IMPRESA AEROSPACE, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES:

General – The following description of the Impresa Aerospace, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. During 2013, the assets and liabilities of the Seachrome Corporation 401(k) were transferred into the Plan.

The Plan is a defined contribution plan that was established January 1, 2013 by Impresa Aerospace, LLC (the “Company”) to provide benefits to eligible employees, as defined in the Plan document. Activity within the Plan did not begin until June 3, 2013 and was later amended on January 1, 2014. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the “Code”), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – Under the terms of the Plan, a group of designated officers of the Company act as the trustee. The Company has appointed certain members of management of Impresa Aerospace, LLC to manage the operation and administration of the Plan. The Company has contracted with Transamerica Retirement Solutions Corporation to act as the custodian and/or trustee and a third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Party-in-Interest – All investments of the Plan are managed by Transamerica Retirement Solutions Corporation at December 31, 2016 and 2015, who is the Trustee of the Plan. Therefore these transactions are party-in-interest transactions.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition – The investments in registered investment companies are stated at fair value based on quoted market prices in an active market. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Stable value investment funds are stated at contract value.

IMPRESA AEROSPACE, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold, as well as held, during the year.

Income Taxes –The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to income tax examinations by the U.S. federal, state, or local tax authorities for the years before 2013.

Risks and Uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events – The Plan has evaluated subsequent events through October 16, 2017 which is the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure.

2. STABLE VALUE INVESTMENT FUND:

The Stable Value Investment Fund consists of pooled separate investment contracts with the Trustee in order to provide participants with a stable, fixed-rate return on investment and protection of principal from changes in market interest rates. Stable value investment funds are stated at contract value.

IMPRESA AEROSPACE, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

3. **FAIR VALUE MEASUREMENTS:**

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds are valued at fair value based on quoted market prices reported on the active markets on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investments recorded at fair value as of December 31, 2016 and 2015 were mutual funds and consist of Level 1 investments under the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS

4. PARTICIPATION AND BENEFITS:

Participant Contributions – Participants may elect to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Effective May 24, 2013, the Plan began automatic enrollment of eligible employees in the Plan with a contribution of 4% of eligible compensation, unless the employee affirmatively elects otherwise. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions – The Company is allowed to make contributions to the Plan in the form of matching contributions and other non-elective contributions, as defined in the Plan and approved by the Board of Directors. Under the January 1, 2014 amendment, the Company modified the matching contribution so that employer matching contributions will be made equal to 25% of each participant's deferral contribution, up to 8% of compensation deferred. For example, if an employee defers 8% of their compensation, the Company will match 2%. This change was effective as of January 1, 2015.

Vesting – Participants are immediately vested in their contributions. Participants are fully vested in the employer's matching and profit sharing contributions allocated to their account after four years of credited service.

Participant Accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant contributions, as defined in the Plan.

Payment of Benefits – Upon termination, participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed \$5,000.

Notes Receivable from Participants – The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the participant's vested balance. Such notes bear interest at the available market financing rates and must be repaid to the Plan within a 5-year period, unless the note is used for the purchase of a principal residence, in which case the maximum repayment period may be longer. The specific terms and conditions of such notes are established by the Plan administrator.

8. **PROHIBITED TRANSACTIONS:**

During the Plan year ended December 31, 2015, on two occasions, participant contributions totaling \$9,833 were not submitted on a timely basis per DOL regulations, resulting in a receivable to the Plan. This is considered a nonexempt prohibited transaction by the DOL. The Company reimbursed the Plan for the amount of lost earnings from the dates the payments should have been made to the dates the payments were received by the Plan. The untimely submission made during the Plan year ended December 31, 2015 was corrected during the Plan year ended December 31, 2016.
