NOTES TO THE FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the Genesis Physicians 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan, effective May 1, 2009, is a defined contribution plan covering all physicians, with a salary deferral provision subject to Section 401(k) of the Internal Revenue Code. The Plan is sponsored by Genesis HealthCare System (Employer). The Board of Trustees is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all physicians in the following entities:

Genesis Medical Group LLC
Genesis Emergency Physicians LLC
Genesis Urgent Care Physicians LLC
Genesis Primary Care Physicians LLC
Genesis HealthCare System

2. *Contributions.* Each year, participants may contribute up to 50 percent of pretax and/or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Employer contributes to participating employees with one year of service with over 800 hours of compensated time in the completed year, a certain percentage based on years of service and up to a 5 percent maximum participant contribution to the Plan. For the years ended December 31, 2016 and 2015, the Employer match percentages are as follows: 1 but less than 5 years of service, 20 percent match; 5 but less than 10 years of service, 40 percent match; 10 or more years of service, 60 percent match. The matching Employer contribution is invested as directed by the participant. Contributions are subject to certain IRS limitations.
3. *Participant accounts.* Each participant's account is credited with the participant's contribution and Employer matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are vested immediately in their voluntary contributions, Employer contributions, and Plan earnings thereon.
5. *Notes receivable from participants.* Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the "bank prime rate", as defined. Principal and interest is paid ratably through bi-weekly or monthly payroll deductions.
6. *Payment of benefits.* On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, installments, or ad hoc distributions sufficient to satisfy required minimum distributions. A participant may also withdraw all or part of his or her account once they reach age 59 ½ or due to hardship. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Upon termination or retirement, if a participant's account balance is \$1,000 or less, it will be automatically paid as a lump sum.

NOTES TO THE FINANCIAL STATEMENTS

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016, or 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Recent Accounting Pronouncement

In July 2015, the FASB issued Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contributions Pension Plans (Topic 962), and Health and Welfare Benefit Plan (Topic 965): I. Fully Benefit Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient (ASU 2015-12). The objective of issuing this Update is to reduce complexity in employee benefit accounting, which is consistent with its Simplification Initiative. The purpose of the Simplification Initiative is to identify, evaluate, and improve areas of U.S. GAAP for which costs and complexity can be reduced while maintaining or improving the usefulness of the information provided to the users of financial statements. Under this amendment, fully benefit-responsive investment contracts are measured, presented and disclosed only at contract value; classes of assets are grouped and disclosed by general type; and the disclosure of individual investments that represent 5 percent or more of net assets available is eliminated. The amendments to this update are effective for fiscal years beginning after December 31, 2015 and early adoption is permitted. The Plan has adopted this new pronouncement, as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2017, the date the financial statements were available to be issued.

Genesis Physicians 401(k) Plan
NOTES TO THE FINANCIAL STATEMENTS

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> a. Quoted prices for similar assets or liabilities in active markets; b. Quoted prices for identical or similar assets or liabilities in inactive markets; c. Inputs other than quoted prices that are observable for the asset or liability; d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of the relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued using the actual quoted market prices of similar assets in active or non-active markets. These assets may include domestic and international stock, mutual funds, other pooled separate accounts, short term securities such as commercial paper, and fixed securities.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

Investments at fair value	<u>\$ 7,924,333</u>	<u>\$ 513,399</u>	<u>\$ —</u>	<u>\$ 8,437,732</u>

Transfers between Levels

For the years ended December 31, 2016 and 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Genesis Physicians 401(k) Plan
NOTES TO THE FINANCIAL STATEMENTS

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

In 2009, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with The Prudential Insurance Company of America (Prudential) totaling \$2,683,870 for 2016 and \$1,921,035 for 2015. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
3. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or
4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
5. Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include:

1. An uncured violation of the Plan's investment guidelines,
2. A breach of material obligation under the contract,
3. A material misrepresentation,
4. A material amendment to the agreement without the consent of the issuer.

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Prudential. Prudential is the trustee and recordkeeper for the Plan, and, therefore, these transactions qualify as party-in-interest transactions. UBS Financial Services, Inc. provides investment management and consulting services based on commission and is paid by the Plan. Fees incurred and paid directly by the Plan for the investment management and consulting services are included in net appreciation in fair value of the investment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Plan administrator is an employee of Genesis HealthCare System, the Plan sponsor, and does not participate in the Plan.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**Genesis Physicians 401(k) Plan
NOTES TO THE FINANCIAL STATEMENTS**

NOTE G – TAX STATUS

The IRS has determined and informed The Prudential Insurance Company of America by a letter dated April 29, 2014, that the Prototype Non-Standardized Profit Sharing Plan, in effect, is acceptable under section 401(a) of the Internal Revenue Code (IRC) for use by the Employer for the benefit of their employees. The letter states that the IRC opinion on the acceptability of the form of the Plan is not a ruling or determination as to whether an employer's plan qualifies under Code Section 401(a). However, an employer that adopts this plan may rely on this letter with respect to the qualification of its plan number Code Section 401(a). Although the Plan has been amended since receiving the determination letter and due to the qualification of the prototype document abovementioned, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No such tax liability was deemed necessary as of December 31, 2016 and 2015. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

The plan administrator identified an administrative error with respect to the eligibility provisions of the Plan. The plan administrator is working with legal counsel to correct the administrative error under the Internal Revenue Service's Employee Plans Compliance Resolution System. The plan administrator is taking corrective action with respect to affected participants. The plan administrator believes the Plan will remain qualified, and therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
