1. Description of the Plan

The following description of the Tanium Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. In the case of any inconsistency between this document and the Plan document, the Plan document shall prevail.

General

The Plan, a defined contribution plan sponsored by Tanium Inc. (the "Plan Sponsor"), and qualified under Section 401(k) of the Internal Revenue Code ("IRC"), was established effective July 15, 2007. The Plan was established to provide participants with a means to defer a portion of their eligible compensation for retirement. Employees of the Plan Sponsor are eligible to participate if they are 21 years of age or older. Eligible participants may enter the Plan on the first day of employment. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan administration

The Plan Sponsor is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. Certain administrative expenses of the Plan, including auditing costs, were paid directly by the Plan Sponsor for the year ended December 31, 2016. Charles Schwab Corporation ("Schwab") served as custodian of the Plan's assets and Altman & Cronin Benefit Consultants ("Altman") was the recordkeeping service provider through January 31, 2016.

Effective February 1, 2016, trustee and recordkeeping services are provided by Fidelity Management Trust Company ("Fidelity").

Investment fees, which may vary according to individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Contributions

Participants may elect to defer between 1% and 75% of their pretax annual compensation to the Plan, subject to certain IRC limitations ($18,000 in 2016 and 2015). In addition, participants over the age of 50 were allowed to make additional catch-up contributions up to $6,000 in 2016. Employer matching contributions may be made by the Plan Sponsor at the discretion of management. No employer matching contributions have been made by the Plan Sponsor since inception of the Plan. The 2016 employer contributions reflected on the Statement of Changes in Net Assets Available for Benefits represents a Qualified Non-Elective Contribution made to the Plan in 2016 to satisfy the correction required as approved in the Compliance Statement issued in response to the filing for the Voluntary Correction Program under the Employee Plans Compliance Resolution Program for plan year 2015.

1. Description of the Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching contributions, if any, the participant's account earnings, and charged with withdrawals, participant account losses, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the account balance that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, employer and rollover contributions, and actual investment earnings or losses thereon.

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The repayment of principal plus interest is required by the Plan to be made at least quarterly through payroll deductions within five years unless the loan is used for the purchase of a principal residence, which may be paid over a ten year period. The loans are secured by the balance in the participant's account and bear interest at a rate determined to be reasonable by the Plan Sponsor. All outstanding loans bear interest at a rate of 4.50% and become immediately payable in the event of default, death, disability, or termination of employment.

Payment of benefits

Upon termination of service, death, disability or normal retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or leave the account balance in the Plan. However, if the participant's account balance is $1,000 or less at termination, a distribution is made as a single lump-sum payment upon termination. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but had not yet been paid at December 31, 2016 or 2015.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Summary of Significant Accounting Policies (continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. Fair Value Measurements

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

3. Fair Value Measurements (continued)

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value (NAV) is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Fair Value Measurements Using Input Type	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 257	$ -	$ -	$ 257
Mutual funds	8,887,886	-	-	8,887,886
Total assets in the fair value hierarchy	8,888,143	-	-	8,888,143
Investments measured at net asset value (*)	-	-	-	47,428
Total investments measured at fair value	$8,888,143	$ -	$ -	$8,935,571

Fair Value Measurements Using Input Type	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$3,835,595	$ -	$ -	$3,835,595
Total	$3,835,595	$ -	$ -	$3,835,595

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured using the net asset value per share practical expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Putnam Stable Value Fund	$47,428	n/a	Daily	1 year

4. Information Prepared and Certified by Trustee

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the trustee certified information regarding the cost and fair value of all investment and notes receivable from participant assets held at December 31, 2016, and investment and notes receivable from participant transactions entered into during the period then ended, which were used in the preparation of the accompanying financial statements and supplemental schedule.

5. Party-in-Interest Transactions

Schwab was the custodian of the Plan's assets as defined by the Plan. Transactions with Schwab qualify as exempt party-in-interest transactions.

Effective February 1, 2016, Fidelity is the trustee of the Plan. Certain funds in the Plan's investment fund options are managed by Fidelity, or one of its affiliates. As the Plan trustee, investments qualify as exempt party-in-interest transactions specifically exempted from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

7. Tax Status

The Plan adopted the Fidelity Profit Sharing/401(k) Plan Volume Submitter Plan No. 17. The Internal Revenue Service has informed Fidelity by a letter dated March 31, 2014, that its volume submitter plan is designed in accordance with applicable sections of the IRC, and any employer adopting this form of the volume submitter plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the Internal Revenue Service. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2016 or 2015. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Commitments and Contingencies

The Plan Sponsor noted an operational defect with respect to the Plan for the year ending December 31, 2015 related to certain participant deferrals deposit accounts. The Plan Sponsor calculated the correction during 2016 using the guidelines of the Voluntary Fiduciary Correction Program ("VFCP") in the amount of $5,042. The Plan Sponsor believes that the defects were properly remedied in 2016 and will not adversely affect the Plan's qualified status or have a material impact on the Plan's Net Assets Available for Benefits.

1. Description of the Plan

The following description of the Tanium Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. In the case of any inconsistency between this document and the Plan document, the Plan document shall prevail.

General

The Plan, a defined contribution plan sponsored by Tanium Inc. (the "Plan Sponsor"), and qualified under Section 401(k) of the Internal Revenue Code ("IRC"), was established effective July 15, 2007. The Plan was established to provide participants with a means to defer a portion of their eligible compensation for retirement. Employees of the Plan Sponsor are eligible to participate if they are 21 years of age or older. Eligible participants may enter the Plan on the first day of employment. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan administration

The Plan Sponsor is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. Certain administrative expenses of the Plan, including auditing costs, were paid directly by the Plan Sponsor for the year ended December 31, 2016. Charles Schwab Corporation ("Schwab") served as custodian of the Plan's assets and Altman & Cronin Benefit Consultants ("Altman") was the recordkeeping service provider through January 31, 2016.

Effective February 1, 2016, trustee and recordkeeping services are provided by Fidelity Management Trust Company ("Fidelity").

Investment fees, which may vary according to individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Contributions

Participants may elect to defer between 1% and 75% of their pretax annual compensation to the Plan, subject to certain IRC limitations ($18,000 in 2016 and 2015). In addition, participants over the age of 50 were allowed to make additional catch-up contributions up to $6,000 in 2016. Employer matching contributions may be made by the Plan Sponsor at the discretion of management. No employer matching contributions have been made by the Plan Sponsor since inception of the Plan. The 2016 employer contributions reflected on the Statement of Changes in Net Assets Available for Benefits represents a Qualified Non-Elective Contribution made to the Plan in 2016 to satisfy the correction required as approved in the Compliance Statement issued in response to the filing for the Voluntary Correction Program under the Employee Plans Compliance Resolution Program for plan year 2015.

1. Description of the Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching contributions, if any, the participant's account earnings, and charged with withdrawals, participant account losses, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the account balance that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, employer and rollover contributions, and actual investment earnings or losses thereon.

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The repayment of principal plus interest is required by the Plan to be made at least quarterly through payroll deductions within five years unless the loan is used for the purchase of a principal residence, which may be paid over a ten year period. The loans are secured by the balance in the participant's account and bear interest at a rate determined to be reasonable by the Plan Sponsor. All outstanding loans bear interest at a rate of 4.50% and become immediately payable in the event of default, death, disability, or termination of employment.

Payment of benefits

Upon termination of service, death, disability or normal retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or leave the account balance in the Plan. However, if the participant's account balance is $1,000 or less at termination, a distribution is made as a single lump-sum payment upon termination. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but had not yet been paid at December 31, 2016 or 2015.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Summary of Significant Accounting Policies (continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. Fair Value Measurements

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

3. Fair Value Measurements (continued)

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value (NAV) is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Fair Value Measurements Using Input Type	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 257	$ -	$ -	$ 257
Mutual funds	8,887,886	-	-	8,887,886
Total assets in the fair value hierarchy	8,888,143	-	-	8,888,143
Investments measured at net asset value (*)	-	-	-	47,428
Total investments measured at fair value	$8,888,143	$ -	$ -	$8,935,571

Fair Value Measurements Using Input Type	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$3,835,595	$ -	$ -	$3,835,595
Total	$3,835,595	$ -	$ -	$3,835,595

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured using the net asset value per share practical expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Putnam Stable Value Fund	$47,428	n/a	Daily	1 year

4. Information Prepared and Certified by Trustee

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the trustee certified information regarding the cost and fair value of all investment and notes receivable from participant assets held at December 31, 2016, and investment and notes receivable from participant transactions entered into during the period then ended, which were used in the preparation of the accompanying financial statements and supplemental schedule.

5. Party-in-Interest Transactions

Schwab was the custodian of the Plan's assets as defined by the Plan. Transactions with Schwab qualify as exempt party-in-interest transactions.

Effective February 1, 2016, Fidelity is the trustee of the Plan. Certain funds in the Plan's investment fund options are managed by Fidelity, or one of its affiliates. As the Plan trustee, investments qualify as exempt party-in-interest transactions specifically exempted from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

7. Tax Status

The Plan adopted the Fidelity Profit Sharing/401(k) Plan Volume Submitter Plan No. 17. The Internal Revenue Service has informed Fidelity by a letter dated March 31, 2014, that its volume submitter plan is designed in accordance with applicable sections of the IRC, and any employer adopting this form of the volume submitter plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the Internal Revenue Service. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2016 or 2015. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Commitments and Contingencies

The Plan Sponsor noted an operational defect with respect to the Plan for the year ending December 31, 2015 related to certain participant deferrals deposit accounts. The Plan Sponsor calculated the correction during 2016 using the guidelines of the Voluntary Fiduciary Correction Program ("VFCP") in the amount of $5,042. The Plan Sponsor believes that the defects were properly remedied in 2016 and will not adversely affect the Plan's qualified status or have a material impact on the Plan's Net Assets Available for Benefits.
