We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

SENECA MEDICAL
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Note 1—Plan description and basis of presentation

Seneca Medical, Inc. established the Seneca Medical Employee Stock Ownership Plan and Trust (the Plan) effective as of July 1, 1998. Effective March 31, 2016, the shareholders of Seneca Medical, Inc. contributed their shares to acquire membership interest in Seneca Medical Holdings, Inc. dba Seneca Medical Inc. (the Company or Plan Sponsor).

The Plan document was amended and restated effective January 1, 2016 in accordance with the Company's S-Corporation election. The Plan operates as an internally leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Plan Trustee. Effective January 1, 2016, the Plan amended the definition of the Plan year. The Plan's accounting year of twelve months will commence on January 1 of each year and end the following December 31. As a result, there was a short Plan year beginning on July 1, 2015 and ending on December 31, 2015.

The Plan has purchased 468,025 shares of Seneca Medical Inc. common stock using the proceeds of two loans totaling \$8,009,400 from Seneca Medical, Inc., and holds the stock in a trust established under the Plan. The last loan payment was due in April 2009, and was paid with funds available from the fully deductible Seneca Medical, Inc. contributions to the trust fund. As the Plan made payments of principal, an appropriate percentage of shares of Seneca Medical Inc. common stock were allocated to eligible participants' accounts in accordance with applicable regulations under the Code. Shares were allocated to participants' accounts annually as of the Plan year-end. Allocated shares vest based upon a graduated vesting schedule, with full vesting after six years of credited service.

The loans were collateralized by the unallocated shares of Seneca Medical, Inc. common stock. The Company has no rights against shares once they are allocated under the ESOP. As of December 31, 2016 and 2015, all of the Seneca Medical, Inc. shares have been allocated.

Employees of the Seneca Medical, Inc. were generally eligible to participate in the Plan after one year of service providing they worked at least 500 hours during such plan year. Employees who did not have at least 500 hours of service during a plan year or were not employed on the last working day of a plan year were generally not eligible for an allocation of Seneca Medical, Inc. contributions for such year.

Effective March 31, 2016, with the acquisition of membership interest in Seneca Medical Holdings, Inc., the Plan was frozen and no longer accepted contributions into the Plan as a result of the merger of the Company with two other companies to form Concordance Healthcare Solutions, LLC. All participants accounts became 100% vested at March 31, 2016. The Company makes S-Corporation distributions to the Plan to cover tax liability resulting from membership interest in the Company. The Company made S-Corporation distributions to the Plan amounting to \$1,929,591 and \$0 for 2016 and 2015, respectively.

SENECA MEDICAL
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2016 and 2015

Note 1—Plan description and basis of presentation—continued

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary, or, if none, his or her legal representatives), diversifies (as noted in the next paragraph), or otherwise terminates employment with the Company. Distributions are made in the form of either a lump sum payment or equal installment payments over a given period, at the discretion of the Company. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participants' account.

The Plan permits the participants to directly transfer up to 50% of their account balance from the Plan to the Seneca Medical, Inc. 401(k) Plan. To be eligible to transfer funds, the participant must be 55 years old and completed 10 years of service. This diversification occurs at the end of each plan year.

Participants become vested in the Company's contributions plus actual earnings (losses) over a seven year period as described below:

<u>Credited Service</u>	<u>Vested Percentage</u>
Less than 3 years	0%
3 years but less than 4 years	20%
4 years but less than 5 years	40%
5 years but less than 6 years	60%
6 years but less than 7 years	80%
7 years or more	100%

Forfeited balances of terminated participant accounts are allocated as an additional Company contribution.

The Plan Trustee is responsible for voting the Company common stock held by the ESOP, although, in certain circumstances, participants will be notified they have the right to direct the vote of the Trustee.

The Company reserves the right to terminate the Plan at any time, subject to the Plan and ERISA provisions. Under such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Trustee will pay all liabilities and expenses of the Plan. In addition, all allocated amounts become 100% vested and any remaining unallocated shares shall be allocated to the accounts of all participants in accordance with the provisions of the Plan document.

Note 2—Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Participant distributions are recorded when paid.

SENECA MEDICAL
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2016 and 2015

Note 2—Summary of significant accounting policies - continued

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussed disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Employer S-corporation contributions from membership interest in Seneca Medical Holdings, Inc. are recorded on the declaration date. Net appreciation (depreciation) includes gains and losses on investments bought, sold and held during the year.

New Accounting Pronouncements—continued

In July 2015, FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. The Plan adopted the applicable provisions of Part II for the year ended December 31, 2016 December 31, 2016 and applied the changes retrospectively to the Plan year ended December 31, 2015.

Subsequent events

The Plan has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2016 through October 12, 2017.

EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 3—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Seneca Medical, Holdings, Inc. Common Stock – valued at fair value, as determined by independent appraisals as of December 31, 2016.

Seneca Medical, Inc. Common Stock – valued at fair value, as determined by independent appraisals as of December 31, 2015.

Note 4—Income tax status

The Plan has received a determination letter from the Internal Revenue Service dated July 20, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 5—Administration of Plan assets

The Plan's investment in Company common stock is held in a trust established under the Plan. Certain administrative functions are performed by officers or employees of the Company without compensation from the Plan. Administrative expenses are paid directly by the Company.

Note 6—Employer contributions

Effective March 31, 2016, neither the Company nor any participating company shall make contributions to the Plan with respect to any time period on and after March 31, 2016. For the year ending December 31, 2016, the Company purchased 1,038 shares of stock from the Plan totaling \$62,267 and withdrew \$305,522 to fund participant distributions. During the period July 1, 2015 through December 31, 2015, Seneca Medical, Inc. made discretionary share contributions for the Plan amounting to \$500,000. Additionally, for the period July 1, 2015 through December 31, 2015, Seneca Medical, Inc. purchased 19,259 shares of stock from the Plan totaling \$957,148 and withdrew \$103,523 to fund participant distributions. For the year ending December 31, 2016, the Company reallocated 3,084 shares of stock in the Plan for a total of \$185,043, to fund participant diversifications. For the period July 1, 2015 through December 31, 2015, no shares of stock were reallocated for diversifications.

Note 7—Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in a near term that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8—Related party transactions and party in interest transactions

Certain Plan investments are shares of the Company stock and money markets managed by Captrust, the custodian of the Plan, and therefore, these transactions qualify as party in interest transactions.
