Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Seneca Medical Holdings, Inc. 401(K) Plan (the Plan), which comprise the statements of net assets available for Plan benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for Plan benefits for the year ended December 31, 2016 and for the period July 1, 2015 through December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fifth Third Bank, the current custodian of the Plan and Wells Fargo Bank, N.A, the former custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the current and former custodians held the Plan's assets and executed transactions. The Plan Administrator has obtained certifications from the current custodian as of December 31, 2016 and for the period March 15, 2016 through December 31, 2016, and the former custodian as of December 31, 2015 and for the periods January 1, 2016 through March 14, 2016 and July 1, 2015 through December 31, 2015, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

General

The Plan is a defined contribution plan established for the sole purpose of providing retirement benefits to all employees as defined in the Plan document of the Seneca Medical Holdings, Inc. dba Seneca Medical Inc. (the Company or Plan Sponsor). Employees are eligible to participate in the Plan upon employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Seneca Medical, Inc. established the Plan effective as of January 1, 1993. Effective March 31, 2016, the shareholders of Seneca Medical, Inc. contributed their shares to acquire membership interest in the Company. Also effective March 31, 2016, the Company became the sponsor of the Plan.

Effective January 1, 2016, the Plan amended the definition of the Plan year in accordance with the Company's S-Corporation election. The Plan's accounting year of twelve months will commence on January 1 of each year and end the following December 31. As a result, there was a short Plan year beginning on July 1, 2015 and ending on December 31, 2015.

Contributions

Participants may elect a percentage reduction in compensation, subject to Internal Revenue Service (IRS) limitations, which may be contributed to the Plan, as designated by the employee, as both Roth elective deferrals in addition to pre-tax elective deferrals. The Company, at its discretion, may make matching contributions for participants who are contributing to the Plan and are actively employed at the end of the Plan year or have completed 500 hours of service. Matching contributions may also be made for participants that are not actively employed at the end of the Plan year as a result of death, total and permanent disability, and early or normal retirement. There were no discretionary matching contributions in 2016 or 2015.

Participant accounts

Participants direct the investment of their accounts among investment options offered by the Plan. Each participant's account is credited with the participant's contribution and the Company's contributions, if any. Participant accounts are also adjusted for investment earnings and losses based on the respective fund's changes in net asset value during the Plan year.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of service for any Company matching contribution.

Forfeitures

Forfeited balances of terminated participant accounts are used to pay Plan administrative fees and reduce the Company's future matching contributions.

Note 1—Description of Plan—continued

Plan termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become fully vested.

Retirement benefits

On termination of service due to death, disability, or retirement a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments over a period not to exceed the life expectancy of the participant or beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Retirement benefits are recorded when paid. In the event of hardship, as defined in the plan agreement, participants may make a partial or full distribution of their accounts, subject to certain tax withholdings.

Notes receivable from participants

Participants may borrow the lesser of 50% of the fair market value of the vested account balance or \$50,000. The interest rate is established based on the prime rate plus one percent. The note receivable repayment schedule can be no longer than 60 months except if the note receivable is for the purpose of acquiring any house, apartment, condominium or mobile home that is to be used as the principal residence of the participant. The Plan Administrator will determine the term of such note receivable. Principal and interest is paid ratably through payroll deductions. These notes receivable are secured by the balance in the participant's accounts and bear interest at rates ranging from 4.25% to 4.50%, which is commensurate with local prevailing rates and considered reasonable by the Plan Administrator.

Note 2—Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Participant withdrawals are recorded upon distribution.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Contributions

Employee salary deferrals and employer contributions are included in income during the period the related salary is earned.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Administrative expenses

Administrative costs are first paid by forfeitures and then by the Company, except for note receivable and benefit payment transaction fees, which are paid from the participant's account receiving the note receivable.

Income tax status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. .

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 should be applied retrospectively to all periods presented and is effective for annual periods beginning after December 15, 2016 with early adoption permitted. The Plan has elected to early adopt the new guidance applicable to the Plan for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

In July 2015, FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan adopted the applicable provisions of Part I and II for the year ended December 31, 2016 December 31, 2016 and applied the changes retrospectively to the Plan year ended December 31, 2015.

Subsequent events

The Plan has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2016 through October 12, 2017.

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants as of December 31, 2016, and net realized and unrealized appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the period March 15, 2016 through December 31, 2016, were obtained or derived from information supplied to the Plan Sponsor and certified by Fifth Third Bank, current custodian, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All investment information disclosed in the accompanying financial statements, including investments held as of December 31, 2015, and net realized and unrealized appreciation in fair value of investments, interest, and dividends for the period January 1, 2016 through March 14, 2016, and the period July 1, 2015 through December 31, 2015 were obtained or derived from information supplied to the Plan Sponsor and certified by Wells Fargo Bank, N.A, former custodian, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Participants' notes receivable totaling \$206,253 at December 31, 2015, and the interest income on notes receivable from participants totaling \$1,301 for the period January 1, 2016 through March 14, 2016, and \$5,205 for the period July 1, 2015 through December 31, 2015 are not certified by Wells Fargo Bank, N.A. The notes receivable from participants at December 31, 2016 and the period March 15, 2016 through December 31, 2016 were certified by Fifth Third Bank. Participant accounts are allocated among the investment options as directed by the participants.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2016 and 2015

Note 4—Fair value measurements—continued

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the plan. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds – valued at the quoted closing market price on an active market held by the Plan at the end of the year. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission.

Common/Collective Trust Fund – valued at the net asset value of units of a collective trust. The net asset value as provided by the custodian, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

Description	Total December 31, 2016	Fair Value Measurements at December 31, 2016 Using		
		Quoted Prices in Active Markets for Identical Assets Level (1)	Significant Other Observable Inputs Level (2)	Significant Unobservable Inputs Level (3)

Description	Total December 31, 2015	Fair Value Measurements at December 31, 2015 Using		
		Quoted Prices in Active Markets for Identical Assets Level (1)	Significant Other Observable Inputs Level (2)	Significant Unobservable Inputs Level (3)
Mutual funds	\$ 7,950,353	\$ 7,950,353	\$ 0	\$ 0
Total investments in the fair value hierarchy	7,950,353	<u>\$ 7,950,353</u>	<u>\$ 0</u>	<u>\$ 0</u>
Investments measured at net asset value (a)(b)	<u>1,753,863</u>			
Total investment assets at fair value	<u>\$ 9,704,216</u>			

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.
- (b) accordance with ASU 2015-12, indirect holdings, which were reported as a common/collective trust fund in the prior year, are no longer presented as Level 2 but included in the Investments measured at the net asset value. The 2015 schedule has been reclassified to reflect such change.

The common collective trust funds have no unfunded commitments, have a daily redemption frequency and require a 1 day redemption period. The fair value of the common collective trust funds, as measured at the net asset value (or its equivalent) is \$288,843 and \$1,753,863 at December 31, 2016 and 2015, respectively.

Note 5—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6—Related party transactions and party in interest transactions

Certain Plan investments were managed by the former custodian, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. There have been no known prohibited transactions with a party in interest.
