DURHAM CITY TRANSIT COMPANY 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Note 1—Description of the Plan

The following description of the Durham City Transit Company ("Company") 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by the Company, a subsidiary of First Transit, Inc.

Employees of the Company covered under the collective bargaining agreement, who have attained the age of 21, have completed at least six months of employment and are not highly compensated, are eligible to participate. An employee may participate in the Plan on the first day of the month following satisfaction of the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company's Administrative Committee is responsible for oversight of the Plan's investment offerings and monitors investment performance. The Administrative Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Board of Directors.

Contributions - Each year, participants may contribute up to 100% of annual compensation, subject to legal limitations, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company matches contributions equal to 10% of up to 3% of the participant's eligible compensation. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts - Each participant's account is credited with the participant's salary deferral contribution and Company's matching contributions, as well as allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and the Company's matching contributions plus actual earnings thereon and are entitled to receive the full value of their accounts upon termination of employment with the Company.

Investment Options - Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of various investment options. Participants may change their investment allocations and contributions at any time.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance under the Plan. Participants are allowed a maximum of two loans outstanding from the Plan at one time. Loan amounts must be repaid over a period not to exceed five years from the date of issuance, unless the loan was obtained for the purpose of purchasing a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions. Should a participant terminate employment, the outstanding loan principal, plus accrued interest, shall become due immediately.

Interest is calculated using the prime rate published in the Wall Street Journal plus 2.00%. The interest rate for the notes receivables for the years ended December 31, 2016 and 2015 ranged from 5.25% to 5.50%, respectively. The loans are secured by the vested balance in the participant's account.

DURHAM CITY TRANSIT COMPANY 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Note 1—Description of the Plan (continued)

Payment of Benefits - Upon termination of service due to death, disability, or normal retirement, a participant with distributions of \$5,000 or greater may elect to receive an amount equal to the value of the participant's interest in his or her account in either a lump sum, partial payments, installment payments, or annuity contracts (other than life annuity). A participant with distributions under \$5,000 may only receive a lump-sum payment. Participants may also take distributions prior to termination of employment if the participant has attained age 59½. Distributions for hardships are allowed from the participant's balance upon meeting the financial burden statutory requirements.

Note 2—Summary of significant accounting policies

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted ("GAAP") in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Ascensus Trust Company, the "trustee" of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Company pays substantially all administrative expenses and investment management fees incurred by the Plan. Administrative expenses include professional fees related to the preparation of the Plan's tax returns, audit fees, and attorney fees. See Note 7 for details of expenses paid out of Plan assets to related parties.

DURHAM CITY TRANSIT COMPANY 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Note 3—Information certified by the Plan's trustee (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015.
- Interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.
- Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this standard are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

DURHAM CITY TRANSIT COMPANY 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Note 4—Fair value measurements (continued)

There have been no changes in the methodologies used to value the investments at December 31, 2016 and 2015. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 399,793	\$ -	\$ -	\$ 399,793

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 334,642	\$ -	\$ -	\$ 334,642

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Note 5—Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Management is monitoring investment market conditions and the impact the conditions are having on the Plan's investment portfolio. Due to the volatility of the financial markets, there is uncertainty regarding the impact which continued volatility might have on the Plan's investment portfolio.

DURHAM CITY TRANSIT COMPANY 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

Note 6—Tax status

The Plan uses a prototype plan document sponsored by Ascensus, Inc. and received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The Plan itself has not received a determination letter from the IRS. However, the Plan's administrator and Plan's third party administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or an asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Party-in-interest transactions

Ascensus, Inc. is the recordkeeper as defined by the Plan and, therefore, qualifies as a party-in-interest. Fees deducted from Plan assets were approximately \$4,300 for the year ended December 31, 2016 for recordkeeping fees.

The Plan also pays various indirect fees to various brokers and dealers for maintenance of investment funds. The indirect fees are identified on the Form 5500, Schedule C.

Notes receivables from participants qualify as party-in-interest transactions.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participant account balances are currently 100% vested.

Note 9—Timely remittance of contributions

The Plan sponsor determined that it had failed to timely remit employees' contributions and loan repayments to the Plan on multiple occasions during the 2012 through 2015 Plan years. Estimated lost earnings for the late remittance due to the Plan are immaterial to the Plan and excluded from the financial statements. With the assistance from an external party, the Plan sponsor is in the process of calculating lost earnings and drafting a self-correction for failure to timely remit employee contributions as of the date of the audit report. The qualified non-elective contribution for lost earning is expect to be remitted to the Plan in October or November 2017.

No provision for income taxes has been included in the Plan's financial statements related to the preceding matters because the Plan sponsor believes that the Plan continues to be qualified and the tax status of the related trust continues to be tax-exempt.
