NOTE A – DESCRIPTION OF PLAN

The following description of the Infinity 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan, established effective January 1, 2004, is a defined contribution plan covering substantially all employees of Infinity Maintenance Services, L.P. and Infinity Construction Services, L.P. (collectively the "Company" or "Plan Sponsor"). An employee shall become eligible to participate the first entry date on or after the employee has completed twelve months of service, worked one thousand hours and attained the age of eighteen. The Plan's entry dates are January 1, April 1, July 1, and October 1 of each year. John Hancock Life Insurance Company USA serves as custodian of the Plan.

The Plan was amended and restated effective January 1, 2010 to incorporate all the amendments made since the Plan was previously restated.

The Plan was amended on February 14, 2013. This amendment was put into place to provide prior service credit to employees hired by Infinity Maintenance Services, LP ("IMS") as a result of its takeover of a contract previously held by Zachry Industrial, Inc. ("Zachry"). With respect to Participation Service and Vesting Service, the employees who became employed by IMS as a result of the takeover of the contract previously held by Zachry, participation and vesting service was credited for the period of employment with Zachry. The rollover of the assets from the former employer plan into this Plan was reflected as a component of rollovers in the statement of changes in net assets available for benefits.

The Plan was merged into the Wood Group 401(k) Plan effective December 31, 2016. Transfers totaling $11,142,835 were completed in December 2016.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

2. Contributions

Participants may contribute up to 25% of pre-tax annual compensation as defined by the Plan, subject to certain maximums set by the Internal Revenue Service ("IRS") ($18,000 in 2015 and 2016).

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the limits set forth by the IRS ($6,000 in 2015 and 2016). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollover contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as options for participants.

NOTE A – DESCRIPTION OF PLAN – Continued

Prior to September 26, 2011, only employees working on maintenance contracts with Dow Chemical at the La Porte and Texas City, Texas, locations and with British Petroleum at the Chocolate Bayou, Texas, location received a match of 25% on all employee contributions up to 4 to 6 percent of the employees' salary, depending on the location. In addition, the Company could make discretionary contributions as determined by the Company for employees not covered under the maintenance contracts.

Effective September 26, 2011, the Company amended the Plan to provide an employer matching contribution to all eligible employees of the Company. The employer matching contribution shall be equal to fifty percent (50%) of the participant's 401(k) deferral contribution up to the first six percent (6%) of compensation contributed, such that the maximum employer matching contribution to a participant during a plan year shall be three percent (3%) of eligible compensation. In addition, the Company may make discretionary contributions as determined by the Company. The Company did not make any discretionary contributions during 2016 and 2015.

3. Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching, and discretionary contributions, if any, and allocations of fund earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company matching and discretionary contributions are 100% vested after normal retirement age of 65, or if the participant becomes disabled or dies while employed. Company matching and discretionary contributions vest based on years of continuous service in accordance with the following schedule:

Years of service	Vested interest in account
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE A – DESCRIPTION OF PLAN – Continued

5. Notes Receivable from Participants

Participants may borrow from their fund accounts in an amount not to exceed the lesser of $50,000 or one-half of their vested account balance. Loan payment terms cannot exceed five years. Participants may have only one outstanding loan at a time. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with prevailing rates as determined by the Plan Sponsor. Principal and interest are paid ratably through monthly payroll deductions.

6. Benefits Paid to Participants

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payments over a certain period in monthly, quarterly, or annual cash installments. The period over which such payment is to be made shall not extend beyond the participant's life expectancy or the life expectancy of the designated beneficiary. Participants may also request a direct rollover distribution paid directly to a qualified retirement plan specified by the participant.

7. Forfeited Accounts

Forfeited accounts are generally used to reduce any future Company matching contributions or Company discretionary contributions. At December 31, 2016 and 2015, unallocated forfeited non-vested accounts totaled $0 and $9,153, respectively. Forfeited amounts are recorded to unallocated cash until a determination is made as to how to use the funds. Forfeitures out of contributions for 2016 and 2015 were $20,546 and $9,985, respectively. Forfeitures applied to reduce Company matching contributions during 2016 and 2015 were $16,227 and $4,870, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

2. Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

3. Valuation of Investments and Income Recognition

Investments are reported at their fair value and are measured in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note D for discussion of fair value measurements.

For investments valued at the net asset value ("NAV") of units. The NAV, as provided by the asset custodian or the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

5. Benefits to Participants

Benefits are recorded when paid.

6. Administrative Expenses

Administrative expenses, including legal and accounting fees, are paid by the Company. The Plan pays monthly custodian fees. Fees related to transaction processing services such as notes receivable from participants or withdrawals are paid directly by the participants.

NOTE C – FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its assets into Level 1 (securities valued using quoted prices from active markets for identical assets), Level 2 (securities not traded on an active market for which observable market inputs are readily available), and Level 3 (securities valued based on significant unobservable inputs). Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

NOTE C – FAIR VALUE MEASUREMENTS – Continued

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The assessment of the significance of a particular input to the fair value measurements requires judgment and may affect the valuation of assets and liabilities being measured and their placement or changes in their placement within the fair value hierarchy. Transfers between levels are recognized on the actual date of the event resulting in the transfer.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV, as provided by the asset custodian or trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying assets that can be valued in active markets.

Stable Value Fund: Valued at NAV, as the practical expedient of the fair value of the John Hancock Stable Value Collective Investment Trust (CIT). In estimating fair value of the fund, Plan management has used the audited financial statements of the John Hancock Stable Value Collective Investment Trust in addition to the information gathered from recently executed transactions, existing contracts and economic conditions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled separate accounts and the stable value fund represent assets measured at NAV as the practical expedient and therefore the fair value leveling table is not presented.

Investments were $0 at year end as a result of the merger into the Wood Group 401(k) Plan, therefore only information for December 31, 2015 is provided below.

NOTE C – FAIR VALUE MEASUREMENTS – Continued

The table below provides additional information about the Plan's investments at December 31, 2015:

	2015					
	Fair value*	Unfunded commitments	Expected liquidation term	Redemption terms	Redemption restrictions	Redemption restrictions at December 31, 2015
Pooled separate accounts:						
Large-capitalization	$ 8,302,219	-	-	Immediate	None	None
Medium-capitalization	70,214	-	-	Immediate	None	None
Small-capitalization	402,488	-	-	Immediate	None	None
International/Growth	127,976	-	-	Immediate	None	None
Bonds and mortgages	438,153	-	-	Immediate	None	None
Fixed income	480,991	-	-	Immediate	None	None
Real estate	13,110			Immediate	None	None
Stable value fund	1,847,603	-	-	30 days to 1 year	See note D	See Note

NOTE D – INVESTMENT IN POOLED SEPARATE ACCOUNTS AND STABLE VALUE FUND

Contributions to pooled separate accounts are invested in small, medium and large capitalization investment funds that seek long-term capital growth. These are also invested in fixed income funds, bonds and mortgages that seek to realize maximum total return, consistent with preservation of capital and prudent investment management. Lastly, these funds are invested in real estate investment trust that seeks to achieve a combination of long-term capital appreciation and current income.

Pooled separate accounts are valued at NAV, as provided by the asset custodian, as the practical expedient to estimate the fair value. There are no restrictions or redemption fee exists on these pooled separate accounts at December 31, 2015.

Contributions to the John Hancock Stable Value Fund (Stable Value Fund) are invested solely in shares of the John Hancock Stable Value Fund (Class 1).

The Unit Value of the Sub-account is defined as the Unit Value of the underlying CIT as adjusted to account for underlying Trust distributions.

NOTE D – INVESTMENT IN POOLED SEPARATE ACCOUNTS AND STABLE VALUE FUND – Continued

The CIT fund is determined to be generally fully benefit-responsive as it honors eligible redemptions at $1 per unit which is considered its contract value. However, per the terms of the John Hancock Group Annuity Contract, the withdrawals from the Stable Value Fund are subject to the same restrictions that apply to the underlying Trust. The Trustee of the underlying CIT has the right to delay any participant-initiated withdrawal for up to 30 days if it determines that immediate withdrawal may have an adverse impact on the Trust. In addition, CIT has the right to delay for up to 12 months, any other withdrawal, including the withdrawal of all or a portion of the assets of an investor in the Trust. Where such or any restrictions or price adjustments are invoked by the underlying CIT with respect to withdrawals attributable to this Contract, the Custodian will apply such restrictions or price adjustments to withdrawals made under this fund with respect to this Contract. Based on the above, the Plan's investment in the Stable Value Fund is considered non fully-benefit responsive.

Investments were $0 at year end as a result of the merger into the Wood Group 401(k) Plan, therefore only information for December 31, 2015 is provided below.

The table below provides additional information as of December 31, 2015 on the Plan's investments where the fair value is measured by net asset value:

	2015
Pooled separate accounts	$ 9,835,151
Stable Value fund	1,847,603
	$ 11,682,754

NOTE E – INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting and compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

The Plan's independent certified public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE F – RELATED PARTY TRANSACTIONS

Certain plan investments are managed by John Hancock Life Insurance Company USA, the custodian, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $83,680 for the year ended December 31, 2015. The Plan's investment transactions are covered by exemptions from the "prohibited transaction" provision of ERISA and the Code.

NOTE G – PLAN TERMINATION

Effective December 31, 2016, the Plan was merged into the Wood Group 401(k) Plan in accordance with the provisions of ERISA. The merger did not change the rights of each participant to the amount in his or her account. All assets of the Plan were liquidated and reinvested in the Wood Group 401(k) Plan on December 31, 2016. There were no tax consequences associated with the plan merger.

NOTE H – TAX STATUS

The IRS has determined and informed the Plan by a letter dated April 19, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related plan is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan remains in compliance with the applicable requirements of the Code; therefore, no provision for income taxes is included in the Plan's financial statements.

US GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE J –SUBSEQUENT EVENTS

Subsequent events have been evaluated for inclusion in the accompanying financial statements through October 16, 2017, which is the date the financial statements were available to be issued.
