REPORT OF INDEPENDENT AUDITORS

To the Essilor of America 401(k) Committee of
Essilor Partner 401(k) Plan

We were engaged to audit the accompanying financial statements of the Essilor Partner 401(k) Plan (the “Plan”), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the period April 1, 2016 (inception) to December 31, 2016, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees, of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan’s investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustees as of and for the period April 1, 2016 (inception) to December 31, 2016, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ESSILOR PARTNER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2016

A. Description of Plan

General

The following description of the Essilor Partner 401(k) Plan (the “Plan”) provides only general information. The Plan is sponsored by Essilor of America, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan’s corporate offices are located in Dallas, Texas.

The Plan was established effective April 1, 2016, and is a defined contribution plan covering all employees of the Company and any affiliated participating employers except: (1) those who are a member of a collective bargaining unit as to which there is evidence that retirement benefits were the subject of good faith collective bargaining unless a collective bargaining agreement covering such employee provides for the employee’s participation in the Plan; (2) a leased employee; (3) a non-resident alien; (4) an independent contractor; (5) resident of Puerto Rico; (6) earn benefits under a plan maintained outside of the United States or, (7) covered by another qualified plan sponsored by a related company. Eligible employees may enter the Plan on the first day of any payroll period beginning after being employed for not less than 30 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match participant contributions based on terms elected by each participating employer. The Plan also allows for profit sharing and true-up matching contributions. Participants must be employed on the last day of the Plan year to be eligible to receive profit sharing contributions. In 2016 the Company elected not to contribute profit sharing contributions.

Participant Accounts

Each participant’s account is credited with the participant’s elective contribution, employer contribution(s), and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of Plan – continued

Vesting

Participants are immediately fully vested in their elective contributions, plus actual earnings thereon.

Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participants hired by Pech Optimal Corp. prior to July 1, 2015, vest in Company contributions, plus actual earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	5%
2 years	5%
3 years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, or 50% of their vested account balance. Loan terms range from one to five years or in the case of a loan to purchase or construct the primary residence of a participant, a period not to exceed a repayment period of 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2016, ranged from 3.25% to 8.25%.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of Plan – continued

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. The normal form of benefit payment is a cash single sum distribution. A participant may elect to receive payment in annual, quarterly or monthly equal installments over a period not to exceed limitations imposed by the Code. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from the vested portion of the participant's account if the distribution is: (1) on account of medical expenses that would otherwise be deductible by the participant for federal income tax purposes pursuant to section 213 of the Code that have been incurred by the participant, the participant's spouse, or dependents; (2) to purchase a principal residence of the participant (excluding mortgage payments or rehabilitation costs); (3) for the payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant, the participant's spouse, or child, or dependent; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses for a deceased spouse, child, or dependents; or (6) for the payment of expense for repair of damage to principal residence that would qualify for the casualty deduction under the Code.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to allocate to participants as a matching contribution. All other forfeited amounts are used to reduce future Company contributions or Plan expenses. There were unallocated forfeitures of approximately \$38,000 as of December 31, 2016. Approximately \$23,000 was allocated to reduce matching contributions and \$5,000 was re-allocated to participants during the period April 1, 2016 (inception) to December 31, 2016.

Investment Options

Participants may direct their salary deferrals in any combination into any of the investment options of the eligible Prudential Retirement Insurance and Annuity Company ("Prudential") investment funds offered.

Administrative Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. All significant administrative expenses paid by the Company are not reflected in the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Dividends are recorded on the ex-dividend date. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In May 2015 the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Update (“ASU”) 2015-07, *Fair Value Measurements* (Topic 820), removing the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The guidance is effective for the Plan on January 1, 2017; earlier application is permitted. Plan management has elected to early adopt the guidance for the period April 1, 2016 (inception) to December 31, 2016.

In July 2015 the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, (Part III) *Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015. Part III is not applicable to the Plan.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities.

- Mutual funds are measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.
- Stable value collective trust fund is composed primarily of fully-benefit responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2016. The Plan has no assets classified within Level 3 of the valuation hierarchy.

	2016		
	Level 1	Level 2	Total
Mutual funds	\$ 6,147,837	\$ -	\$ 6,147,837
Pooled separate accounts	-	8,090,817	8,090,817
Total investments in the fair value hierarchy	6,147,837	8,090,817	14,238,654
Investments measured at net asset value ^(a)			622,214
Total investments at fair value			<u>\$ 14,860,868</u>

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the period April 1, 2016 (inception) to December 31, 2016, there were no significant transfers between levels.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund C	\$622,214	n/a	Daily	12 months

D. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract with Prudential. This contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed income account held in the general account of Prudential. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined semi-annually by Prudential, but cannot be less than 1.50%.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

E. Information Certified by the Trustees

The Plan's administrative committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrative committee limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2016, the total investment income for the period April 1, 2016 (inception) to December 31, 2016, and all information included in the Form 5500 Schedule H, line 4i Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the "IRS") dated April 20, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from federal income taxes. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

H. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of pooled separate accounts and an insurance company general account managed by Prudential. Prudential acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements at December 31, 2016:

Net assets available for benefits per the financial statements	\$20,152,291
Current year participant receivable	(2,015)
Current year employer receivable	<u>(50,638)</u>
Net assets available for benefits per the Form 5500	<u><u>\$20,099,638</u></u>

The following is a reconciliation of the net increase in assets to the Plan per Form 5500 to the financial statements for the period April 1, 2016 (inception) to December 31, 2016:

Net increase in net assets available for benefits per the financial statements	\$ 611,308
Current year participant receivable	(2,015)
Current year employer receivable	<u>(50,638)</u>
Net increase in assets available for benefits per the Form 5500	<u><u>\$ 558,655</u></u>

The reconciling items noted above are due to the Form 5500 being prepared on the cash basis whereas the Plan's financial statements are prepared on the accrual basis of accounting as required by GAAP.

J. Subsequent Events

Effective June 30, 2017, the Beitler McKee Optical Company Profit Sharing Plan and X-Cel Optical Company Profit Sharing Plan transferred net assets and loans of approximately \$3,500,000 and \$8,600,000, respectively into the Plan

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 16, 2017, the date the financial statements were available for issuance.

REPORT OF INDEPENDENT AUDITORS

To the Essilor of America 401(k) Committee of
Essilor Partner 401(k) Plan

We were engaged to audit the accompanying financial statements of the Essilor Partner 401(k) Plan (the “Plan”), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the period April 1, 2016 (inception) to December 31, 2016, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees, of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan’s investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustees as of and for the period April 1, 2016 (inception) to December 31, 2016, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ESSILOR PARTNER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2016

A. Description of Plan

General

The following description of the Essilor Partner 401(k) Plan (the “Plan”) provides only general information. The Plan is sponsored by Essilor of America, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan’s corporate offices are located in Dallas, Texas.

The Plan was established effective April 1, 2016, and is a defined contribution plan covering all employees of the Company and any affiliated participating employers except: (1) those who are a member of a collective bargaining unit as to which there is evidence that retirement benefits were the subject of good faith collective bargaining unless a collective bargaining agreement covering such employee provides for the employee’s participation in the Plan; (2) a leased employee; (3) a non-resident alien; (4) an independent contractor; (5) resident of Puerto Rico; (6) earn benefits under a plan maintained outside of the United States or, (7) covered by another qualified plan sponsored by a related company. Eligible employees may enter the Plan on the first day of any payroll period beginning after being employed for not less than 30 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match participant contributions based on terms elected by each participating employer. The Plan also allows for profit sharing and true-up matching contributions. Participants must be employed on the last day of the Plan year to be eligible to receive profit sharing contributions. In 2016 the Company elected not to contribute profit sharing contributions.

Participant Accounts

Each participant’s account is credited with the participant’s elective contribution, employer contribution(s), and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of Plan – continued

Vesting

Participants are immediately fully vested in their elective contributions, plus actual earnings thereon.

Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participants hired by Pech Optimal Corp. prior to July 1, 2015, vest in Company contributions, plus actual earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	5%
2 years	5%
3 years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, or 50% of their vested account balance. Loan terms range from one to five years or in the case of a loan to purchase or construct the primary residence of a participant, a period not to exceed a repayment period of 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2016, ranged from 3.25% to 8.25%.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of Plan – continued

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. The normal form of benefit payment is a cash single sum distribution. A participant may elect to receive payment in annual, quarterly or monthly equal installments over a period not to exceed limitations imposed by the Code. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from the vested portion of the participant's account if the distribution is: (1) on account of medical expenses that would otherwise be deductible by the participant for federal income tax purposes pursuant to section 213 of the Code that have been incurred by the participant, the participant's spouse, or dependents; (2) to purchase a principal residence of the participant (excluding mortgage payments or rehabilitation costs); (3) for the payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant, the participant's spouse, or child, or dependent; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses for a deceased spouse, child, or dependents; or (6) for the payment of expense for repair of damage to principal residence that would qualify for the casualty deduction under the Code.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to allocate to participants as a matching contribution. All other forfeited amounts are used to reduce future Company contributions or Plan expenses. There were unallocated forfeitures of approximately \$38,000 as of December 31, 2016. Approximately \$23,000 was allocated to reduce matching contributions and \$5,000 was re-allocated to participants during the period April 1, 2016 (inception) to December 31, 2016.

Investment Options

Participants may direct their salary deferrals in any combination into any of the investment options of the eligible Prudential Retirement Insurance and Annuity Company ("Prudential") investment funds offered.

Administrative Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. All significant administrative expenses paid by the Company are not reflected in the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Dividends are recorded on the ex-dividend date. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In May 2015 the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Update (“ASU”) 2015-07, *Fair Value Measurements* (Topic 820), removing the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The guidance is effective for the Plan on January 1, 2017; earlier application is permitted. Plan management has elected to early adopt the guidance for the period April 1, 2016 (inception) to December 31, 2016.

In July 2015 the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, (Part III) *Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015. Part III is not applicable to the Plan.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities.

- Mutual funds are measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.
- Stable value collective trust fund is composed primarily of fully-benefit responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2016. The Plan has no assets classified within Level 3 of the valuation hierarchy.

	2016		
	Level 1	Level 2	Total
Mutual funds	\$ 6,147,837	\$ -	\$ 6,147,837
Pooled separate accounts	-	8,090,817	8,090,817
Total investments in the fair value hierarchy	6,147,837	8,090,817	14,238,654
Investments measured at net asset value ^(a)			622,214
Total investments at fair value			<u>\$ 14,860,868</u>

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurements – continued

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the period April 1, 2016 (inception) to December 31, 2016, there were no significant transfers between levels.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund C	\$622,214	n/a	Daily	12 months

D. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract with Prudential. This contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed income account held in the general account of Prudential. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined semi-annually by Prudential, but cannot be less than 1.50%.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

E. Information Certified by the Trustees

The Plan's administrative committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrative committee limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2016, the total investment income for the period April 1, 2016 (inception) to December 31, 2016, and all information included in the Form 5500 Schedule H, line 4i Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the "IRS") dated April 20, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from federal income taxes. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

H. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of pooled separate accounts and an insurance company general account managed by Prudential. Prudential acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTES TO FINANCIAL STATEMENTS *(continued)*

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements at December 31, 2016:

Net assets available for benefits per the financial statements	\$20,152,291
Current year participant receivable	(2,015)
Current year employer receivable	<u>(50,638)</u>
Net assets available for benefits per the Form 5500	<u><u>\$20,099,638</u></u>

The following is a reconciliation of the net increase in assets to the Plan per Form 5500 to the financial statements for the period April 1, 2016 (inception) to December 31, 2016:

Net increase in net assets available for benefits per the financial statements	\$ 611,308
Current year participant receivable	(2,015)
Current year employer receivable	<u>(50,638)</u>
Net increase in assets available for benefits per the Form 5500	<u><u>\$ 558,655</u></u>

The reconciling items noted above are due to the Form 5500 being prepared on the cash basis whereas the Plan's financial statements are prepared on the accrual basis of accounting as required by GAAP.

J. Subsequent Events

Effective June 30, 2017, the Beitler McKee Optical Company Profit Sharing Plan and X-Cel Optical Company Profit Sharing Plan transferred net assets and loans of approximately \$3,500,000 and \$8,600,000, respectively into the Plan

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 16, 2017, the date the financial statements were available for issuance.

REPORT OF INDEPENDENT AUDITORS

To the Essilor of America 401(k) Committee of
Essilor Partner 401(k) Plan

We were engaged to audit the accompanying financial statements of the Essilor Partner 401(k) Plan (the “Plan”), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the period April 1, 2016 (inception) to December 31, 2016, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees, of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustees hold the Plan’s investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustees as of and for the period April 1, 2016 (inception) to December 31, 2016, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ESSILOR PARTNER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2016

A. Description of Plan

General

The following description of the Essilor Partner 401(k) Plan (the “Plan”) provides only general information. The Plan is sponsored by Essilor of America, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan’s corporate offices are located in Dallas, Texas.

The Plan was established effective April 1, 2016, and is a defined contribution plan covering all employees of the Company and any affiliated participating employers except: (1) those who are a member of a collective bargaining unit as to which there is evidence that retirement benefits were the subject of good faith collective bargaining unless a collective bargaining agreement covering such employee provides for the employee’s participation in the Plan; (2) a leased employee; (3) a non-resident alien; (4) an independent contractor; (5) resident of Puerto Rico; (6) earn benefits under a plan maintained outside of the United States or, (7) covered by another qualified plan sponsored by a related company. Eligible employees may enter the Plan on the first day of any payroll period beginning after being employed for not less than 30 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match participant contributions based on terms elected by each participating employer. The Plan also allows for profit sharing and true-up matching contributions. Participants must be employed on the last day of the Plan year to be eligible to receive profit sharing contributions. In 2016 the Company elected not to contribute profit sharing contributions.

Participant Accounts

Each participant’s account is credited with the participant’s elective contribution, employer contribution(s), and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

A. Description of Plan – continued

Vesting

Participants are immediately fully vested in their elective contributions, plus actual earnings thereon.

Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participants hired by Pech Optimal Corp. prior to July 1, 2015, vest in Company contributions, plus actual earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	5%
2 years	5%
3 years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 reduced by the excess of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, or 50% of their vested account balance. Loan terms range from one to five years or in the case of a loan to purchase or construct the primary residence of a participant, a period not to exceed a repayment period of 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2016, ranged from 3.25% to 8.25%.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. The normal form of benefit payment is a cash single sum distribution. A participant may elect to receive payment in annual, quarterly or monthly equal installments over a period not to exceed limitations imposed by the Code. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from the vested portion of the participant's account if the distribution is: (1) on account of medical expenses that would otherwise be deductible by the participant for federal income tax purposes pursuant to section 213 of the Code that have been incurred by the participant, the participant's spouse, or dependents; (2) to purchase a principal residence of the participant (excluding mortgage payments or rehabilitation costs); (3) for the payment of tuition, related educational fees, and room and board expenses for the next 12 months of post-secondary education for the participant, the participant's spouse, or child, or dependent; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure on the mortgage of the participant's principal residence; (5) for the payment of burial or funeral expenses for a deceased spouse, child, or dependents; or (6) for the payment of expense for repair of damage to principal residence that would qualify for the casualty deduction under the Code.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are first used to allocate to participants as a matching contribution. All other forfeited amounts are used to reduce future Company contributions or Plan expenses. There were unallocated forfeitures of approximately \$38,000 as of December 31, 2016. Approximately \$23,000 was allocated to reduce matching contributions and \$5,000 was re-allocated to participants during the period April 1, 2016 (inception) to December 31, 2016.

Investment Options

Participants may direct their salary deferrals in any combination into any of the investment options of the eligible Prudential Retirement Insurance and Annuity Company ("Prudential") investment funds offered.

Administrative Expenses

Employees of the Company perform certain administrative functions of the Plan with no compensation from the Plan. All significant administrative expenses paid by the Company are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investments Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Dividends are recorded on the ex-dividend date. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In May 2015 the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Update (“ASU”) 2015-07, *Fair Value Measurements* (Topic 820), removing the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The guidance is effective for the Plan on January 1, 2017; earlier application is permitted. Plan management has elected to early adopt the guidance for the period April 1, 2016 (inception) to December 31, 2016.

In July 2015 the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, (Part III) *Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015. Part III is not applicable to the Plan.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities.

- Mutual funds are measured using quoted market prices available on an active market and classified within Level 1 of the valuation hierarchy.
- Pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy.
- Stable value collective trust fund is composed primarily of fully-benefit responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2016. The Plan has no assets classified within Level 3 of the valuation hierarchy.

	2016		
	Level 1	Level 2	Total
Mutual funds	\$ 6,147,837	\$ -	\$ 6,147,837
Pooled separate accounts	-	8,090,817	8,090,817
Total investments in the fair value hierarchy	6,147,837	8,090,817	14,238,654
Investments measured at net asset value ^(a)			622,214
Total investments at fair value			<u>\$ 14,860,868</u>

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the period April 1, 2016 (inception) to December 31, 2016, there were no significant transfers between levels.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund C	\$622,214	n/a	Daily	12 months

D. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract with Prudential. This contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed income account held in the general account of Prudential. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is determined semi-annually by Prudential, but cannot be less than 1.50%.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

ESSILOR PARTNER 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

E. Information Certified by the Trustees

The Plan's administrative committee elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrative committee limited auditing procedures with respect to the investment information certified by the trustees, which included total investments as of December 31, 2016, the total investment income for the period April 1, 2016 (inception) to December 31, 2016, and all information included in the Form 5500 Schedule H, line 4i Schedule of Assets (Held at End of Year).

F. Tax Status

The Plan received a determination letter from the Internal Revenue Service (the "IRS") dated April 20, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from federal income taxes. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

H. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of pooled separate accounts and an insurance company general account managed by Prudential. Prudential acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTES TO FINANCIAL STATEMENTS *(continued)*

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to the financial statements at December 31, 2016:

Net assets available for benefits per the financial statements	\$20,152,291
Current year participant receivable	(2,015)
Current year employer receivable	<u>(50,638)</u>
Net assets available for benefits per the Form 5500	<u><u>\$20,099,638</u></u>

The following is a reconciliation of the net increase in assets to the Plan per Form 5500 to the financial statements for the period April 1, 2016 (inception) to December 31, 2016:

Net increase in net assets available for benefits per the financial statements	\$ 611,308
Current year participant receivable	(2,015)
Current year employer receivable	<u>(50,638)</u>
Net increase in assets available for benefits per the Form 5500	<u><u>\$ 558,655</u></u>

The reconciling items noted above are due to the Form 5500 being prepared on the cash basis whereas the Plan's financial statements are prepared on the accrual basis of accounting as required by GAAP.

J. Subsequent Events

Effective June 30, 2017, the Beitler McKee Optical Company Profit Sharing Plan and X-Cel Optical Company Profit Sharing Plan transferred net assets and loans of approximately \$3,500,000 and \$8,600,000, respectively into the Plan

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 16, 2017, the date the financial statements were available for issuance.
