Report on the Financial Statements

We were engaged to audit the accompanying financial statements of *Westbrook Service Corporation Savings Plan* (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at Year End) and Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian and investment manager, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

Note 1 - Description of Plan:

The following description of the Westbrook Service Corporation Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan was established on October 1, 1990 as a defined contribution plan covering substantially all employees of Westbrook Service Corporation (the "Company"), who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established for the purpose of providing eligible employees of the Company and their beneficiaries funds for retirement.

Plan administration - The Company is the plan sponsor and plan administrator of the Plan, and as such, controls and manages the operation and administration of the Plan. The Plan's assets are maintained by American United Life Insurance Company (the Custodian and Investment Manager). Company contributions are held and managed by the Custodian who invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the Company and the participants).

Contributions - Each year, participants in the Plan may voluntarily contribute up to 100% of their pre-tax annual compensation, as defined in the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans.

The Plan provides for Company matching contributions and discretionary matching contributions, both of which are determined annually. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's first 6% elective deferrals. For the year ended December 31, 2016, the Company made a match contribution equal to 25% of the participant's first 6% elective deferral, equal to approximately $58,000. Plan participants must have been an active participant in the matching portion of the Plan and have completed 1,000 or more hours of service in the Plan year to be eligible for the Company's matching contributions.

Participant accounts - Each participant account is credited with the participant's contribution and allocation of: (a) the Company's contribution and discretionary matching contribution (if any) and (b) Plan earnings or losses including market value adjustments on Plan investments. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Note 1 - Description of Plan (Continued):

Vesting of benefits - Participants are immediately fully vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's matching contribution and discretionary matching contribution (if any) portion of their accounts, plus any earnings or losses thereon, is based upon the number of years of continuous service. Participant accounts vest at a rate of 20% per year of service after the second year and become 100% vested after six years of credited service. Participant accounts become fully vested upon death, disability (as defined by the Plan), attainment of normal and/or early retirement age (defined by the Plan as 65 and 55, respectively), or upon termination of the Plan.

Investment options - Upon enrollment in the Plan, participants may direct employee and employer contributions into various investment options offered by the Plan. Participants may change their investment options periodically as permitted by the Plan sponsor.

Participants' notes - Plan participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may not have more than two notes outstanding at any time. The notes, which are collateralized by the balance in the participant's account, bear interest at 4.25% for the years ended December 31, 2016 and 2015. Loans are treated as an investment option of the participant's account. Only the borrowing participant's account shares in the interest paid on the participant's loan. Loan terms are for a maximum of five years except for the purchase of a principal residence that may be for a maximum of 30 years. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits - Distributions of a participant's pre-tax account are made upon retirement from the Company, termination from service from the Company, death, permanent or total disability or in cases of financial hardship. The normal retirement age, as defined by the Plan, is the date at which participants reach the age of 65. Participants still employed who have reached the age of 59 ½ are eligible to withdraw all or a portion of their vested accounts. If a participant terminates before retirement, the participant will receive either a lump-sum payment of his or her account balance, or if the account exceeds $5,000, the participant may elect any distribution date up to age 70 ½. The period may not extend beyond the life expectancy of the participant or the joint life expectancy of the participant and his or her beneficiary.

Forfeitures - Any non-vested portion of an account balance after the distribution of terminated participants vested account balance is forfeited. A forfeiture will also occur without a distribution after five consecutive one year breaks in a former participant's service.

Non-vested Company matching and discretionary matching contributions forfeited by participants are used to reduce certain administrative expenses or reduce Company contributions to the Plan. For the year ended December 31, 2016, the Company used approximately $700 to reduce administrative expenses with a forfeited account.

Note 2 - Summary of Significant Accounting Policies:

Basis of accounting - The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties - The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

Investment valuation and income recognition - Investments are reported at fair value except for guaranteed interest accounts which are reported at contract value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Interest income is recognized when received and dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investment and unrealized appreciation or depreciation is recognized at period end when carrying values of the related investments are adjusted to their fair values. Purchase and sales of investments are recorded on the settlement date. Included in interest and dividends income for the year ended December 31, 2016, there are other earnings of $7,672 to reimburse the participants for lost earnings related to employee contributions that were not submitted to the Plan timely.

Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account. Participant notes are valued at their outstanding balances, which approximates fair value.

In accordance with the policy of stating investments at market value, the Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Note 2 - Summary of Significant Accounting Policies (Continued):

Participants' notes - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances.

Benefits paid to participants - Benefits are recorded when paid.

Deemed loan distributions - Deemed loan distributions are recorded when the participant defaults on the loan. There were $12,623 in deemed distributions during the year ended December 31, 2016.

Corrective distributions - Corrective distributions are recorded when the Plan's third party administrator determines adjustments are necessary during the plan year based on consideration of the Plan's compliance with ERISA requirements. Contributions are presented net of corrective distributions.

Expenses - Substantially all Plan expenses are administrative in nature and are allocated to the individual participant accounts, through an investment fee rebate arrangement wherein the expenses are netted with participant investment returns, or paid by the Company.

Change in accounting principle - In 2016, the Plan adopted Financial Accounting Standards Board Accounting Standards Update 2015-12 "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit - Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient," of which Part I and Part II are applicable to the Plan. Part I and Part II amendments simplify employee benefit plan reporting with respect to fully benefit responsive investments contracts and plan investment disclosures. This update is effective for years beginning after December 15, 2015, with retrospective application to all periods presented.

Because the Plan changed its method of accounting and reporting to comply with the adoption of these accounting standards issued by the Financial Accounting Standards Board, previously reported financial information pertaining to 2015 has been restated to present that information on a comparable basis.

Subsequent events - Plan management has evaluated subsequent events through the date of the independent auditor's report, the date which the accompanying financial statements were available to be issued. Based on such evaluation, no events have occurred that in the opinion of management warrant disclosure in or adjustment to the financial statements.

Note 3 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Input to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive market;
- Inputs other than quoted prices that are observable for the asset or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use if unobservable inputs.

The following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2016 and 2015.

Registered Investment Companies - The fair values of registered investments companies is based on quoted market prices in the active market where the individual securities are traded, as of the last trading day of the Plan year.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments at fair value consist of registered investment companies of $1,738,731 and $1,525,033 at December 31, 2016 and 2015, respectively based on level 1 valuation methodology.

Note 4 - Fully Benefit-Responsive Investment Contracts:

The plan holds an investment contract that meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No such events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 - Summary of Information Certified by the Custodian:

The plan administrator has received certification of the financial information and data from the Custodian in accordance with 29 CFR 2520.103-5 of the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Custodian has certified to the completeness and accuracy of all investments and related investment activity in the accompanying financial statements as of December 31, 2016 and 2015 and the year ended December 31, 2016 and the accompanying supplemental schedule of assets (held at year end) as of December 31, 2016.

Note 6 - Parties-In-Interest:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan.

Plan investments were held and managed by American United Life Insurance Company, the Custodian. Fees paid to the Custodian qualify as party-in-interest transactions and amounted to approximately $6,600 for the year ended December 31, 2016.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Additionally, certain administrative expenses such as audit and legal fees are paid by the Company at its discretion.

Note 7 - Plan Termination and Amendments:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

Note 8 - Income Tax Status:

The Plan has adopted a prototype defined contribution plan with American United Life Insurance Company. The current prototype plan obtained a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is currently designed an being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the year ended December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns remain subject to examination by the Internal Revenue Service for three years from the date of filling.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
