Because of the matter described in the basis for disclaimer of opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Financial Services, Inc., the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

NELSON WORLDWIDE, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Nelson Worldwide, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the amended and restated plan documents effective January 1, 2015 and November 1, 2016 and their respective summary plan descriptions for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established January 1, 1981, under Internal Revenue Code Section 401(k) that covers all eligible employees of Nelson Worldwide, Inc. and its subsidiaries (collectively, the "Company").

Contributions

The Plan covers all employees who have completed two months of service and are at least 21 years of age. Employees may be enrolled for salary deferral contributions on the first day of the new quarter following their initial two-month period of service. Effective November 1, 2016, employees may elect to contribute all or a portion of their salary deferrals as Roth contributions. Employees are eligible to share in employer matching contributions and profit sharing contributions upon enrollment as long as the employee is actively employed during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Upon enrollment in the Plan, participants may direct investments to their accounts among various fund investments. The investing objective of each fund has been made available to the participants.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Contributions (Continued)

The Plan is funded by participant and employer contributions. Eligible employees may elect to make contributions up to the maximum percentage of compensation allowable under the Internal Revenue Code (the "Code"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. In addition to the salary deferrals, the Company may make discretionary matching contributions (up to 4% of compensation) and profit sharing contributions. The matching contribution and profit sharing contribution, if any, is equal to a discretionary percentage determined annually by management. For the year ended December 31, 2016, the Company elected to make matching contributions of 25% of employee salary deferrals, which amounted to $263,418. For the year ended December 31, 2016, the Company made no profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's Company matching contribution and profit sharing contribution account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. If a participant becomes permanently disabled, or in the event of death, the participant becomes fully vested. Due to a 2009 partial plan termination, all terminated participants in 2009 became 100% vested in their plan balances.

Information as to investment options and benefit payments has been published and made available to all participants.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their Plan accounts up to a maximum of 50% of their vested account balance or $50,000, whichever is less. Generally, the maximum term of the loan may not exceed five years. However, if the loan is taken for the purchase of a principal residence, a longer repayment period is permitted. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application. Principal and interest are paid ratably through bi-weekly payroll deductions.

Administrative Expenses

Certain administrative expenses are paid by the Company without charge to the Plan.

Payments of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity based upon the value of the participant's interest in his or her account, or a lump-sum distribution. For termination of employment for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Under certain circumstances (such as a hardship), and with approval of the Company, a participant can elect at any time to receive a portion of his or her vested account balance subject to the provisions of the Plan. In-service withdrawals are permitted once a participant has attained age 59½.

Forfeitures

Forfeitures of non-vested accounts are used to reduce employer contributions or to pay Plan expenses. For the year ended December 31, 2016, forfeitures of $1,884 were used to pay for a portion of the Plan expenses. Forfeited nonvested accounts at December31, 2016 and 2015 totaled $321 and $868, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of the fully benefit-responsive investment contract, which is valued at contract value as described in Note 5.

Investment income in any year includes unrealized and realized gains and losses on investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - UNAUDITED INFORMATION

Nationwide Financial Services, Inc. (custodian) ("Nationwide") holds the Plan's investment assets as of December 31, 2016 and 2015. Financial information relating to those assets is included in the accompanying financial statements based on information provided by Nationwide. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2016 and 2015 and investment income for the year ended December 31, 2016. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

Investments at fair value at December 31, 2016:

Description	**Total**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	**$13,771,691**	**$ 13,771,691**	**$ -**	**$ -**

Investments at fair value at December 31, 2015:

Description	Total	Level 1	Level 2	Level 3
Mutual funds	$11,695,813	$ 11,695,813	$ -	$ -

With respect to the investments in the above table, at December 31, 2015, these assets were previously characterized as pooled separate accounts within level 2 of the fair value hierarchy. The investments have been restated to properly classify them as mutual funds. The related disclosures and fair value hierarchy table have been adjusted accordingly. There was no impact to any amounts on the financial statements as a result of this restatement.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a benefit-responsive investment contract with Nationwide, which maintains the contributions in a general account. The contract meets the fully benefit-responsive investment contract criteria and is therefore included in the financial statements at contract value as reported to the Plan by Nationwide. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Plan's investment contract does not specify certain conditions under which distributions from the contract would be payable below contract value. The terms and methods under which the contract may transact are defined in the contract. The contract does not specify the circumstances under which the issuer may terminate the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include certain mutual funds and a guaranteed investment contract managed by Nationwide. Nationwide is the Plan's custodian and, therefore, transactions with such investments qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 31, 2014, that the volume submitter plan is acceptable under the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the volume submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

During the period from April 2017 to October 5, 2017, approximately $7,362,000 was rolled over or transferred into this Plan from other plans as a result of business acquisitions made by the Plan sponsor.

Subsequent events have been evaluated through October 16, 2017, which is the date the financial statements were available to be issued.
