Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Shipston Aluminum Technologies 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 29, 2016 and December 31, 2015 and the related statement of changes in net assets available for benefits for the period and year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Trust Company (Principal), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Principal held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from Principal as of and for the period and year ended December 29, 2016 and December 31, 2015, that the information provided to the Plan administrator by Principal is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Plan Merger

As further discussed in Note 8, the Plan was merged into the Busche Southfield, Inc. 401(k) Plan effective December 29, 2016.

Other Matter - Supplemental Schedule

The supplemental Schedule of Delinquent Participant Contributions as of and for the period ended December 29, 2016, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion of this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by Principal, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Shipston Aluminum Technologies 401(k) Plan

Statements of Changes in Net Assets Available for Benefits

1. Plan Description

The following description of the Shipston Aluminum Technologies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union, full-time employees of Shipston Aluminum Technologies, Inc. d/b/a Busche Aluminum Technologies, Inc. (collectively, the Company) who have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was merged into the Busche Southfield, Inc. 401(k) Plan effective December 29, 2016 (see Note 8).

Contributions

Each year participants may contribute a percentage of pretax annual compensation or on a designated Roth after-tax basis, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified plans and catch-up contribution as defined by the Plan. The Company makes a safe harbor contribution of 100% of the first 3% of base compensation that a participant contributes to the Plan, plus 50% of the next 2% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. No profit sharing contribution was authorized for the 2016 and 2015 Plan years.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions including any rollovers, the participant's share of the employer discretionary and matching contributions, and net earnings and losses thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Plan participants direct the investment of their contributions and the employer matching contributions and profit sharing contributions into the various investment option offered by the Plan.

Vesting

Participants are immediately vested in their employee deferral and rollover contributions, and employer safe harbor matching contributions, plus actual earnings and losses thereon. Vesting in the Company's discretionary match, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after 4 years of credited service by vesting 25% after each year of service.

Shipston Aluminum Technologies 401(k) Plan

Statements of Changes in Net Assets Available for Benefits

Forfeitures

Forfeited nonvested accounts may be used to reduce future employer's contributions. During the 2016 and 2015 Plan years, no forfeitures were used to reduce employer contributions. There were no nonvested forfeitures at December 29, 2016, and as a result, no allocation of forfeitures prior to Plan merger was required (See Note 8).

Payment of Benefits

Upon termination of employment (including retirement, disability, or death), a participant or beneficiary has the option of receiving benefits in a lump sum. Early withdrawal of participant's contributions, matching contributions and earnings thereon are permitted only in the event of a heavy and immediate financial hardship in accordance with Internal Revenue Service regulations. Early withdrawals of the employer's discretionary contribution and earnings thereon are not permitted.

Notes Receivable from Participants

Participants may, under certain circumstances as defined by the Plan document, borrow up to the lesser of \$50,000 or 50% of their vested account balance. The minimum note is \$1,000. Participants may have two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the prevailing rate charged by other lenders for similar notes. Interest rates on notes receivable ranged from 3.25% to 7.5% during 2016. The notes are repaid ratably through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note terms should not exceed ten years.

Expenses

All expenses of administration may be paid out of the Plan unless paid by the employer. Until paid, the expenses constitute a liability of the Plan. However, the employer may reimburse the Plan for any administrative expenses incurred. Administrative expenses paid by the Plan for the 2016 and 2015 Plan years, were approximately \$37,000 and \$30,000, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Shipston Aluminum Technologies 401(k) Plan

Statements of Changes in Net Assets Available for Benefits

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) released Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965)* (ASU No. 2015-12). This three-part update simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value (NAV) per share. These amendments are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. This update also provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015. The Plan implemented ASU No. 2015-12, during the 2015 Plan year, and the financial statements are presented as such.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) (Subtopic 835-30)* (ASU No. 2015-07). This removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU No. 2015-07 is effective for fiscal years beginning after December 31, 2016 with retrospective application to all periods presented. Early adoption is permitted. The Plan implemented ASU No. 2015-07, during the 2015 Plan year, and the financial statements are presented as such.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date.

Shipston Aluminum Technologies 401(k) Plan

Statements of Changes in Net Assets Available for Benefits

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset. The Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, other inputs that are observable, or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments. There were no methodology changes as of December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Units are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts (PSAs): PSA units are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities). While the majority of the underlying assets values are based on quoted prices, the net asset values (NAV) of the PSAs is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan's management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Shipston Aluminum Technologies 401(k) Plan

Statements of Changes in Net Assets Available for Benefits

Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation includes the Plan's gain and losses on investments bought and sold, as well as held during the year. Interest income is recorded on the accrual basis.

Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in their values could occur in the near term and such changes could materially affect participant's account balances and the amounts reported in the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Corporation's policy is to evaluate all events or transactions that occur from the year-end date through the date of the issuance of the Plan's financial statements. The Corporation has evaluated the period from January 1, 2017 through October 16, 2017, the date the Plan's financial statements were available for issuance, for subsequent events requiring recognition or disclosure in the financial statements. See Note 8 for Plan merger. During the period, no other material recognizable events were identified.

3. Investments

There were no investments in the Plan as of December 29, 2016 (see Plan Merger - Note 8). The following table set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2015:

<i>Investment Assets at Fair Value as of December 31, 2015</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual Funds	\$ 2,106,957	\$ -	\$ -	\$ 2,106,957
Investments Measured at Net Asset Value*				6,383,762
Total Investments at Fair Value				\$ 8,490,719

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of Net Assets Available for Benefits.

Shipston Aluminum Technologies 401(k) Plan

4. Information Certified by Principal

The Plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company (Principal), the Plan trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 29, 2016	December 31, 2015
Pooled separate accounts	\$ -	\$ 5,324,446
Mutual funds	\$ -	\$ 2,106,957
Common collective trust account	\$ -	\$ 1,059,316
Notes receivable from participants	\$ -	\$ 506,116

<i>Period and Year ended</i>	December 29, 2016	December 31, 2015
Net appreciation (depreciation) in fair value of investments	\$ 523,049	\$ (99,355)
Dividend income	\$ 98,447	\$ 145,573
Interest from notes receivable from participants	\$ 15,543	\$ 15,394

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements.

5. Related Party and Party in Interest Transactions

Certain Plan investments are managed by Principal Trust Company and Principal Life Insurance Company. Principal is the trustee of the Plan and Principal life is an affiliate of the trustee; therefore, these transactions qualify as a party in interest. Notes receivable from participants also qualify as party in interest transactions.

6. Income Tax Status

The Internal Revenue Service (IRS) ruled on March 31, 2014 that the Prototype Non-Standardized Profit Sharing Plan with CODA (the prototype Plan of Principal Financial Group upon which the Plan is based) qualifies under Section 401(a) of the IRC and the related trust is therefore, not subject to tax under present income tax laws. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Shipston Aluminum Technologies 401(k) Plan

Statements of Changes in Net Assets Available for Benefits

Accounting principles generally accepted in the United States of America requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

7. Plan Termination

Although it has no present intentions to do so, the Corporation reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participant account balances will become fully vested. (See Note 8 related to the Plan merger).

8. Plan Merger

As of December 29, 2016, all assets of the Plan were transferred into the Busche Southfield, Inc. 401(k) Plan, another qualified retirement plan sponsored by the Company. This transfer of assets occurred as a result of the merger of the two plans in which the Busche Southfield, Inc. 401(k) Plan was named as the successor plan and the Shipston Aluminum Technologies 401(k) Plan no longer exists as a separate plan. The period from December 19, 2016 to January 4, 2017, was a blackout period where participants were unable to make changes to their account as the funds were prepared to convert to the new plan where participants were unable to make changes to their accounts as Principal Trust Company prepared to convert the Plan assets to cash. Effective December 29, 2016, Bank of America was appointed as trustee of the merged Plan assets.

9. Delinquent Participant Contributions

During 2015, certain employee deferrals and loan remittances were not remitted timely to the Plan. These transactions constitute delinquent participant contributions as defined by ERISA. The Company had delinquent participant contributions and loan remittances of approximately \$246 during 2015. The Company calculated lost earnings on the untimely deposits, and remitted lost earnings of approximately \$20 to the Plan during 2016.
