1. Description of Plan

The following brief description of the Succession Capital, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Succession Capital, Inc. (the "Company") and Floor Solutions, LLC, Kitchen Kaboodle II, Inc., United Fastener Inc., HJ Sherman Company, Inc., Executive Facilities, LLC, Jewelpop International, Inc. Left Hand Studios, LLC, Maverick Express, Inc. Maverick Leasing Express, Inc. Wine Valley Siding Supply, Inc., Intermountain Total Facility Services, LLC, (the "Participating Employer(s)") who have one (1) year of service and are age 21 or older. The Plan is subject to the provisions of ERISA. The effective date of the Plan is January 1, 2016.

Effective January 1, 2016, the Floor Solutions LLC 401(k) Plan, the HJ Sherman Co., Inc. Profit Sharing Plan, the Kitchen Kaboodle II 401(k) Retirement Plan, and the United Faster, Inc. 401(k) Profit Sharing Plan merged with the Succession Capital, Inc. 401(k) Plan. The net assets of the merged plans are included in the Statement of Net Assets Available for Benefits.

Effective August 1, 2016, North American Shoe Company is a Participating Employer.

Contributions

Each year, participants may contribute up to 100% percent of pretax annual or after-tax compensation, as defined in the Plan, not to exceed the limited permitted under the Internal Revenue Service ("IRS") regulations each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Company's contribution to the plan is discretionary. For the period ended January 1, 2016 (inception) to December 31, 2016, no employer contribution was made. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitles is the benefit that can be provided from the participant's vested account.

Rollovers

Rollover contributions are permitted into the Plan in accordance with IRS regulations and plan provisions. Employees may rollover eligible amounts from other qualified plans to the Plan except for rollovers of certain designated Roth contributions.

Vesting

Participants are 100% vested in their Elective Contribution, Qualified Nonelective Employer Contribution and Roth Contribution Account(s) at all times. The Nonelective Employer Contribution and Matching Contribution Accounts of a Participant shall vest as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the plan administrator, and are generally payable in installments over periods ranging from one to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be longer). Principal and interest is paid ratably through monthly payroll deductions. A loan that is considered in default is reported as a deemed distribution which may be a taxable event for the participant.

Due to Participating Employers

For the year ended December 31, 2016, an employer contribution to the Plan was made because of a *mistake of fact*. These amounts were returned to the respective Participating Employers in 2017. Because it qualifies as a *mistake of fact* this transaction is not a prohibited transaction under ERISA.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account,

or annual installments over a periodic basis. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Recently Enacted Accounting Standards

Effective for plan period ended January 1, 2016 (inception) to December 31, 2016, the Plan adopted the guidance issued by the Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-12 Plan Accounting: Defined Contribution Pension Plans (Topic 962) and 2015-07 Disclosure for Investments in Certain Entities That Calculate NAV.

The amendment 2015-12 removes the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and removes the requirement to disclose the net appreciation or depreciation for investments by general type. The net appreciation (depreciation) is presented in the aggregate. In addition, the amendment now requires that all investments should be disaggregated based only on general type, eliminating the need to further disaggregate the investments in accordance with Fair Value Measurements (Topic 820).

Under the amendment 2015-07, investments in entities for which fair value is calculated using the net asset value (NAV) are no longer required to categorize within the fair value hierarchy those investments that use NAV as a practical expedient, although there must be a reconciliation of the fair value hierarchy to amounts presented in the statement of net assets available for benefits.

The Board issued these ASUs to simplify and make more effective the investment disclosure requirements for employee benefit plans. The Plan has reflected the effects of these amendments as of December 31, 2016 and for the year then ended.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the

measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisor, and Principal. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016.

Payment of Benefits

Benefit are recorded when paid.

Expenses

Administrative expenses of $17,610 was paid by the plan for the period ended December 31, 2016. Other expenses of the Plan are paid directly by the Company or by the Plan at the election of the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through October 16, 2017, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds:

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Group Annuity Contracts:

Group Annuity contracts are not traded on an open market and public prices are not available, and therefore fair value calculations need to be determined based on unobservable inputs that reflect the plan's own assumptions about how the market would price the asset (assuming it could be sold), based on the best information available in the circumstances.

Collective Trust Funds:

Collective trust funds are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts:

Pooled separate accounts (PSA) are investment vehicles established and maintained by an insurance company that may only be accessed through the purchase of an insurance contract such as a group annuity. A separate account is not a separate legal entity; it is part of the insurance company that established it. PSA net asset values (NAV) are computed daily and available on Principal's website. All redemptions of PSAs are at that day's computed NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 600,236	$ -	$ -	$ 600,236

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the period ended January 1, 2016 (inception) to December 31, 2016 there were no significant transfers in or out of levels 1, 2 or 3.

4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions.

5. Investments – Information Prepared and Certified by Principal as Complete and Accurate

	2016
Investments at fair value	$ 3,972,597
Net appreciation in fair value of investments	$ 464,758
Dividend and interest income	$ 11,543

Notes receivable from participants of $27,246 in 2016, and interest income on notes receivable from participants of $1,513 in 2016 have also been certified by the Trustee.

6. Tax Status

On March 31, 2014, the IRS stated that the prototype (volume submitter) adopted by the plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401 (a). The plan has not received a determination letter specified to the plan itself; however, the plan administrators (and the plan's tax counsel) believe that the plan was designed and was being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party and Party-in-Interest Transactions

Plan investments that are shares of mutual funds and common trust funds managed by Principal would qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Prohibited Transaction – Participants' Contributions Remittances

In accordance with the Department of Labor's Regulation 2510.3102, an employer is required to segregate participants' contributions from its general assets as soon as practical, but in no event more than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages for a pension benefit plan such as the 401 (k) Plan. The Employer failed to remit participants' contributions withheld in several months during the period ended January 1, 2016 (inception) to December 31, 2016. The Employer has agreed to absorb any costs incurred by the Plan as a result of the untimely remittance of the participants' accounts.
