Notes to Financial Statements

Note 1. Plan Description

The following description of the Sunshine Minting, Inc. Employees Savings Trust (the Plan) provides only general information. Participants should refer to the Plan document for more complete information of the Plan's provisions.

General: The Plan is a participant-directed, defined-contribution plan covering all eligible employees of Sunshine Minting, Inc. and its wholly owned subsidiaries (collectively, the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have completed three months of service and have attained the age of 18 are eligible to participate in the Plan. Ineligible employees are: (1) employees whose employment is governed by the terms of a collective bargaining agreement; (2) employees who are nonresident aliens and do not receive any earned income from the employer that constitutes income from sources within the United States; and (3) leased employees.

Contributions: Participants may contribute up to 100 percent of pretax annual compensation, up to the maximum amount allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous registered investment companies, a collective investment trust and a money market fund as investment options for participants.

The Company may make discretionary matching contributions, which are allocated to the participants' accounts based on a formula as determined by the Board of Directors. There were no matching contributions made for 2016. The Company may also make discretionary profit sharing contributions. There were no profit sharing contributions made to the Plan for 2016. An employee must be employed by the Company on the last day of the year in order to receive the Company's discretionary contributions. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution, an allocation of any Company contributions and the participant's portion of earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants vest immediately in their contributions, plus actual earnings thereon. Participants become 100 percent vested in the Company contributions once three years of service have been completed. Also, a participant becomes fully vested in Company contributions upon death or disability.

Forfeitures: The Plan provides for use of forfeitures of participants' nonvested accounts to pay administrative expenses or reduce Company contributions under the Plan provisions. Forfeitures used to pay Plan expenses were approximately \$8,000 during the year ended December 31, 2016. As of December 31, 2016 and 2015, there were approximately \$7,300 and \$1,900, respectively, in unallocated forfeitures.

Notes receivable from participants: The Plan does not permit notes receivable from participants.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service due to retirement, disability, death, termination or other reasons, a participant or their beneficiary may elect to receive a distribution equal to the vested balance in his or her account. Distributions may be taken in a lump sum and, in some instances, a series of installment payments. If the participant's vested account does not exceed \$5,000, the entire vested balance shall be payable to the participant in a single lump-sum payment.

Note 2. Significant Accounting Policies

Basis of accounting: The Plan's financial statements are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles general accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines fair value using pricing information provided by the Plan custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefit payments are recorded when paid.

Administrative expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 16, 2017, the date the financial statements were available to be issued.

Note 3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability; and
- Inputs are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end shares of registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Money market fund: The money market fund is valued at cost, which approximates fair value.

Collective investment trust: Valued using the NAV practical expedient as reported by the collective investment trust managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the collective investment trust, minus liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 5. Tax Status

The Plan has adopted a standardized form of a volume submitter plan sponsored by Randall & Hurley, Inc. The volume submitter plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the volume submitter plan document's qualified status. The volume submitter plan document's opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their account balance.

Note 7. Information Certified by the Custodian

The following is a summary of the asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by TD Ameritrade Trust Company, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information and the supplemental schedule related to the following assets at December 31:

Description of Assets	2016	2015
Registered investment companies	\$ 2,245,599	\$ 1,703,630
Collective investment trust	55,159	44,789
Money market fund	7,317	2,112

TD Ameritrade Trust Company also certified as to the completeness and accuracy of \$39,617 of dividend income and \$132,657 of net appreciation in fair value of investments for the year ended December 31, 2016.

Note 8. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to TD Ameritrade Trust Company and other service providers totaled approximately \$41,000 for the year ended December 31, 2016. The Plan Sponsor pays directly any other fees related to the Plan's operations.
