GREAT AMERICAN GAMING CORPORATION 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS For the years ended December 31, 2016 and 2015

NOTE 1. Description of the Plan

The following description of the Great American Gaming Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan and was established January 1, 2000 as a single employer defined contribution 401(k) savings plan to provide retirement benefits to eligible employees. All employees who have completed 2 months of service and have reached 18 years of age following the date of hire qualify for the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and meets ERISA's minimum funding requirements. The provisions of the plan are subject to revision due to changes in laws due to pronouncements by the Internal Revenue Service (IRS) or Department of Labor (DOL).

Contributions:

The participating employer has the discretion to match employee's contributions to the Plan. The participating employer contributed an amount equal to 10 percent of eligible employees' contributions to the plan. The participants may generally contribute a set dollar amount or a percentage of their pre-tax and/or after-tax (Roth) compensation up to the maximum dollar limit set by the IRS which currently is \$18,000 with the option of catch-up contributions of \$6,000 for employees aged 50 and over per year.

Participants' Accounts:

Investments in participants' accounts are self-directed. Each participant's account is credited with an allocation of (a) the participating employer's matching contribution and (b) Plan earnings (or losses) as defined in the Plan agreement. Unclaimed benefits may be forfeited and held in a suspense account and applied to reduce employers' future contributions to the Plan. Subsequent claim to these benefits will result in the reinstatement of the benefit. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employers' contributions portion of their accounts plus earnings thereon is based on years of continuing service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants:

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates which range from 4.25% and 4.50%, which was commensurate with local prevailing rates at the time the loans were made. Principal and interest is paid ratably through payroll deductions.

GREAT AMERICAN GAMING CORPORATION 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS For the years ended December 31, 2016 and 2015

NOTE 1. Description of the Plan (continued)

Payment of Benefits:

Under the terms of the Plan agreement, participants will receive their retirement benefits at the normal retirement age of 65, termination of employment, or if disabled at any age.

Forfeited Accounts:

At December 31, 2016 and 2015 forfeited nonvested accounts totaled \$153 and \$3,801, respectively. These accounts will be used to reduce future employer contributions.

NOTE 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Payments of benefits to participants are deducted from net assets available for benefits when paid.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

GREAT AMERICAN GAMING CORPORATION 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS For the years ended December 31, 2016 and 2015

NOTE 2. Summary of Significant Accounting Policies (continued)

Subsequent Events:

As of October 16, 2017, the date which the financial statements were available to be issued, management has determined there are no subsequent events that are required to be recorded or disclosed in the financial statements under generally accepted accounting principles.

NOTE 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are observable, either directly or indirectly, but are not quoted prices includable in Level 1, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 were only used when Level 1 inputs were not available. No level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the SEC. These fund are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair market value of pooled separate accounts that are invested in mutual funds or domestic equity securities, are measured by using quoted prices in active markets for identical assets.

Level 2 Fair Value Measurements

The pooled separate accounts that are directly invested in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

GREAT AMERICAN GAMING CORPORATION 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS For the years ended December 31, 2016 and 2015

NOTE 4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016 was obtained or derived from information supplied to the plan administrative and certified as complete and accurate by Fidelity Management Trust Company and Transamerica Life Insurance Company.

NOTE 5. Fully Benefit Responsive Investment Contracts

The Plan entered into a traditional fully benefit-responsive investment contract with Transamerica through the stable value option investment choice provided through a group annuity contract. The contract value at December 31, 2016 and 2015 is \$--- and \$503,252, respectively. Under the terms of the group annuity contract, interest is credited based on the daily balance at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. Effective annual rates are established on January 1st and July 1st for the corresponding six month period.

Because the stable value option with Transamerica is considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value option. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Since the stable value option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

The stable value investment option with Fidelity is a collective trust that is valued at contract value of the underlying guaranteed investment contracts which are synthetic fully benefit responsive contracts. The contract value at December 31, 2016 and 2015 is \$154 and \$---, respectively. The investment provides for a daily mil-rate for income accretion which is updated quarterly.

NOTE 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7. Related Party Transactions

Certain Plan investments are shares of investments managed by Fidelity. Fidelity is the contract administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were \$1,241 for the year ended December 31, 2016.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.
