Revman International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Revman International, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for complete information.

(a) General

The Plan, sponsored by Revman International, Inc. (the "Company"), is a safe harbor plan. Under the terms of the Plan, an employee who is 21 years of age is eligible for participation in the Plan after completing three months of service. Entry into the Plan is permitted on the first day of January, April, July and October of the Plan year. Any participant who meets these eligibility requirements and is employed on the last day of the Plan year is eligible for any discretionary profit sharing contributions made by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

All newly hired eligible employees are automatically enrolled in the Plan at a pre-tax contribution rate of 3 percent of eligible compensation unless the employee affirmatively elects not to participate in the Plan or elects to participate at a different rate. Effective June 20, 2016, all newly hired eligible employees are automatically enrolled in the Plan at a pre-tax contribution rate of 5 percent eligible compensation unless the employee affirmatively elects not to participate in the Plan or elects to participate at a different rate. Prior to being automatically enrolled in the Plan, each newly hired eligible employee is provided a notice of the Plan's automatic enrollment provisions and is given 30 days, prior to becoming eligible, to opt out of the Plan participation. All participants, including those who are automatically enrolled, may change or suspend their level of Plan contributions on the first day of each month.

(b) Contributions

Participants may make salary deferral contributions to the Plan up to twenty percent (20 percent) of compensation subject to the statutory maximum allowed by the Internal Revenue Code ("IRC"). Participants who have attained the age of 50 or will attain the age of 50 before the last day of the Plan year may defer additional catch-up contributions subject to the limit imposed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company matches 100 percent of the first 3 percent of base compensation that a participant contributed to the Plan and, in addition, matches 50 percent on contributions exceeding 3 percent up to 5 percent of compensation contributed to the Plan (the "Company-matching contribution"). The Company may make an additional discretionary profit sharing contribution to the Plan as determined by the Company's management. For the years ended December 31, 2016 and 2015, the Company made no profit sharing contributions to the Plan.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and charged with withdrawals and loan fees, if any, and allocations of Plan losses. Allocations are based on participant earnings, deferrals or account balances, as defined. Profit sharing contributions are allocated to participants based on the ratio that a participant's compensation for the Plan year bears to compensation for that Plan year of all participants entitled to share in that contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Revman International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

(d) Vesting

All participants are immediately vested in their contributions and Company contributions plus earnings thereon.

(e) Investment Options

The Plan's assets are held by Bank of America, N.A. ("Trustee"), which provides investment management, trustee and recordkeeping services for the Plan. Participants may direct their accounts into any investment options offered by the self-directed brokerage program.

(f) Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Loan terms range from one to five years and may be for a longer term when used for the purchase of a primary residence. The loans are secured by the participant's account balance and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator at the time of the loan. Principal and interest are paid ratably through payroll deductions. Notes receivable are recorded at their outstanding balances plus unpaid accrued interest.

(g) Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount or other options (as defined in the Plan agreement) equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or may transfer it to another qualified plan or individual retirement account.

(h) Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to reduce employer contributions, then any remaining forfeitures shall be used to offset the Plan's administrative expenses. At December 31, 2016 and 2015, forfeited balances were \$1,261 and \$3,423, respectively.

During the years ended December 31, 2016 and 2015, employer contributions were reduced by approximately \$-0- and \$11,000, respectively, from forfeited non-vested accounts.

(i) Administrative Expenses

The administrative expenses of the Plan are paid by either the Plan or the Company, as provided by the Plan document. For the years ended December 31, 2016 and 2015, participant loan origination and related maintenance fees were paid by the respective Plan participant. All other expenses of administering the Plan were paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Revman International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments brought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation/depreciation in fair market value of investments for such investments.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain prior year balances have been reclassified to conform to the current year financial statement presentation. The reclassifications had no effect on the change in net assets for the year.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. The Plan administrator has obtained certification from the Trustee that such information is complete and accurate.

4. Fair Value Measurements

The Plan follows Accounting Standards Codification ("ASC") 820, "Fair Value Measurement," which defines fair value, establishes a framework for measuring fair value and expands the disclosures about fair value measurements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Mutual Funds

The mutual funds are valued using quoted prices on national securities exchanges.

Certificate of Deposit

The certificate of deposit is valued at the principal plus return based on the average close price of the underlying index.

Self-Directed Brokerage Investments

The self-directed brokerage investments consist of common stock actively traded on a public exchange.

Revman International, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables, set forth by level, within the fair value hierarchy, summarize investment assets measured at fair value at December 31, 2016 and 2015, respectively:

December 31, 2016

5. Tax Status

The Plan is based on a non-standardized prototype document of the Trustee of the Plan, which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the prototype document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator does not believe there are any uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions. As part of an IRS examination of the Plan year ended December 31, 2014, the IRS has concluded that no change is necessary for the Plan year.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be entitled to distributions in accordance with the Plan's provisions.

7. Risks and Uncertainties

The Plan provides for various investment instrument options. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

8. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by an affiliate of the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

9. Subsequent Events

Plan management has evaluated all transactions and events that occurred after December 31, 2016 through October 16, 2017, the date the financial statements were available to be issued, and has noted that the Plan's assets are held by Cuna Mutual Group (the "Trustee") effective May 1, 2017, which now provides investment management, trustee and recordkeeping services for the Plan. Plan management concluded that there are no other subsequent events for disclosure.
