1. Description of Plan

The following description of the Eric Mower and Associates, Inc. Tax-Deferred Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Eric Mower and Associates, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed the Administrative Committee of the American Association of Advertising Agencies Benefits, Inc. as trustee of the Plan. The Plan is part of the American Association of Advertising Retirement Fund for Member Agencies (the AAAA Fund). The AAAA Fund is organized as a 103-12 investment entity, as defined by 29 CFR-2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and is a party-in-interest to the Plan. The trustee holds the Plan's investment assets and executes investment transactions for the Plan.

The Chief Financial Officer (CFO) and Chief Human Resources Officer (CHRO) are responsible for the oversight of the plan. The CFO is presently a Trustee on the 4A's Retirement Fund for Member Agencies Committee which helps to determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may elect to contribute a portion of their compensation, subject to the maximum allowed by the Internal Revenue Service (IRS) and as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan permits participants to make Roth 401(k) contributions. In addition, each participant may elect to contribute up to 100% of any cash bonus attributable to services performed by the participant. The Plan also provides a matching contribution at the discretion of the Board of Directors equal to a uniform percentage of the participant salary deferrals and based on years of service. There was no employer matching contribution for the year ended December 31, 2016. Participants direct the investment of the contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contributions, if eligible, and (b) plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **Description of Plan** (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear an interest rate equal to 2% above the prime rate. All loans are required to be repaid within 5 years, unless the loan is used to purchase a principal residence, the term is extended to a reasonable time. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On retirement, disability, death or other terminations of service, a participant may elect to receive the value of his or her account as a lump-sum amount, in installments, in partial withdrawals, or to defer payment until a later date in compliance with regulations. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59 ½ prior to June 1, 2016. Effective June 1, 2016, the Plan was amended to allow in-service withdrawals when a participant attains age 55.

Forfeitures

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $87 and $3,594, respectively. These accounts are first used to pay administrative expenses, and remaining forfeitures are used to reduce any employer matching contributions. During 2016, forfeitures of approximately $4,300 were used to reduce administrative expenses.

2. **Summary of Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. **Summary of Accounting Policies** (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Accounting Policies (continued)

New Accounting Pronouncements

In May 2015, the FASB issued ASU 2015-07, *"Fair Value Measurement (Topic 890): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (of its Equivalent)"* which exempts investments measured using the net asset value (NAV) practical expedient in ASC 920, *"Fair Value Measurement"*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Accordingly, the amendment was retrospectively applied resulting in removal of investments reported at NAV from categorization in the fair value hierarchy in Note 3.

In July 2015, the FASB issued ASU 2015-12, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient."* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management elected to adopt Parts I and II early. The plan does not invest in fully benefit responsive investment contracts, therefore there was no impact of adopting Part I on the Plan. Part II eliminated the requirement to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type. Those disclosures were removed from these notes upon adoption of Part II of the standard. Part III is not applicable to this Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements (continued)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV of shares in each account held by the Plan at year end. The net asset value is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. **Fair Value Measurements** (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015, respectively.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
103-12 Investment Entity Mutual Funds	$ 30,797,205	$ -	$ -	$ 30,797,205
Investments measured at NAV (a)				1,309,394
				$ 32,106,599

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
103-12 Investment Entity Mutual Funds	$ 33,086,876	$ -	$ -	$ 33,086,876
Investments measured at NAV (a)				2,062,152
				$ 35,149,028

(a) In accordance with Subtopic 820-10 as amended by ASU No. 2015-07, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as of December 31, 2016 and 2015, respectively.

	December 31, 2016			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 1,309,394	n/a	Immediate	12 months

3. **Fair Value Measurements** (continued)

	December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 2,062,152	n/a	Immediate	12 months

For the years ended December 31, 2016 and 2015, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

4. **103-12 Investment Entity**

The Plan's interest in the assets of the AAAA Fund is included in the accompanying statements of net assets available for benefits. The AAAA Fund had 85 and 88 participating plan sponsors as of December 31, 2016 and 2015, respectively. As of December 31, 2016 and 2015, the Company had a 9.15% and 8.69% interest, respectively, in the AAAA 103-12 investment entity fund. Although the assets are commingled in the AAAA Fund, AAAA Fund maintains supporting records for the purpose of allocating the net gain of the investment accounts to the various participating plans based on the Plan's percentage of net assets of the AAAA Fund.

The Plan's interest in the 103-12 investment entity fund will fluctuate based on the investment elections made by the Plan's participants and the fair value of the investments held by the Plan's participants in relation to the fair value of all investments held by the 103-12 investment entity fund. A summary of the assets of the AAAA Fund as of December 31 is as follows:

	2016	2015
103-12 investment entity assets:		
Equity mutual funds	**$ 312,302,427**	$ 344,858,629
Common/collective trust funds	**38,737,598**	59,634,062
Accrued administration fee	**(90,451)**	(112,840)
	$ 350,949,574	$ 404,379,851

The AAAA Fund's investment appreciation allocated to the participating plans for the year ended December 31, 2016 was $13,992,691. In addition, the AAAA Fund's dividends and interest allocated to the participating plans for the year ended December 31, 2016 was $9,511,431. The Plan's share of the investment income is based on the investment income of the investments held by the Plan's participants.

5. Information Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the American Association of Advertising Agencies Benefits, Inc., the trustee of the plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31, 2016	December 31, 2015
Investments (at fair value)	$ 32,106,599	$ 35,149,028
Notes receivable from participants	$ 257,849	$ 290,993

The trustee also certified to the completeness and accuracy of $1,311,987 of net appreciation in fair value of investments and $944,036 of dividend income related to the aforementioned assets for the year ended December 31, 2016 and all items and amounts in the supplemental schedule and Notes 3, 4, and 5.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their employer contributions.

7. Related-Party Transactions and Party in Interest Transactions

The American Association of Advertising Agencies Benefits, Inc. is the trustee as defined by the Plan, and, therefore, administrative fees paid by the Plan qualify as party-in-interest transactions. Administrative fees paid by the Plan amounted to approximately $17,000 for the year ended December 31, 2016.

8. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

8. **Tax Status** (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. **Subsequent Events**

Subsequent events were evaluated through October 13, 2017, which was the date the financial statements were available to be issued.
