NOTE 1. PLAN DESCRIPTION

The following description of the Burke, Williams & Sorensen, LLP 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees who are employed by Burke, Williams & Sorensen, LLP (the "Partnership" and the "Plan Sponsor"). Participants must be employed on the last day of the Plan year and complete 1,000 hours of service during the Plan year to be eligible to receive discretionary Partnership profit sharing contributions. Participation in the Plan begins on the first day of the Plan year or first day of the seventh month of the Plan year coinciding with or following the date on which the requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Partnership also sponsors a retirement plan called the Burke, Williams & Sorensen, LLP Associate 401(k) Profit Sharing Plan (the "Associate Plan"). An employee who becomes ineligible for one plan but is eligible for the other plan may have their account balances transferred to the plan under which they are eligible. During the year ended December 31, 2016 there was a transfer of assets into this Plan in the amount of $214,127 from the Associate Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation and Roth contributions, as defined in the Plan and subject to Internal Revenue Code ("IRC") provisions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary matching Partnership contributions and for the year ended December 31, 2016, the Partnership matched each participant's deferral at the rate of 25 percent up to one percent of annual compensation, as defined in the Plan. The Partnership matching contribution was $106,116 for the year ended December 31, 2016. The Plan also provides for discretionary profit sharing contributions. The Partnership made a profit sharing contribution of $545,596 for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions and Partnership matching contributions, as well as allocations of the Partnership's profit sharing contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Partnership's contribution portion of their accounts is based on years of service. Participants are vested in Partnership contributions over a two-year period, as defined in the Plan.

Forfeitures

Forfeitures of Partnership contributions may be used to pay Plan administrative expenses, reduce future Partnership contributions, or be reallocated to participants. No forfeitures were utilized during the year ended December 31, 2016. As of December 31, 2016 forfeitures of $7,516 are available for future use.

Payment of Benefits

When eligible, participants may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, as permitted under the Plan. Installment payments are permitted for minimum required distributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by City National Bank (the "Trustee").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent qualified public accountants may be paid by the Plan. Administrative expenses not paid by the Partnership are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

All of the Plan's investments are Level 1 and the following table sets forth the Plan's investments at fair value as of December 31:

	2016	2015
Mutual funds	$ 16,126,127	$ 14,692,111
Total investments at fair value	$ 16,126,127	$ 14,692,111

NOTE 3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent qualified public accountants:

a. Noninterest-bearing cash, investments, at fair value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015.

b. Net appreciation of investments, dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2016.

c. Investments and participant loans as of December 31, 2016 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

NOTE 4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at two percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 5.25 percent to 5.50 percent. Principal and interest are paid ratably through payroll deductions.

NOTE 5. PLAN TERMINATION

The Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Partnership contributions.

NOTE 6. TAX STATUS

The Partnership adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

The Trustee of the Plan holds and manages certain of the Plan's investments. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. OneAmerica Retirement Services LLC, the record-keeper, received direct and indirect compensation of $51,102, of which $3,520 was paid directly by participants through the Plan. In addition, the sub-custodian receives indirect compensation from investments based on a formula.

Important 2016 Form 5500 Schedule C Disclosures

April 2017

Matrix Trust's Role in Assisting Plan Sponsors in Completing Schedule C
Plan sponsors are responsible for completing the annual Form 5500 filing and are tasked with identifying and reviewing the reportable Schedule C compensation paid to plan service providers. The information in this communication is being provided to help in the completion of Schedule C for the Form 5500 filing for the 2016 plan year (which would be filed during 2017).

It is important for TPAs and plan sponsors to understand that Matrix Trust Company ("Matrix Trust") can only provide information related to its compensation as a service provider. Matrix Trust can provide activity related to payments made to other service providers only to the extent that the compensation flows through either the trust or a fund service fee account. Investment product disclosures, annual reports and prospectuses (as applicable) should be reviewed for other components of reportable compensation under Schedule C.

Where compensation can be classified as Eligible Indirect Compensation (EIC), Matrix Trust has provided the appropriate disclosures in this document rather than a set dollar amount for each plan, as permitted under guidance issued by the U.S. Department of Labor.

Reporting Requirements
Plan sponsors of retirement plans with over 100 participants must identify persons who indirectly or directly received $5,000 in compensation during the plan year for services rendered to the plan on Schedule C of Form 5500.

Direct Compensation
Direct compensation paid to Matrix Trust by your plan is reported on your account statement or other reports provided by Matrix Trust, for example, a check register. These reports enable you to determine payments made directly from plan assets.

Indirect Compensation
Matrix Trust or an affiliate may have received indirect compensation from sources other than your plan during the past calendar year. Matrix Trust is providing a description of the formula used to calculate or determine indirect compensation so that you can report this compensation as "Eligible Indirect Compensation" paid to Matrix Trust or an affiliate on Schedule C of the Form 5500 for its 2016 plan year, if compensation paid meets the reporting thresholds.

Indirect Compensation may include:

- Fees and expense reimbursement payments from mutual funds, collective investment funds, insurance company pooled separate accounts, and other separately managed accounts in which the fees charged against the fund or account are reflected in the value of the plan's investment (such as sub-transfer agent fees, shareholder servicing fees, and 12b-1 fees);
- Finder's Fees;
- Float revenue;
- Brokerage Commissions

Please see the "Fund Service Fee Collection" section for additional information.

"Float" Earnings
Non-interest bearing general or omnibus accounts are maintained at M&T Bank and JP Morgan Chase, N.A., in order to facilitate transactions of retirement plans. Matrix Trust may receive earnings for the period that the funds are held in these accounts. The earnings credited on these amounts are known as "float". The rate at which Matrix Trust earn float

over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame. This compensation varies, but a reasonable estimate based on a blend of rates is from 0.50% to 0.75%.

Float earnings are eligible indirect compensation for Schedule C of Form 5500 purposes and indirect compensation under ERISA Section 408(b)(2). Information with respect to the determination of float earnings is incorporated on page 3 of this document.

Fund Service Fee Collection

Depending on your plan's investments during the year, Matrix Trust or MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC ("**MSCS Financial**"), an affiliate of Matrix Trust, may facilitate the collection of revenue sharing or other administrative or service payments available from mutual funds or collective investment funds, to the extent any such fees are applicable (the "Fees"). The actual dollar amount of the Fees depends upon each fund's revenue sharing or commission recapture program. The amount of the Fees is typically based upon the aggregate net asset value of the funds held by your plan. The amount of available revenue sharing is subject to change at the discretion of the mutual fund company or collective investment fund sponsor.

If applicable, the Fees are reported on your plan's related fund service fee account statement. In addition, payments to parties other than MSCS Financial or Matrix Trust from the related fund service fee account statement may be reportable as direct or indirect compensation paid to those parties.

Additional Potential Indirect Compensation Related to Certain Brokerage Accounts

Where you and/or your authorized representative(s) have a pre-existing TD Ameritrade Brokerage Account and/or directed Matrix Trust to establish a TD Ameritrade Brokerage Account, after April 11, 2015, TD Ameritrade pays to Matrix Trust indirect compensation for certain services rendered by Matrix Trust, including account reconciliation services, account set-up and maintenance, related money movement of cash between the plan core accounts and brokerage firm for contribution and disbursement activity and the performance of related administrative tasks. For these services, Matrix Trust receives quarterly, in arrears, an amount equal to 1.5 basis points of the value of plan assets in TD Ameritrade brokerage account(s) during such quarter, based on the average of the plan assets held in the brokerage account(s) on the last business day of each month in the applicable quarter.

Completing Schedule C

You will need the following information to complete Schedule C:

Matrix Trust Company (Matrix Trust) 717 17th Street, Suite 1300 Denver CO 80202 Employer Identification Number: 75-3182674	MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC 717 17th Street, Suite 1300 Denver CO 80202 Employer Identification Number: 33-1151291

For **Direct Compensation**, you will be required to provide the Matrix Trust address or Employer Identification Number.

For Indirect Compensation, Matrix Trust provided you with a formula so that you can report this arrangement as **Eligible Indirect Compensation**, and you will be required to enter the MSCS Financial and Matrix Trust names and Employer Identification Numbers or addresses.

MATRIX TRUST
FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS

I. ADDITIONAL COMPENSATION ATTRIBUTABLE TO FLOAT

Matrix Trust Company ("Matrix Trust) may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as "float." The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust's provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or "omnibus" bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the plan and retained by Matrix Trust in connection with Matrix Trust's services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, M&T Bank, provides all of the banking arrangements described above with the exception of certain disbursement account arrangements provided by JP Morgan Chase, N.A. Both M&T Bank and JP Morgan Chase, N.A. are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

II. CIRCUMSTANCES AND TIME FRAMES DURING WHICH FLOAT MAY BE EARNED

1. Contributions

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan's cash contribution to the plan's Matrix Trust account ("Client Account") on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan's behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A "business day" is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust's receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (i.e. stocks and bonds) generally occurs within three business days.

2. Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

3. Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

4. Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust do not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, effective July 1, 2015, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt of direction from the client. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to recredit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

III. RATE ON FLOAT EARNINGS

The rate at which Matrix Trust earn float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame. This compensation varies, but a reasonable estimate based on a blend of rates is from 0.50% to 0.75%.
