NOTE A - DESCRIPTION OF PLAN

The following description of the Phoenix Packaging Operations, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, a 401(k) defined contribution plan, was originally adopted in 2010, and is intended to provide participants with future retirement benefits for those who meet the eligibility requirements as defined by the Plan. The Plan covers substantially all employees of Phoenix Packaging Operations, LLC (the "Company") who have attained the age of 21, and have completed two months of service. Participants must work 1,000 to earn a year of credited service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2016, the Plan switched trustees and record keepers. The Plan transferred 100% of its net assets available for benefits from John Hancock Life Insurance Company to its new trustee, Reliance Trust Company. The Plan has signed on with Automated Data Processing, Inc. ("ADP") for record keeping services and has adopted one its prototype plans and the Plan Document.

The Plan includes automatic enrollment for employees once they meet the eligibility requirements. The automatic deferral election is 3.00% for participants who do not formally enroll in the Plan, and opt out of participating.

Plan administration

An administrative committee appointed by Phoenix Packaging Operations, LLC, as Plan Sponsor, administers the Plan. The Plan's assets are currently maintained and managed by Reliance Trust Company as trustee, and utilizes ADP for record keeping services.

Contributions

Participants in the plan may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, up to established Internal Revenue Code ("IRC") maximum amounts. Participants are also allowed to contribute amounts representing distributions allowed to contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have obtained the age of 50 are eligible for catch-up contributions. Lastly, participants are allowed to make Roth contributions.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Contributions, continued

Effective February 1, 2015, the board, at its discretion, discontinued employer matching contributions. Prior to February 1, 2015 the employer discretionary was 100% of the employee's first 3.00% of deferrals and 50% of the employee's next 2.00% of deferrals, for a total maximum employer match of 4.00%.

Forfeitures

Forfeitures can be used to reduce employer contributions or to pay Plan expenses. As of December 31, 2016 and 2015, there were \$70,491 and \$58,730, respectively, in forfeitures available to reduce future employer contributions and pay Plans expenses. No forfeitures were used during the years ended December 31, 2016 or 2015.

Participant accounts

Each participant's account is credited with the participant's contribution, including rollover contributions, and allocations of (a) the employer's contribution, and (b) Plan earnings, and charged with in-service distributions (as applicable) and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, including rollover contributions, plus actual earnings thereon. Participants become 100% vested in employer contributions and earnings thereon after three years of credited service. Prior to that time, participants are 0% vested in employer contributions and earnings.

Additionally, participants become 100% vested in their account balance, including employer contributions, upon death or permanent disability.

Payment of benefits

Termination - Upon termination of service, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his account.

In-service - Participants may request in-service distributions upon attaining the age of 59 1/2. In-service distributions can only be made from accounts in which the participant is 100% vested. Participants may also request hardship distributions, providing the distribution meets certain conditions and specified in the Plan Document.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Payment of benefits, continued

Death and permanent disability - Participants are eligible to receive a lump-sum distribution immediately upon death or permanent disability.

Additionally, the employer may initiate an involuntary automatic rollover distribution for any participant, who upon termination, has a vested balance under \$5,000.

Normal retirement

A participant is entitled to a benefit at the date of actual retirement and attainment of age 65, as defined, equal to 100% of the balance in the respective participant's account as of the date of distribution. Until a participant actually retires from the employer, the retirement benefit is not to be paid and the participant continues to be treated in all respects as a participant.

Notes receivable from participants

Notes receivable represent loans made to participants. Participants may borrow from their fund accounts (minimum of \$1,000) up to a maximum amount equal to the lesser of 50% of their vested balance or \$50,000, reduced by any outstanding loan balances. Loan term may generally not be longer than five years. At issuance, the loans bear interest at the prime rate, plus 1%. The loans are secured by the balance in the participant's account. Principal and interest is repaid ratably through payroll deductions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of the plan termination, participants become 100% vested in their account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The Plan presents in the statements of changes in net assets available

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Basis of accounting, continued

for benefits, the net appreciation (depreciation) in the fair value of its investments and consists of the realized gains and losses and the unrealized appreciation (depreciation) of those investments.

Use of estimates

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. These principles require the Company to make estimates that affect the reported amounts of net assets available for benefits and reported amounts of changes in net assets available for benefits during the reporting period, such as those regarding fair value. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Investment income is recognized when earned. Such amounts are reinvested and become part of the Plan's investment portfolio. Dividend income is recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded as deductions from net assets available for benefits when paid.

Administrative expenses

Certain expenses of administering the Plan are paid by the Company.

NOTE C - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is likely that changes in the value of investment securities will occur in the near term, and there is a reasonable possibility that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

As of December 31, 2016 and 2015, the Plan's investments were held by Reliance Trust Company and John Hancock Life Insurance Company, respectively as the Plan's trustee/custodian. The following is a summary of the Plan's financial information that is included in the financial statements and supplementary schedule in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA, and has been certified by the custodian as complete and accurate.

	<u>2016</u>	<u>2015</u>

NOTE E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- * Quoted prices for similar assets or liabilities in active markets
- * Quoted prices for identical or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means

NOTES TO THE FINANCIAL STATEMENTS

Page 10 of 14

NOTE E - FAIR VALUE MEASUREMENTS, CONTINUED

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual and Money Funds - These investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective Trusts - These investments are valued at the NAV as a practical expedient. The NAV is set at \$1/unit.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. The Plan had no financial liabilities as of December 31, 2016 and 2015.

NOTE F - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE G - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual and money market funds managed by the trustee/custodian, and therefore, these transactions qualify as party-in-interest transactions.
