To the Plan Administrator
Boyd Corporation 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Boyd Corporation 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the investment assets held by the certifying entities of the Plan, and the transactions in those assets, were excluded from the scope of our audit of these financial statements, except in comparing the information provided by the certifying entities, which is summarized in Note 3, with the related information included in these financial statements.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as of December 31, 2016, required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974, is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Note 1. Plan Description

The following description of the Boyd Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Boyd Corporation (the Company). The Plan covers substantially all employees of the Company who have attained one month of service, except for employees solely compensated under a collective bargaining agreement, nonresident aliens and independent contractors. Effective November 1, 2016, employees must attain two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 20 percent of their eligible compensation for the year up to the statutory limit. The Plan allows for both pretax and Roth 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

For the year ended December 31, 2016, the Company made discretionary matching contributions equal to 50 percent of each participant's deferrals up to a maximum of 6 percent of gross compensation. The Company made discretionary matching contributions of $418,022 and $434,905 for the years ended December 31, 2016 and 2015, respectively.

The Company may also make additional profit sharing contributions, subject to certain statutory limits. The Company's Board of Directors determines any profit sharing contributions annually at its discretion. Participants must be employed by the Company on December 31 of each Plan year to receive their portion of the profit sharing contribution, unless termination is due to death, disability or the attainment of age 65 (the Plan's normal retirement age). No profit sharing contributions were made to the Plan for the year ended December 31, 2016.

Participant accounts: Each participant's account is credited with the participant's contributions, gains and losses on investments in the participant's account balance and allocations of (a) the Company's contribution and (b) administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to 50 percent of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of fifteen years. The notes receivable are secured by no more than 50 percent of the balance in the participants account and bear interest at a rate commensurate with local prevailing rates at the time the note originates. The interest rates on the participant notes receivable as of December 31, 2016 ranged from 4.25 percent to 5.00 percent, and mature through 2021. Principal and interest are paid in equal installments through payroll deductions.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions is based on years of continuous service. Participants vest at a rate of 50 percent upon completion of one year of service and are completely vested after two years of service. Participants become fully vested upon death, disability or attainment of normal retirement age.

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service, a participant may elect to receive benefits equal to the value of his or her vested account balance through a single lump-sum payment or on an installment basis. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Terminated participants with vested account balances of $1,000 or less will be paid in a lump-sum cash amount.

Forfeitures: The Plan provides for forfeitures of terminated participants' nonvested accounts to be used to reduce employer contributions. Prior to November 1, 2016, the Plan provided for forfeitures to be allocated to participants that were eligible for the discretionary matching contribution. For the year ended December 31, 2016, there were $34,654 forfeitures reallocated to participant accounts. Forfeited nonvested accounts as of December 31, 2016 and 2015 were $2,564 and $33,019, respectively.

Participant investment options: Participants direct their contributions from salary deferrals and their allocated share of employer contributions into investment options as made available and determined by the Plan administrator, which are more fully described in the Plan's literature.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies using information provided by the trustees, investment advisors and investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. In the event payment is delinquent more than three months, the loan is considered to be in default. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Excess contributions refundable: Amounts refundable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan will distribute the 2016 excess contributions to the applicable participants during 2017.

Contributions: Contributions from Plan participants and the matching contribution from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. Profit sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant directed.

Benefits: Benefits are recorded when paid.

Note 2. Significant Accounting Policies (Continued)

Administrative expenses: Certain administrative functions are performed by employees of the Company. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain record keeping fees paid by the Plan. Investment-related expenses are included in net appreciation in fair value of investments.

Use of estimates: The preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events through October 16, 2017, which is the date the financial statements were available to be issued.

Effective January 1, 2017, the Plan was amended. As a result of the Plan amendment, a year of service is required to receive employer matching contributions.

Note 3. Information Certified and Provided by the Plan Custodians

The following is a summary of the asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by the Plan custodians and furnished to the Plan administrator. The Plan administrator has obtained certifications from Transamerica Financial Life Insurance Company (Transamerica), the current custodian of the Plan, and State Street Bank & Trust Company (State Street) and Reliance Trust Company (Reliance), the former custodians of the Plan, that information provided to the Plan administrator by the Plan custodians related to the following assets is complete and accurate. State Street certified the asset balances as of December 31, 2015 and for the period from January 1, 2016 through June 30, 2016. Reliance certified asset balances for the period from July 1, 2016 through November 30, 2016. All Plan assets were transferred to the current custodian, Transamerica, on November 30, 2016. Transamerica certified information for the entire Plan year, but only held assets for the Plan for the period from November 30, 2016 through December 31, 2016.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

	2016 (Transamerica)	2015 (State Street)
Investments, at fair value	$ 16,267,012	$ 14,133,453
Notes receivable from participants	551,643	570,827

State Street and Reliance certified the completeness and accuracy of $892,556 of net appreciation in fair value of investments, $44,518 of interest and dividend income related to the aforementioned Plan assets, and $21,475 of interest income on notes receivable from participants for the year ended December 31, 2016.

Note 3. Information Certified and Provided by the Plan Custodians (Continued)

Transamerica certified the completeness and accuracy of $104,562 of net depreciation in fair value of investments, $69,135 of interest and dividend income related to the aforementioned Plan assets, and $2,045 of interest income on notes receivable from participants for the year ended December 31, 2016.

Note 4. Fair Value Measurements

FASB ASC 820, Fair Value Measurement and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015.

Mutual funds: Mutual funds are reported at fair value based on the quoted market prices of the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Common collective trust funds are the underlying investment of the stable value fund. The stable value fund is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions used to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
Investment Category	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,816,991	$ -	$ -	$ 13,816,991
Common collective trust funds (a)				2,450,021
				$ 16,267,012

	2015			
Investment Category	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,198,649	$ -	$ -	$ 12,198,649
Common collective trust funds (a)				1,934,804
				$ 14,133,453

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent) as of December 31:

	Fair Value Estimated Using NAV Per Share				
	Fair Value December 31		Unfunded	Redemption	Redemption
Investment	2016	2015	Commitment	Frequency	Notice Period
Common collective trust funds:					
Invesco Stable Value Retirement Class 4	$ 2,450,021	$ -	None	Daily	24-months
MetLife Stable Value Fund - Class K	-	1,910,915	None	Daily	None
SSgA U.S. Bond Index Securities Lending Series Fund - Class VI	-	23,889	None	Daily	None
Total	$ 2,450,021	$ 1,934,804			

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 6. Tax Status

Effective November 1, 2015, the Plan adopted a nonstandardized form of a prototype profit sharing 401(k) plan sponsored by Automatic Data Processing, which received a favorable opinion letter in July 2014. Although the opinion letter is not specific to the Plan, and the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Effective November 1, 2016, the Plan adopted a volume submitter profit sharing 401(k) plan sponsored by Transamerica Retirement Solutions, which received a favorable opinion letter in March 2014. Although the opinion letter is not specific to the Plan, and the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan administrator believes the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2013.

Note 7. Related-Party Transactions

Plan investments include shares of mutual funds and common collective trusts managed by the former and current Plan custodians. These transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2016	2015
Net assets available for benefits per the financial statements	$ 16,717,298	$ 14,704,280
Deemed distribution of loans	-	(46,041)
Net assets per the Form 5500	$ 16,717,298	$ 14,658,239

Note 9. Reconciliation of Financial Statements to the Form 5500 (Continued)

The following is a reconciliation of the net increase in assets available for benefits per the financial statement to the Form 5500 for the year ended December 31, 2016:

Net increase in net assets available for benefits per the financial statements	$	2,013,018
Change in deemed distribution of loans		46,041
Net increase per the Form 5500	$	2,059,059
