AS OF DECEMBER 31, 2016 AND 2015 AND FOR THE YEAR ENDED DECEMBER 31, 2016

1. DESCRIPTION OF PLAN

The following description of the Intelligrated, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering substantially all employees of Intelligrated, Inc. (the "Company"). An employee is eligible to participate in the plan on the first day of the month coinciding with, or immediately following, 90 days of employment, including temporary employees, and upon attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended (the "Code").

On August 30, 2016, the Company was acquired by Honeywell International Inc.

Contributions—Participants may elect to contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions (up to limits set by the Plan and the Code) and Roth contributions on a post-tax basis. Participants are also permitted to deposit into the Plan rollover distributions from other qualified plans. The Plan provides for employee salary 401(k) contributions up to a maximum of 75% of the annual eligible compensation subject to maximum tax-deferred limitations established by the Code. Employees are automatically enrolled in the Plan at a contribution rate of 4% unless they choose not to defer or choose a different percentage.

The Company makes safe harbor matching contributions and matches 100% of the first 4% of participants' eligible deferred compensation. The Company may also make additional discretionary profit sharing contributions. The Company made no discretionary profit sharing contributions for 2015 or 2016.

Participant Accounts—Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings, (c) forfeited nonvested amounts and (d) administrative fees. Allocations are based upon participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investments—Participants may direct the investment of their contribution and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

Vesting—Participants are immediately 100% vested in their 401(k) contributions, catch-up contributions, and rollover contributions, as adjusted for earnings and losses thereon. Participants vest in Company contributions prior to 2013 in accordance with the terms of the Plan and are fully vested after four years of credited service with the Company. Effective January 1, 2013, the Plan adopted a safe harbor amendment. Participants are 100% vested in those safe harbor Company matching contributions immediately.

Forfeited Accounts—In the event a participant terminates employment prior to 100% vesting, a portion of the employer contributions, contributed prior to January 1, 2013, are forfeited in accordance with the terms of the Plan. The Plan permits the use of forfeitures to either reduce future employer contributions or pay administrative expenses of the Plan. At December 31, 2016, forfeited nonvested accounts totaled \$9,377. During the year ended December 31, 2016 the Plan used \$31,117 to pay employer matching contributions from forfeited nonvested accounts. There were no Plan administrative expenses paid by the Plan using forfeited nonvested accounts during the year ended December 31, 2016.

Participant Notes Receivable—Participants may borrow from their account balances a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits—Distributions may generally be made to a participant upon the participant's retirement, death, or termination of employment with the Company. Upon termination, participants whose accounts have never exceeded \$5,000 will receive a single lump sum distribution. Those with balances greater than \$5,000 may elect to leave their funds in the Plan or choose other options. Participants are entitled to benefits beginning at normal retirement age (65).

In-service distributions are permissible from the Plan for participants that have obtained the age of 59 1/2. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits in a lump sum payment.

In conditions of "financial hardship," a participant may apply to the Plan Administrator for approval to withdraw that portion of their elective deferrals necessary to meet the financial hardship, subject to the limitations of the Plan and the Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The T. Rowe Price Stable Value Common Trust Fund ("the "Fund") is a stable value CCT fund sponsored and trustee by T. Rowe Price that invests in benefit-responsive investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts that are selected by T. Rowe Price. The Fund is reported at fair value using net asset value (NAV) as a practical expedient. The Fund calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services—Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund.

The beneficial interest of each participant is represented by units of participation. Units are issued and redeemed daily at the Fund's NAV of \$1 per unit. Distributions of net investment income to unit holders are declared daily and reinvested on the first business day of the following month. It is the expectation of the Fund to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

There are no underfunded commitments or restrictions on redemption frequency for the Fund. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at fair value. The Fund imposes certain restrictions on the Plan. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Fair Value—Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at fair value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund
- Any transfer of assets from the Fund directly into a competing investment option
- The establishment of a defined contribution plan that competes with the Plan for employee contributions
- Complete or partial termination of the Plan or its merger with another plan

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits—Benefits are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, were \$46,246 at December 31, 2016. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2015.

Administrative Expenses—Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events—The Plan has evaluated subsequent events through October 12, 2017, which was the date the financial statements were available to be issued. See Note 10 for further discussion of such events.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Mutual Funds—Valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds and a common/collective trust managed by T. Rowe Price, trustee of the Plan; therefore these transactions and related earnings qualify as party-in-interest transactions.

5. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

The Company remitted participant contributions from April 29, 2016 and October 14, 2016 payrolls and participant loan contributions from September 16, 2016 and October 28, 2016 payrolls later than required by the Department of Labor (DOL) Regulation 2520.3-102. The Company corrected the violations by paying the \$558 in participant contributions and lost earnings to the Trustee on December 28, 2016. The Company filed a form 5330 with the IRS and paid the required excise tax on the transaction.

6. PLAN TERMINATION

Although it has not expressed any intent to do so other than as described in Note 10, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. If the Plan is terminated, participants will become 100% vested in their accounts, to the extent they are not already vested.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 11, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

8. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by T. Rowe Price, the trustee of the Plan and furnished to the Plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

On July 3, 2017, the Plan merged with, and the 401(k) assets were fully transferred into, the Honeywell Savings and Ownership Plan.
