401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

1 Description of Plan

The following description of the Campos de Suenos 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

A. General. The Plan is a defined contribution profit sharing plan covering employees who have completed one year of 1,000 hours of service with the Company and have reached 21 years of age. The Plan is subject to the provisions of ERISA.

B. Contributions. After the eligibility requirements have been established, employees may make elective salary reduction elections pursuant to Section 401(k) of the Internal Revenue Service (IRS) Code as amended to date. Participant 401(k) accounts are 100% vested at all times. At the end of the year, the Company may contribute a discretionary match. Employees must be employed at year end in order to be eligible for the match.

C. Participant Accounts. Each participant's account is credited with employer and employee contributions made on his behalf in addition to allocations of Plan earnings. Participants may select from several investment vehicles in any proportion. The gains and losses and earnings of these funds are apportioned to participant accounts on the basis of the beginning balance of each respective account as of the end of the prior valuation date of each fund. Valuation of the funds occurs at the end of each quarter.

D. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting the Company's matching and discretionary contributions portion of their accounts actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years.

E. Payment of Benefits. On termination of service, death, disability or retirement, a participant (or the designated beneficiary) may elect to receive the full value of the participant's account in a variety of ways in accordance with provisions of the Plan and the various elections that the participant may have made.

F. Notes Receivable Participants. Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and are charged a reasonable rate of interest as determined by the Plan's administrator. Principal and interest is normally paid ratably through payroll deductions.

G. Forfeitures. For the years ended December 31, 2016 and 2015, forfeited non-vested accounts totaled $1,453 and $1,453, respectively. These amounts will be used to reduce employer contributions or reallocated to remaining participants.

2 Summary of Accounting Policies

A. Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

2 Summary of Accounting Policies (Continued)

B. Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition. The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

D. Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit loss has been recorded as of December 31, 2016 and 2015.

E. Payment of Benefits. Benefits are recorded when paid.

F. Operating Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. In addition, certain distribution processing, loan administration and management fees are charged directly to the participant's account and are included in administrative expenses.

3 Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee:

	2016	2015
Investments, At Fair Value		
Guarantee Accounts	$ 6,166	$ 5,795
Pooled Separate Accounts	$ 5,105,781	$ 5,795,752
Cash - Non-Interest Bearing	$ 1,453	$ 1,453
Investment Income (Loss)	$ 436,161	$ (41,913)

4 Tax Exempt Status

The IRS has determined and informed the Company by letter, on August 25, 2001, that the Plan and related trusts are designed in accordance with applicable sections of the IRS Code. The Plan has been amended since then and the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

5 Plan Termination

Although it has expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will still be 100% vested in their accounts and will receive full value thereof. The Plan is not covered under the Pension Benefit Guarantee Corporation (PBGC) termination insurance program.

6 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

7 Fair Value Measurements

FASB ASC 820-10-50, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements). The three levels of the fair value hierarchy under FASB ASC 820-10-50 are described as follows:

7 Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include -
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued at Net Asset Value (NAV) of shares held by the Plan at year end. Underlying assets are primarily investments in quoted prices, but the NAV of pooled separate accounts are not publicly quoted.

Guaranteed Interest Accounts: Valued at fair value based on the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments would result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Guaranteed Interest Accounts	$ -	$ -	$ 6,166	$ 6,166
Cash	1,453	-	-	1,453
Investments in Fair Value Hierarchy	1,453	-	6,166	7,619
Investments Measured at NAV	-	-	-	5,105,781
Investments at Fair Value	$ 1,453	$ -	$ 6,166	$ 5,113,400

7 Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Guaranteed Interest Accounts	$ -	$ -	$ 5,795	$ 5,795
Cash	1,453	-	-	1,453
Investments in Fair Value Hierarchy	1,453	-	5,795	7,248
Investments Measured at NAV	-	-	-	5,795,752
Investments at Fair Value	$ 1,453	$ -	$ 5,795	$ 5,803,000

In accordance with FASB ASC Subtopic 620-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2016 and 2015:

8 Accounting Changes

In May 2015, the FASB issued ASU 2015-07. The new standard excludes investments measured at net asset value, as a practical expedient for fair value, from the fair value hierarchy. Plans are required to reconcile the fair value hierarchy to the statement of net assets available for benefits by disclosing the amount of investments measured using the practical expedient. For nonpublic entities, the ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The guidance is to be applied retrospectively. Management has elected to adopt the change early.

In July 2015, the FASB issued ASU 2015-12.

8 Accounting Changes (Continued)

The new standard eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. The standard also simplifies the level of disaggregation of investments that are measured using fair value. The ASU is effective for fiscal years beginning after December 15, 2015. Management has elected to adopt the changes early.

9 Related Parties

John Hancock is the Trustee of the Plan, and is a party-in interest to the Plan due to the administrative fees it charges to the Plan and the investment options offered under their investments group.

United Retirement Plan Consultants is the third party administrator of the Plan, and is also a party-in interest to the Plan due to the administrative fees it charges to the Plan.
