NOTE 1 - DESCRIPTION OF THE PLAN

The Coronado Stone Products 401(k) Plan ("the Plan") is a defined contribution plan providing retirement income to eligible employees. The Plan was established January 1, 2006, and is administered by Coronado Stone Products, Inc. ("the Company"). The Plan consists of a tax deferred savings program under Internal Revenue Code (IRC) Section 401(k) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The plan was formally amended and restated effective January 1, 2016 to bring the plan in compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes.

General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for leased employees, employees covered by a collective bargaining agreement, nonresident alien employees with no U.S. income. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and Participation

Employees are eligible to participate if they have completed one year of service of 1,000 hours and are at least eighteen years of age. Employees may enter the Plan on the first day of the Plan year or the first day of month coinciding with or next following the date the employee satisfies the eligibility requirements. Participants are eligible for Company matching contributions if they meet the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, or to make designated Roth contributions, not to exceed the maximum deferral limitation as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. The Plan provides safe harbor matching contributions equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation, but do not exceed 5% of the participant's compensation.

Participant Accounts
Individual accounts are maintained for each of the Plan's participants to reflect the participant's contribution (including those rolled over from another qualifying plan), related matching contributions, an allocation of plan earnings, and charged with benefit payments and allocation of plan losses and expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately 100% vested in all voluntary and safe harbor contributions plus actual earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 4.50%, which are commensurate with local prevailing rates as determined by the Company. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability, hardship, or termination of employment. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. However, the vested account balance will be automatically distributed as a lump sum distribution if the account balance is less than $1,000.

Forfeitures
Forfeitures of the unvested balance of the Company's contributions by terminated participants are used to pay administrative expense or reduce employer contributions. There were $1,597 and $287 of unused forfeitures available to reduce future contributions at December 31, 2016 and 2015, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that may affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from such estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal amount. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

Administrative Expenses

Fees of the administrative agent are paid by the participants. All other expenses related to the administration of the Plan, including fees of the independent public accountants, are paid by the Company. The investment options have certain management fees which reduce the overall return on assets. The net appreciation of assets is reflected net of these fees.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers is effective for years beginning after December 15, 2016, with early adoption permitted.

In July 2015, FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristic and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows a plan to measure its investments and investment-related accounts using the month end closest to its fiscal year-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and Parts I and II are to be applied retrospectively.

Plan management elected to early adopt the applicable ASUs and has concluded that the adoption did not have a significant impact on the Plan's financial statements.

Subsequent Events

The Plan administrator has evaluated subsequent events through October 16, 2017, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S ASSET CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31, 2016	December 31, 2015
Pooled separate accounts	$ 3,117,005	$ 2,633,403
Stable value fund	174,010	144,275
Notes receivable from participants	216,870	153,265
	$ 3,507,885	$ 2,930,943

Net appreciation in value of investments	$ 231,377
Interest income from notes receivable from participants	$ 8,083

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2016 and 2015. During the year ended December 31, 2016, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued at quoted market prices, which represent net asset value of shares held by the pooled separate accounts at year end. The net asset value of the pooled separate accounts is not a publicly-quoted price in an active market, but is based on underlying investments, which are traded in an active market. The investment is classified within the Level 2 of the hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair vales. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	3,117,005	$ -	$ 3,117,005
Total assets	$ -	$ 3,117,005	$ -	$ 3,117,005

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,633,403	$ -	$ 2,633,403
Total assets	$ -	$ 2,633,403	$ -	$ 2,633,403

NOTE 5 - INVESTMENT CONTRACT

The Plan invests in a benefit-responsive stable value fund with Transamerica Financial Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2, because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2016 and 2015 was $174,010 and $144,275, respectively. The crediting interest rate is based on a formula agreed with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The following represents average yields of the investment contract:

	December 31, 2016	December 31, 2015
Based on effective credited rate for the period	0.75%	0.77%
Based on actual earnings for the period	0.73%	0.75%

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100% vested for any portion of their accounts not fully vested previously.

NOTE 7 - TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are in pooled separate accounts and the Stable Value Fund, which are managed by Transamerica. The Plan issues notes to participants which are secured by the balances in participants' accounts. Plan participants have paid fees for note and distribution processing. In addition, the Plan paid investment advisory fees. Other investment related expenses paid by the Plan are included in the net appreciation in fair value of investments. These transactions qualify as party in interest transactions for which a statutory exception exemption exists. The Company paid certain administrative expenses of the Plan; including recordkeeping and audit fees.
