The Company will contribute a matching contribution up to 6% of a participant’s compensation based on the participant’s length of service. In addition, the Company may contribute a discretionary contribution based on either a fixed amount or a formula. Contributions are subject to certain Internal Revenue (IRS) limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan after meeting the eligibility requirement at January 1, April 1, July 1 or October 1 of each plan year unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Participant accounts: Each participant’s account is credited with the participant’s contribution and the Company’s matching contribution and allocations of (a) any company discretionary contributions and (b) the Plan earnings, and charged with an allocation of losses and administrative expenses. Allocations are based on participant earnings or account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested after attaining age 65, becoming disabled, deceased or after two years of credited service. The following is the vesting schedule for years of continuous service:

Years of Continuous Service	Percentage
Less than 2	0%
2 or more	100%

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service due to death, disability or other reasons, a participant or designated beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or an annuity if the vested account balance exceeds $1,000. If the vested account balance does not exceed $1,000, a participant will receive a lump-sum amount as soon as administratively feasible. Upon termination of service due to retirement, a participant may elect to receive a lump-sum amount or an annuity if the vested account balance exceeds $5,000. If the vested account balance does not exceed $5,000 upon retirement, a lump-sum distribution will occur as soon as administratively feasible. A participant may also receive a distribution upon attaining age 59½ or in the event of financial hardship, as defined by the Plan.

Forfeitures: Non-vested portions of terminated participants' balances are used to reduce Company's matching contributions. Forfeited non-vested accounts totaled $1,447 and $100,368 at December 31, 2016 and 2015, respectively. During 2016, $127,509 was used to reduce employer matching contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 4.25% to 6.75% on loans outstanding at December 31, 2016 and mature through 2030. Principal and interest are paid ratably through monthly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Company management determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans from participants are recorded as distributions based upon the terms of the Plan agreement.

Contributions: Contributions from Plan participants and matching contributions from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefit payments are recorded when paid.

Expenses: Certain administrative expenses are paid directly by the Company and are excluded from the financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after January 1, 2017) through October 16, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified by EMJAY Corporation (Trustee)

The following is a summary of the Plan's asset information as of December 30, 2016 and 2015, and for the period ended December 30, 2016, included throughout the Plan's financial statements, that were prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements related to the following assets:

	December 30, 2016	December 31, 2015
Investments at fair value:		
Common collective trust	$ -	$ 4,948,795
Registered investment companies	-	32,789,177
	$ -	$ 37,737,972
Notes receivable from participants	$ -	$ 1,394,194

On December 30, 2016, investments in registered investment companies in the amount of $36,460,859 were liquidated and placed in a non-interest bearing cash account, and an in-kind transfer of the common collective trust fund in the amount of $5,385,437 was initiated, all to be transferred to the new plan on January 3, 2017. Given that these assets were in transit as of December 31, 2016, EMJAY Corporation has not certified the custody of said assets, including notes receivable from participants of $1,768,733. See discussion of the plan merger in Note 9.

Note 3. Information Certified by EMJAY Corporation (Trustee) (Continued)

EMJAY Corporation certified to the completeness and accuracy of $1,377,758 of net appreciation in fair value of investments, $1,112,491 of dividend and interest income related to the aforementioned Plan assets, and $54,850 of interest income on notes receivable from participants, for the year ended December 31, 2016.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of the common collective trust. The net asset value is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				5,385,437
Investments at fair value				$ 5,385,437

	Assets at Fair Value as of December 31, 2015			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 32,789,177	$ -	$ -	$ 32,789,177
Investments measured at NAV (a)				4,948,795
Investments at fair value				$ 37,737,972

(a) In accordance with Subtopic 820-10 as amended by Accounting Standards Update (ASU) 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) practical expedient as of December 31, 2016 and 2015.

	Fair Value December 31, 2017		Unfunded	Redemption	Redemption Notice
Investment	2016	2015	Commitment	Frequency	Period
Common collective trust fund:					
Wells Fargo Stable Return Fund M (a)	$ 5,385,437	$ 4,948,795	None	Daily	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Parties-in-Interest Transactions

CapFinancial Partners, LLC is the investment advisor of the Plan; therefore, transactions with the investment advisor qualify as party-in-interest transactions. Fees paid by the Plan to the investment advisor totaled $29,980 for the year ended December 31, 2016. The Company also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

Effective July 1, 2015, the Plan adopted a non-standardized form of a prototype plan sponsored by EMJAY Corporation. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
