretax eligible compensation subject to the annual limit of the Internal Revenue Code ("IRC") and may designate all or a portion of their deferrals as Roth deferrals. Participants age 50 and over may make additional pre-tax contributions. Participants may contribute amounts representing rollovers from other qualified plans. The Company may elect to make a matching contribution. Participants direct the investment of participant, rollover and matching contributions into various investment options offered by the Plan.

For employees with five years or more of service as of April 1, 2006, the match is equal to 50% of salary deferral up to 6% of compensation. For participants with less than five years of service at that date, the match is equal to 33.33% of salary deferral up to 6% of compensation.

Employees may contribute to the Plan and receive matching contributions on the day that they satisfy the eligibility requirement. As of January 1, 2016, a participant is eligible for an employer match after completing one hour of service. Previously, participants hired between April 1, 2006 and December 31, 2015, were eligible for matching contributions after completing two years of service and participants hired prior to March 31, 2006, became eligible for the Company's match after one year of employment. Participants must be actively employed by the Company as of December 31 to be entitled to receive a matching contribution for that year.

Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or installments over a period of time, determined in accordance with the plan agreement.

Participant Accounts

Each participant's account is credited with the participant's contribution and the employer's contribution and allocations of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Investments of participant accounts are participant-directed.

Vesting
Participants are 100% vested in their salary deferred contributions. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants employed prior to December 31, 2015 are 100% vested in all accounts, including employer contributions. For employees hired January 1, 2016 and thereafter, their share of employer contributions are subject to the following vesting schedule.

Years of Service	Percentage
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 9.00%. Principal and interest are paid ratably through payroll deductions and must be repaid within five years unless the loan is used to buy or build a principal residence. The maximum number of loans that may be outstanding at any one time is two. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Loans mature at various dates through March 2046.

Forfeiture Accounts
Forfeitures are used to reduce future employer contributions, subject to the Plan's provisions. There were no forfeitures during the year ended December 31, 2016 and no balance in the forfeiture account as of both December 31, 2016 and 2015.

Administrative Expenses
Substantially all costs of plan administration are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Cash
Cash balances represent liquidated investments to be distributed to participants that have requested, but have not yet received, a distribution before year-end.

Benefit Payments
Benefits are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in mutual funds are stated at fair value as determined by the Mid Atlantic Trust Company by reference to quoted market prices of the underlying investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment in the Reliance Stable Value Fund – MetLife Series 25053, a common and commingled trust (the "Trust"), is valued at fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest and approximate fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Reclassification
Certain items on the 2015 financial statements have been reclassified to conform to the current year's presentation. The total net assets available for benefits is unchanged due to these reclassifications.

Subsequent Events
The Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Information Certified by the Trustee

The Plan's financial statements and supplemental schedule as of December 31, 2016 and 2015 and for the year ended December 31, 2016, were prepared and derived from information provided by Mid Atlantic Trust Company, the trustee of the Plan, and furnished to the plan administrator.

The Company has obtained certifications from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that such information is complete and accurate. Such information includes investments at fair value, cash, notes receivable from participants, interest on notes receivable from participants and investment income as shown in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

4. Fair Value Measurement

Professional standards established a framework for measuring fair value under U.S. generally accepted accounting principles and expands disclosure about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full-term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Common Collective Trust Funds: The fair value of the common collective trust is determined by the custodian of the common collective trust fund based on the underlying assets, which represent the net asset value, a practical expedient to fair value of units held by the Plan. The common collective trust does not have any unfunded commitments relating to its investments, or any restrictions on redemptions. Redemptions can be made on any business day and do not have a redemption notice period.

- Mutual Funds: Valued at quoted market prices in active markets which represent the net asset value of the shares held by the Plan at year-end.

Investments at fair value are as follows as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,098,541	$ -	$ -	$ 17,098,541
Total investments in the fair value hierarchy	17,098,541	-	-	17,098,541
Common collective trust fund measured at net asset value (a)	-	-	-	2,210,040
Total investments at fair value	$ 17,098,541	$ -	$ -	$ 19,308,581

Investments at fair value are as follows as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,159,099	$ -	$ -	$ 16,159,099
Total investments in the fair value hierarchy	16,159,099	-	-	16,159,099
Common collective trust fund measured at net asset value (a)	-	-	-	2,471,555
Total investments at fair value	$ 16,159,099	$ -	$ -	$ 18,630,654

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. Party-In-Interest Transactions

Certain plan investments are shares of mutual funds and common trust funds managed by the Plan trustee and therefore these investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Administrative expenses paid to Mid Atlantic Trust Company were $47,361 for the year ended December 31, 2016.

6. Tax Status

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's trustee believe that the plan sponsor has operated the Plan in a manner that does not jeopardize this tax status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations prior to 2013.

7. Risks and Uncertainties

The Plan has a contract with its trustee that encompasses various investment instruments, including mutual funds and a collective investment fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit and market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

8. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

9. Concentrations

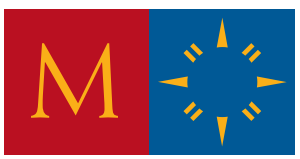

Two investments accounted for approximately 26% of investments as of both December 31, 2016 and 2015.
