American Chartered Bank 401(k) Plan

Notes to Financial Statements

Note 1. General Description of the Plan

The following description of American Chartered Bank 401(k) Plan (Plan) provided only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was a defined contribution plan covering employees of American Chartered Bank (the Company). The Plan was adopted effective January 1, 1995 and covered all employees who have completed three months of service. The Plan also contained an automatic enrollment feature. Employees may enter the Plan on January 1, April 1, July 1 or October 1, following the completion of the eligibility requirements. Any individual who was employed by the Company on September 1, 2006 was eligible to participate on that date. Effective February 1, 2011, the Plan was amended to change the eligibility requirements for temporary employees. Temporary employees, as defined, became eligible to participate in the Plan on the first entry date after reaching age 21 and upon completion of at least 1,000 hours of service during an eligibility computation period. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants made salary deferrals to the Plan up to 80 percent of their annual compensation and catch-up contributions, all of which were subject to Internal Revenue Code (IRC) limitations. Some or all of the deferral contributions made during the year may be designated as Roth deferral contributions. Participants could contribute amounts representing distributions from other qualified defined benefit or contribution plans. Matching contributions could be made at the Company's discretion each Plan year. In addition, at the Company's discretion, the Company could make a profit sharing contribution to each participant account as determined on a yearly basis by the Company. During 2016, the Company matched 50 percent of employee deferrals up to 2 percent of compensation. In addition, the Company made a profit sharing contribution of \$416,762 for the 2016 plan year.

Participant accounts: Each participant's account was credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants were immediately vested in their elective contributions plus earnings thereon. Vesting in the Bank's contributions was based on years of continuous service. A participant was 100 percent vested after five years of credited service in accordance with the table below.

<u>Years of Service</u>	<u>Percent Vested</u>
1	20%
2	40%
3	60%
4	80%
5	100%

A participant was entitled to 100 percent of his or her account balance upon attainment of age 65, death, or disability.

American Chartered Bank 401(k) Plan

Notes to Financial Statements

Note 1. General Description of the Plan (Continued)

Payment of benefits: On termination of service due to death, disability or retirement, a participant could elect to receive the value of the vested interest of his or her account in the form of a lump-sum distribution or installment payments.

Notes receivable from participants: Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans were secured by the balance in the participant's account. The loan bore interest at .25 percent over the prime rate at the time the loan was initiated. Principal and interest were paid ratably through bi-weekly payroll deductions.

Forfeited accounts: At December 31, 2016 and 2015, forfeited non-vested balances of terminated participants' accounts were \$0 and \$6,663, respectively. The non-vested portion of a participant's account was used by the Company to reduce future employer contributions or pay expenses of the Plan. In 2016, employer contributions were reduced by \$15,640 from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: Subsequent events have been evaluated through October 16, 2017, the date that the financial statements were available for issue.

Note 3. Information Certified by Fidelity Management Trust Company, Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2016	2015
Investments, fair value	\$ -	\$ 29,273,492
Notes receivable from participants	739,550	863,911
Net appreciation in fair value of investments	1,538,603	
Interest and dividends	934,640	
Interest income on notes receivable from participants	28,214	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

American Chartered Bank 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -
Total assets at fair value	\$ -	\$ -	\$ -	\$ -
	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,273,492	\$ -	\$ -	\$ 29,273,492
Total assets at fair value	\$ 29,273,492	\$ -	\$ -	\$ 29,273,492

Note 5. Tax Status of Plan

Effective July 18, 2014, the Plan adopted a volume submitter plan sponsored by Fidelity Management & Research Co. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan was designed and was being operated in compliance with applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position, that more likely than not, would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

American Chartered Bank 401(k) Plan

Notes to Financial Statements

Note 6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment services amounted to \$4,183 for the year ended December 31, 2016.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits

Note 8. Plan Merger

On August 24, 2016, MB Financial, Inc. acquired the Company and became the sponsor of the Plan. American Chartered Bank 401(k) Plan was amended to merge the Plan into MB Financial, Inc. 401(k) Profit Sharing Plan effective December 31, 2016. Total assets transferred out of the Plan were approximately \$29.5 million. A plan transfer out payable of approximately \$29.5 million was recorded as of December 31, 2016 on the statement of net assets available for benefits, which was received by MB Financial, Inc. 401(k) Profit Sharing Plan on January 3, 2017.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500:
