NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE A - DESCRIPTION OF PLAN

The following description of the Murphy's Markets, Inc. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company initially become eligible to make salary deferral contributions and receive employer matching & profit sharing contributions upon the employment commencement date, provided the employee is at least 18 years of age. No service requirement is necessary to participate in the Plan. According to the Plan agreement, eligible employees may immediately enter the Plan once they satisfy the eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, not to exceed $18,000 and $18,000 in 2016 and 2015, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $6,000 and $6,000 in 2016 and 2015, respectively. The Plan agreement allows for rollover contributions for all eligible participants. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers thirty-one mutual funds as investment options for participants. Each year that a participant contributes a potion of their compensation into the Plan as an elective deferral, the Company makes a matching contribution on their behalf. The amount of the matching contribution is determined each year by the Company. For 2016 and 2015, the Company's matching contribution was 2% of the participant's compensation for particpants that deferred 4% or more of their compensation and 1% of the participant's compensation for particpants that deferred less than 4% of their compensation. Additional profit sharing contributions may be contributed at the option of the Company. For 2016 and 2015, the Company did not elect to make any additional profit sharing contributions. Overall contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions portion of their accounts is based on years of continuous service. A participant is 100% vested in this portion after six years of credited service as follows:

Vesting Schedule
Matching and Profit Sharing Contributions

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans must be secured, and are generally secured by the vested balance in the participant's account. The loans bear a commercially reasonable rate of interest established by the plan administrator at the date of the loan. Historically this has been the prime rate. During 2016, interest rates charged on loans ranged from the prime rate to prime rate plus 1%. Principal and interest is paid ratably either by participants directly or through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, receive installments over a period no longer than assumed life expectancy, or leave the balance in the Plan if the vested interest exceeds $5,000. Participants that are still employed with the Company may receive a partial or lump sum in-service distribution once they reach age 59 1/2. Participants that reach age 70 1/2 are required to take minimum distributions each year. Additionally, participants may request in-service distributions if the distribution qualifies as a financial hardship distribution.

Forfeited Accounts

Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. The nonvested portion of terminated participants' account balances is used to

NOTE A - DESCRIPTION OF PLAN (continued)

offset various administrative expenses and reduce future employer contributions. At December 31, 2016 and 2015, there were forfeited, nonvested accounts totaling $3,611 and $3,606, respectively, included in Plan assets.

Plan Restatement
Effective December 1, 2015, the Plan was restated. The restatement includes applicable EGTRRA provisions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
With the exception of certain non-settlor expenses, the expenses of maintaining the Plan are paid by the Company.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical investments in active markets. An active market for an investment is a market in which the investment is traded with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 inputs to the valuation methodology include the following:
  - Quoted prices for similar investments in active markets
  - Quoted prices for identical or similar investments in inactive markets
  - Inputs other than quoted prices that are observable for theinvestnent
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

- *Mutual fund units.* Valued at the net asset value of units held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2016 and 2015:

Description	Level 1	Level 2	Level 3	Total
Mutual Fund Investments				
December 31, 2016	$ 1,240,903	$ 0	$ 0	$ 1,240,903
December 31, 2015	$ 1,094,497	$ 0	$ 0	$ 1,094,497

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their employer contributions.

NOTE F - TAX STATUS

As of December 1, 2015, the Plan obtained its latest determination letter on its prototype plan from the Department of Treasury, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements and may be relied upon under Internal Revenue Code section 401(a). Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - RELATED PARTY TRANSACTIONS

Plan investments are in the form of mutual fund units held in trust by Ascensus Trust Company. Ascensus Trust Copmany has a fiduciary responsibility to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for management services and record keeping to Ascensus Trust Company amounted to $333 for the year ended December 31, 2016.

Fees paid to Wells Fargo Advisors, an investment consultant with a fiduciary responsibility to the Plan, amounted to $2,384 for the year ended December 31, 2016.
