Independent Auditor's Report

The Plan Administrator
Waste Isolation Pilot Plant Savings Plan
Carlsbad, New Mexico

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Waste Isolation Pilot Plant Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2016 Financial Statements

Our responsibility is to express an opinion on the 2016 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2016 financial statements.

Auditor's Responsibility for the 2015 Financial Statements

Our responsibility is to express an opinion on the 2015 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2015 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2015 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Opinion on the 2016 Financial Statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Disclaimer of Opinion on the 2015 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Form 5500, Schedule H, Part IV-Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2016 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WASTE ISOLATION PILOT PLANT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Waste Isolation Pilot Plant Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document and the Summary Plan Description for more complete information.

General: The Plan is a defined contribution plan generally covering all employees who (1) are in the regular service of Nuclear Waste Partnership LLC (“NWP”), (2) are eligible to work in the United States, (3) are not covered by a collective bargaining agreement unless written agreement is made between representative and NWP and (4) are not currently covered by another government contract defined contribution plan. NWP is the Plan sponsor and Employer with respect to the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Participant accounts: A separate account is maintained for each Plan participant. Participant accounts include voluntary contributions, Employer-match contributions, and an allocation of investment earnings based on the investment fund options held in a participant’s account. The benefit to which a participant is entitled at any given time is 100 percent of their contribution, their vested portion of the Employer contributions, and any earnings (losses) attributable to these contributions.

Participant contributions: Participants may contribute from 1 to 35 percent of their annual eligible compensation in increments of one percent on an after-tax basis, pre-tax basis or a combination of both, subject to certain Internal Revenue Code (“Code”) limitations. Eligible compensation, as defined by the Plan, includes wages and other payments for which the Employer is required to furnish the participant a written statement on Form W-2, exclusive of bonus and incentive payments, variable pay, fringe benefits, and certain other payments, as defined in the Plan. Participants who are 50 years of age and over may voluntarily make additional “catch-up” contributions up to \$6,000 in 2016.

Employer contributions: NWP contributes 50 percent of the first 6 percent of a participant’s annual eligible compensation contributed to the Plan.

Investment options: Participants may direct contributions, including the Employer-match, in one percent increments into a variety of diversified investment fund options allowed by the Plan. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in their contributions, including earnings thereon. Participants vest in Employer contributions over a five-year period at 20 percent per year. For full-time employees and those regularly scheduled to work more than twenty-four (24) hours per week, vesting service is earned in fractional years based on a decimal ratio of actual calendar days of service to the number of days in that year. For employees regularly scheduled to work less than 24 hours a week, one year of vesting service is earned for each Plan year that a participant is credited with at least 1,000 hours of service and fractional years are earned for calendar years in which less than 1,000 hours are worked. Upon retirement or death, participants are vested immediately.

Payment of benefits: When a participant separates from service prior to age 65 and the participant’s vested account balance is \$1,000 or less at the time of separation, such account will be distributed in a lump sum within ninety days following the participant’s separation from service date (or as soon as practicable thereafter). If a participant’s vested account balance is more than \$1,000, but less than or equal

to \$5,000, the participant's vested account balance will be paid directly to an eligible retirement plan selected by the Plan administrative committee unless otherwise elected by the participant. If a participant's vested account balance is greater than \$5,000, the participant may retain the account balance in the Plan until age 65. If a participant has separated from service and is age 65 or older, the Plan shall begin distribution of the participant's account, unless the participant elects to retain their account in the Plan. Terminated participants may receive their account balances in the form of a lump sum payment. Retired participants, as defined in the Plan, may receive their account balances in the form of a lump sum or installments. Active participants may apply for a withdrawal from their account if they are over age 59½ or show financial hardship. All terminated or retired participants must commence receiving required minimum distributions after attainment of age 70½. Upon a participant's death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Forfeitures: Participants who terminate employment may receive a distribution of their vested account balance. The non-vested portion of their account, if any, is forfeited and used to reduce Employer contributions. However, no amounts will be forfeited solely due to transfer of employment to AECOM, the parent company, (or any of its at least 50 percent-owned subsidiaries), until the participant terminates or retires from the Employer. The balance of unallocated forfeitures at December 31, 2016 and 2015 was approximately \$900 and \$4,200, respectively. During the years ended December 31, 2016 and 2015, Employer contributions were reduced by \$44,670 and \$30,147, respectively, from non-vested accounts.

Notes receivable from participants: Active participants may borrow from \$1,000 to \$50,000, not to exceed 50% of their vested balance, provided they meet the Plan's eligibility requirements. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence, which is not to exceed ten years. A participant may have no more than two outstanding loans at any one time. Interest rates are fixed for the term of the loan and are established based on the prime interest rate plus one percent, updated monthly. Notes receivable from participants bear an interest rate of 4.25% to 4.50% at December 31, 2016 and 4.25% at December 31, 2015, respectively. Principal and interest are repaid ratably through payroll deductions. Loans are secured by a promissory note from the participant and his or her vested interest in the Plan. The notes are recorded at cost plus accrued interest.

Plan termination: Although NWP has expressed no intent to do so, the Plan gives the Employer the right to discontinue its contributions or to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, participants become 100 percent vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Recent Accounting Pronouncements: In May 2015, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update No. 2015-07, *Disclosures for Investment in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 seeks to eliminate diversity in practice surrounding how investments measured at net asset value under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. It is effective for annual reporting periods beginning after December 15, 2016. The Plan's management is currently in the process of evaluating the impact of the adoption of the new accounting guidance on its Plan financial statements.

Valuation of investments: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 4 for a description of fair value measurements under the Accounting Standards Codification ("ASC") 820).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from these estimates.

Payment of benefits: Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who elected to withdraw from the Plan, but not yet paid, were \$0 and \$3,100 at December 31, 2016 and 2015, respectively.

Administrative expenses: The Plan's expenses are paid by either the Plan or the Employer, as provided by the Plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. The Plan receives a contracted amount of funds from the trustee, which may be used to pay Plan expenses. Expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Subsequent Events: The Plan Sponsor has evaluated subsequent events through October 11, 2017, the date which the financial statements were available to be issued.

3. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the investments currently being offered. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the economic environment in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used only when Level 1 or Level 2 inputs are not available.

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"> Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in methodologies used in December 31, 2016 and 2015.

Mutual funds: Valued at the net asset value (“NAV”) of shares held by the Plan at year end.

Common trust funds: Stated at NAV of shares held at end of year based on the quoted market prices of the underlying assets.

Stable value funds: Valued at NAV of the fund. The NAV is calculated by the fund based on “net assets,” which includes fully benefit-responsive investment contracts at contract value. This NAV represents the fair value since this is the amount at which the Plan transacts with the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2016 and 2015:

	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
<u>As of December 31, 2016</u>				
Mutual funds	\$64,973,524	\$ --	\$ --	\$64,973,524
Common trust funds	--	23,899,906	--	23,899,906
Total assets at fair value	<u>\$64,973,524</u>	<u>\$23,899,906</u>	<u>\$ --</u>	<u>\$88,873,430</u>
<u>As of December 31, 2015</u>				
Mutual funds	\$58,820,006	\$ --	\$ --	\$58,820,006
Common trust funds	--	22,376,161	--	22,376,161
Total assets at fair value	<u>\$58,820,006</u>	<u>\$22,376,161</u>	<u>\$ --</u>	<u>\$81,196,167</u>

Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes at December 31, 2016 and 2015:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
<u>As of December 31, 2016</u>				
Stable value fund ^(a)	\$ 23,890,420	--	Daily	None
US Treasury short-term investments ^(b)	9,486	--	Daily	None
<u>As of December 31, 2015</u>				
Stable value fund ^(a)	\$ 22,325,458	--	Daily	None
US Treasury short-term investments ^(b)	50,703	--	Daily	None

(a) The objective of the fund is to maximize current income consistent with the maintenance of the investors' principal investment. To achieve this, the Fund invests in a fixed-income security portfolio of fixed-income securities and a value guarantee (wrapper) provided by a third party.

(b) Investments in short-term U.S. Treasury obligations and repurchase agreements collateralized by U.S. Treasury obligations, which seeks to maintain a stable net asset value of \$1.00 per share.

Changes in Fair Value Levels: The Plan evaluated transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2016 and 2015, there were no transfers in or out of Levels 1, 2 or 3.

5. TAX STATUS

The Internal Revenue Service (the "IRS") has informed the Plan by a letter dated December 1, 2015, that the Plan, as amended through May 2015, was designed in accordance with applicable regulations of the Code. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the Code, and believe that the Plan continues to be qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

6. INFORMATION CERTIFIED BY PLAN TRUSTEE

For the year ended December 31, 2015, the Plan administrator elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by T. Rowe Price Trust Company, the Trustee, as of and for the year ended December 31, 2015.

For the year ended December 31, 2016, a full-scope audit was performed on the Plan; and therefore, the information supplied by the Trustee was subject to audit.

The information certified by the Trustee was the annual report and accounting for the year ended December 31, 2015, which includes the beginning and ending balances of assets, and a detailed listing of the transactions in the various funds, including investment earnings and interest income on notes receivable from participants.

7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of investments managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions qualify for prohibited transaction exemptions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the amounts reported in the financial statements and in the Form 5500:
