## SUPERIOR AIR-GROUND AMBULANCE SERVICE, INC.
## PROFIT SHARING 401(k) PLAN

## NOTES TO THE FINANCIAL STATEMENTS

## NOTE 1 - DESCRIPTION OF PLAN

The following description of the Superior Air-Ground Ambulance Service, Inc. Profit Sharing 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering all full-time employees of Superior Air-Ground Ambulance Service, Inc. (the "Company") who have completed 60 days of eligible service and are age eighteen or older. The Plan also covers all part-time employees of the Company who have worked 1,000 hours in a twelve month period, completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. The Plan also allows for participants to utilize a Roth 401(k) option to contribute a percentage of their annual compensation on an after-tax basis. Participants may also contribute amounts representing rollover contributions or distributions from other tax-qualified plans. The Company, at its own discretion, may make an additional contribution based on a percentage of the employee's "salary reduction". During 2016, the Company contributed 25% of the first 6% of base compensation that a participant contributed to the Plan. During 2016, there were $2,645,595 in participants' contributions and $727,108 in employer's contributions to this Plan. The Plan is required to make non-matching contributions to participants covered by a contract with the City of Elwood. These participants are subject to classification according to the contract and received non-matching contributions totaling $219,216 during 2016 and are included in the employer's contribution total above. Additional non-matching amounts may be contributed by the Company at their discretion. During 2016, the Company decided not to make an additional non-matching discretionary contribution. Contributions are subject to certain limitations.

**Participant Accounts** - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, if any, (b) the Plan earnings, and (c) the forfeitures of terminated participants' non-vested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching, non-matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after five years of credited service.

## NOTES TO THE FINANCIAL STATEMENTS

## NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

**Expenses** – During the year, the Company absorbed significant Plan expenses, including the Plan audit fee and other related expenses. Administrative expenses paid to Principal Financial Group are from Plan assets. These fees totaled $74,033 in 2016. The fees were based on the asset values in each fund and participant transaction fees.

**Payment of Benefits** - Upon termination of service, death or permanent disability, a participant will receive a distribution equal to the value of his or her account in the form of a lump sum payment.

**Investment Options** - Self-directed funds shall be permitted by participants with their salary reduction, matching, non-matching and discretionary contribution dollars. Participants may change their investment options at any time through Principal Financial Group's on-line account access. The investment options consist of registered investment companies, common/collective trusts and general insurance company funds at Principal Financial Group.

**Participant Notes Receivable** - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Loan terms range from 1-5 years or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime rate at the inception of the loan for the life of the loan. Principal and interest is paid ratably through monthly payroll deductions.

**Forfeited Accounts** - At December 31, 2016 and 2015, forfeited non-vested accounts totaled $20,413 and $20,601, respectively. These amounts will be used to reduce future employer contributions or pay administrative expenses. For the year ended December 31, 2016, there was $33,813 forfeited by Plan participants, $21,853 was used to reduce employer contributions and $14,466 was used for administrative expenses. The forfeiture account earned $2,318 of investment income during the year.

## NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

**Basis of Accounting** - The financial statements of the Plan are prepared under the accrual basis method of accounting.

**Investments** - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

## NOTES TO THE FINANCIAL STATEMENTS

## NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

**Contributions** - Each participant's individual contributions are recorded when deducted from the employee's paycheck by the Company.

**Payment of Benefits** - Benefits are recorded when paid.

**Estimates** - The preparation of the financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Subsequent Events** – Management has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

**Investment Valuation and Income Recognition** – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

## NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarch under Topic 820 are described as follows:

## NOTES TO THE FINANCIAL STATEMENTS

## NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly such as:<br>• Quoted prices for similar assets or liabilities in active markets;<br>• Quoted prices for identical or similar assets or liabilities in inactive markets;<br>• Inputs other than quoted prices that are observable for the asset or liability;<br>• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

Following is a description of the valuation methodologies used for assets measured at fair value.

*Registered Investment Companies and Common/Collective Trusts* - Valued at the daily closing price as reported by the fund. The pooled separate accounts consist of mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds are deemed to be actively traded, but include adjustments for certain risks that may not be observable, such as credit and liquidity risks.

*Insurance Company General* - Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

## NOTES TO THE FINANCIAL STATEMENTS

## NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

There have been no changes in the methodologies used at December 31, 2016 and 2015.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract with Principal Financial Group. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Principal Financial Group maintains the contributions in a general account. With traditional investment contracts, the Plan owns only the contract itself and are designed to accrue interest based on credit rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The credit rate is based on a formula established by the contract issuer but may not be less than 2 percent. The credit rate is reviewed on a monthly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) An uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreements without the consent of the issuer.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

### NOTE 7 – PARTIES IN INTEREST

The Plan entered into various transactions with parties-in-interest during the year ended December 31, 2016 as follows:

| Party-in-interest | Description of Transactions | Amount |
|---|---|---|
| Principal Financial Group | Plan Custodian and Investment Manager | Investment management and administrative fees of $74,033 for the 2016 plan year. |
| Superior Air-Ground Ambulance Service, Inc. | Plan Sponsor | Contributions made of $727,108 for the 2016 plan year. |

### NOTE 8 - TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. As of October 1, 2012, the Plan was restated in its entirety. The Plan is designed after a Prototype Non-Standardized Profit Sharing Plan with CODA. In no event did this restatement reduce benefits or lessen the rights of any employee with respect to the benefits accrued prior to the date of the Plan restatement. The Plan sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Trustees of the Plan will make any changes deemed necessary to ensure that the Plan is granted tax-exempt status.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 8 - TAX STATUS (CONTINUTED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan was audited for the year ended December 31, 2008. The audit has since been completed and a final approval letter was issued by the IRS, with no changes made. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

### NOTE 9 – MISSED AUTOMATIC ENROLLMENT

During 2016, the Company failed to automatically enroll eligible participants whom had not otherwise declined enrollment in the Plan. The missed auto enrollment affected 15 participants and totaled $783 and $3 in employer match and earnings on the match, respectively. The Company is proceeding with a voluntary correction as a result of the missed match.

### NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

### NOTE 11 – EXCESS CONTRIBUTIONS PAYABLE

The Plan is required by law to have statutory compliance testing completed each year. The Plan may be required to refund excess contributions disallowed as a result of this testing. At December 31, 2016 and 2015, the Plan had $0 and $0, respectively, of excess contributions payable to Plan participants. These payments are required to be paid within two and one half months of the end of the Plan year. If the payments are made subsequent to this date, they become subject to a 10% excise tax.
