NOTE 1. DESCRIPTION OF PLAN

The following description of the Pacific Hotel Management, LLC 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was originally effective July 1, 1999. The Plan was amended and restated in July 2012 and an adoption agreement was executed with Great-West Life & Annuity Insurance Company, who changed its name to Empower Retirement in February 2015, and is the current custodian of the Plan.

General: The Plan is a defined contribution plan available to all employees of Pacific Hotel Management, LLC, and certain affiliated companies (the Company or Employer) who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Eligibility for participation in the Plan requires that all participants must have attained 21 years of age and have completed six months of service. All employees, except those covered by a collective bargaining agreement and interns, are eligible to participate in the Plan.

The Plan is not available to those employees covered by a union contract under which retirement benefits are the subject of collective bargaining, and interns and reclassified employees.

Contributions: The Plan allows participants to elect to have a portion of their compensation, as defined by the Plan, to be deferred on their behalf in lieu of receiving such amount as compensation. The maximum compensation deferral during 2016 was $18,000. For participants age 50 and older as of December 31, 2016, an additional catch-up provision of $6,000 was allowed during 2016.

Employer contributions are discretionary. No Employer contributions were made for 2016.

Investment Elections: Participant contributions and any Employer matching contributions are allocated to the investment options offered by the Plan as directed by participants.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of earnings or losses from the Participant’s self-directed investments and administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants immediately have a 100% vested interest in their contributions and any Employer contributions plus earnings thereon.

Payment of Benefits: Upon retirement, death, disability or other termination of employment, a participant or the beneficiary is entitled to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her own account.

In service distributions are allowed upon either attaining age 59-1/2 or experiencing a financial hardship as defined by the Internal Revenue Code (IRC). Such withdrawals are subject to applicable excise and income taxes and may only be made with the approval of the Plan Administrator.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: The Plan permits participants to borrow from their vested account balances. Participants can borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate of prime rate plus 1%. As of December 31, 2016, interest rates ranged from 4.25% to 4.50% and maturity dates ranged through 2029.

Management of Trust Fund: Two employees of the Company function as trustees of the Plan subject to guidelines established by the trust agreement. The trustees are responsible for the investment and administration of the retirement fund in accordance with the trust agreement. The trustees receive no compensation from the Plan.

Administrative Expenses: The Plan incurs additional fees and expenses in connection with its operation. These fees and expenses may include administrative charges and Investment manager fees. The Company, at its discretion, may charge all or a portion of these fees against the Plan or may pay these fees directly. The administrative fee charged when making a loan from the Plan is deducted from the participant's account balance.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year, net of fund investment expense.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain events may limit the ability of the plan to transact at contract value with participants. Examples of such events include: (a) premature termination of the contracts by the plan or (b) plan termination. Thus, the Plan's fixed annuity account is not considered benefit responsive, and accordingly, is stated at fair value.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments: Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosure. Accordingly, actual results could differ from these estimates.

New Accounting Pronouncements: In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12 (ASU 2015-12), Plan Accounting: Defined Contribution Pension Plans (Topic 962) – (I) Fully Benefit-Responsive Investment Contracts and (II) Plan Investment Disclosures (a consensus of the FASB Emerging Issues Task Force). The purpose of ASU 2015-12 is to simplify plan accounting.

- The amendments in Part I of ASU 2015-12 designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value, accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of ASU 2015-12 will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015. The Plan adopted the amendments in Parts I and II of ASU 2015-12 for the 2016 plan year, and the amendments were retrospectively applied to December 31, 2015. The financial statements and disclosures reflect adoption of these amendments. Adoption of these amendments had no impact on net assets available for benefits as previously reported.

In May 2015, the FASB issued ASU No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or its equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements (continued): The Plan adopted the Update for the 2016 Plan year and the Update was retroactively applied to December 31, 2015. Prior year disclosures have been revised to reflect the retrospective application. The impact of adopting this update is reflected in the notes to the financial statements.

Subsequent Events: The Plan's management has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued and has determined no events or transactions need to be recognized or disclosed in these financial statements.

NOTE 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

NOTE 4. FEDERAL INCOME TAXES

The Company adopted a Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has subsequently been amended since receipt of the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's policy is to recognize tax positions in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities. As of December 31, 2016, the Plan management has determined that the Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. As of December 31, 2016, the Plan's annual tax filings for the prior three years are open for audit by the IRS.

NOTE 5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

Increase in contribution receivable	(4,359)
Increase in corrective distribution	26,309
Net increase per the Form 5500	$ 651,353

NOTE 6. CERTIFIED FINANCIAL INFORMATION

The financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, notes receivable from participants and the schedule of assets held at end of year, have been derived from information certified as complete and accurate by Empower Retirement, the custodian of the Plan, in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are units of pooled separate accounts managed by Empower Retirement, the Plan's custodian. These transactions qualify as party-in-interest transactions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are typically exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts in the statement of net assets available for plan benefits.

The Plan held substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses in its funds to the extent of dollars invested in the funds.

NOTE 9. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three (3) levels of the fair value hierarchy are as follows:

Level 1 Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Valuations based on observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 Valuations based on inputs that are unobservable in the market and significant to the overall fair value measurement. The fair value of guaranteed interest accounts is determined using level 3 inputs. The fair value represents contract value adjusted to reflect current market interest rates; only to the extent such market, rates exceed crediting rates.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets for by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2016	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Pooled Separate Accounts – at NAV	$ --	$ --	$ --	$ 4,081,988
Fixed Annuities - at fair value	--	68,711	--	68,711
Total investments	$ --	$ 68,711	$ --	$ 4,150,699

NOTE 9. FAIR VALUE MEASUREMENTS (Continued)

2015	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Fixed Annuities - at fair value	--	77,625	--	77,625

NOTE 10. CORRECTIVE DISTRIBUTIONS

Amounts payable to participants for contributions in excess of amounts allowed by the IRS of $37,080 and $10,771 are recorded as liabilities in the accompanying statements of net assets available for Plan benefits as of December 31, 2016 and 2015, respectively. Corrective distributions relating to the 2016 and 2015 Plan years were paid out during the 2017 and 2016 Plan years, respectively.
