RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - DESCRIPTION OF PLAN

The Atkore International Retirement Savings and Investment Plan (the "Plan") is sponsored by Atkore International, Inc. ("Plan Sponsor" or "Atkore"). The Plan has been restated as of January 1, 2013, and was most recently amended effective September 1, 2016.

The Plan was established January 1, 1985 by Carlisle Plastics Inc. and was called the "Carlisle Plastics, Inc. 401(k) Retirement Plan." Effective January 1, 1997, the Plan was renamed the "Tyco International (US) Inc. Retirement Savings and Investment Plan IV" and ultimately renamed the "Tyco International Retirement Savings and Investment Plan IV" effective January 1, 2009. Effective December 22, 2010, as part of the sale of the Tyco Electrical and Metal Products ("TEMP"), a business segment of Tyco International Ltd., to Atkore, sponsorship of the Plan was transferred from Tyco International Management Company to Atkore. The name of the Plan was changed to "Atkore International Retirement Savings and Investment Plan" effective January 1, 2011.

General: The Plan is a defined contribution plan and is available to certain salaried and hourly employees of Atkore. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended (the "Code"). Selected Plan provisions are described below. Participants should refer to the Plan document and summary plan description for more complete information regarding the terms of the Plan.

Eligibility: Plan participants generally must be at least eighteen years old. Certain employees are required to attain age twenty-one and/or to complete a service requirement before becoming eligible to participate in the Plan, as outlined in the applicable supplement to the Plan document.

Contributions: Contributions are subject to Code limitations. Contributions to the Plan are funded on a per pay period basis.

Participants' contributions - Participants may contribute a percentage of their eligible compensation up to a specified amount. During 2016, the following contribution limits applied: (i) non-highly compensated employees were permitted to contribute up to 35% of eligible compensation on a combined before-tax and/or after-tax basis, and (ii) highly-compensated employees were permitted to contribute up to 13% of eligible compensation on a before-tax basis and up to an additional 7% on an after-tax basis, unless otherwise specified in an applicable supplement to the Plan document. Certain participants that have completed ten years or more of service may elect to make supplemental contributions to the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan, unless otherwise specified in an applicable supplement to the Plan document. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants age 50 and over can make catch-up contributions subject to certain limitations.

Employer contributions - Certain participant contributions are eligible to receive matching contributions. The level of matching contributions varies for each participating employer in the Plan. Certain participants are eligible to receive special profit sharing contributions as described in the applicable supplement to the plan document.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with the participant's deferral contributions, employer contributions, and an allocation of earnings or losses, and is charged with participant fees, as applicable. Participants are entitled to the benefit in their respective accounts, to the extent vested.

Vesting: Participants are immediately vested in any contributions they make to the Plan plus actual earnings thereon. Vesting with respect to employer matching contributions, and any associated earnings thereon, is based on a participant's years of vesting service. Participants who complete one hour of service on or after January 1, 2012, generally are immediately vested in employer matching contributions. Prior to January 1, 2012, participants generally were fully vested following completion of three years of vesting service (five years of vesting service prior to January 1, 2002). However, participants from a former employer's plan that was merged into the Plan could continue to vest in accordance with the former plan's vesting schedule. Vesting provisions for certain collectively bargained employees varies with respect to employer contributions made to the Plan on their behalf, as described in the applicable supplement to the Plan.

Forfeitures: Upon termination of employment for reasons other than a distributable event, nonvested contributions and related investment earnings are forfeited. Such forfeitures may be used to pay Plan expenses or to offset future employer contributions under the Plan. As of December 31, 2016 and 2015, forfeited nonvested accounts totaled \$171,287 and \$162,760, respectively.

Investment Options: Plan participants are able to direct the investment of their Plan holdings (employer and employee contributions) into various investment options offered under the Plan which are valued on a daily basis. Participants solely bear the risk of loss associated with the investment securities in which they are invested pursuant to ERISA section 404(c).

Notes Receivable from Participants: Participants are allowed to borrow from their Plan accounts. The minimum amount that a participant may borrow is \$1,000. The maximum amount that a participant may borrow is the lesser of: (i) 50% of the participant's vested account balance; or (ii) \$50,000 less the highest loan balance outstanding in the previous twelve months. Participants are allowed to have two loans outstanding at a time. Loans are adequately secured by the participant's account balance and bear a reasonable interest rate. Loans must be repaid through payroll deductions and upon termination of service all loans must be repaid in full.

Payment of Benefits: Upon termination of employment for any reason (e.g., resignation, death, disability or retirement), a participant (or his or her beneficiary in the case of the participant's death) may elect to receive either a lump sum distribution equal to the participant's vested interest in his or her account or to rollover his or her vested account to another qualified retirement plan or IRA. Certain Plan participants may be eligible to elect to have an annuity purchased by the Plan with the vested interest in the participant's account, in accordance with the terms of the Plan document. A participant may elect to receive in-service withdrawals from his or her vested account balance upon attainment of age 59½ or prior to attainment of age 59½ from certain portions of his or her account, as defined, during employment, disability, temporary layoff, or approved leave of absence. Under certain conditions participants may elect to receive a hardship distribution.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative Expenses: Expenses for participant loans, Qualified Domestic Relations Order (QDRO) processing fees and hardship withdrawal fees are paid by the participant by reducing such participant's account balance. Other expenses, generally including communications, legal, trustee, consulting and audit fees and expenses incurred in the administration of the Plan, are paid by the Plan Sponsor and its affiliated employers and/or offset against Plan forfeitures. Certain investment and recordkeeping fees are offset against investment income.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of the Plan and ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Transfers from Other Plan: Effective September 1, 2016, American Pipe & Plastics, Inc. 401(k) Profit Sharing Plan was merged into the Plan. As a result of the merger, assets of \$1,131,836 were transferred into the Plan during 2016.

Effective September 1, 2016, Flexhead Industries, Inc. 401(k) Profit Sharing Plan was merged into the Plan. As a result of the merger, assets of \$556,153 were transferred into the Plan during 2016.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivables from Participants: Notes receivables from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments are reported at estimated fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Registered investment companies are valued by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable value collective trusts are valued based upon the net asset values of such fund, as reported by the fund manager. The fund invests in a variety of fixed income securities and enters into wrapper contracts with third parties. The fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below.

		Fair Value Measurements at December 31, 2016 Using

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- * Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

Benefit Payments: Benefit payments to participants are recorded when distributed.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - INCOME TAX STATUS

The Plan obtained its latest determination letter on November 3, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 - PARTIES-IN INTEREST TRANSACTIONS

Certain investments of the Plan at December 31, 2016 and 2015 were invested in registered investment companies and a stable value collective trust managed by Fidelity Investments and Fidelity Management Trust Company, respectively, for which Fidelity Management & Research Company ("FMR Co.") provided investment advisory services. FMR Co. is an affiliate of both Fidelity Management Trust Company, the trustee of the Plan, and Fidelity Investments Institutional Operations Company, Inc., record keeper of the Plan. Expenses of \$189,281 for the year ended December 31, 2016 were paid by the Plan to FMR Co. and other service providers. These transactions and investments, as well as notes receivable from participants, qualify as "party-in-interest" transactions, as "party-in-interest" is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.
