DAN GERNATT GRAVEL PRODUCTS, INCORPORATED
SAVINGS AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

1. DESCRIPTION OF PLAN

The following description of the Dan Gernatt Gravel Products, Incorporated ("Company") Savings and Security Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Dan Gernatt Gravel Products, Inc., Country Side Sand and Gravel, Inc., and Gernatt Asphalt Products, Inc., who have completed one month of service and are age twenty and one half or older. The purpose of the Plan is to encourage retirement savings among eligible employees. The Trustees are responsible for oversight of the Plan and to determine the appropriateness of the Plan's investment offerings and monitor investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Each year, participants may contribute between 5 and 100 percent of pretax annual compensation, as defined in the Plan. A participant may also make voluntary after-tax contributions to the Plan and allocated contributions to a Roth account as specified by the Plan. In addition, participants may separately elect to contribute up to 100 percent of any bonuses paid during the year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute voluntary after-tax contributions, subject to limitations, and amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless affirmatively elected not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested per the plan document until changed by the participant.

The Plan provides that all employee contributions to the Plan will be invested in certain individual funds as directed by each participant. The Plan currently offers a Separate Account Guaranteed Investment Contract (SAGIC) and various Pooled Separate Investment Accounts as investment options for participants.

Contributions, and related earnings received from participants, are net of repayment of $-0-, for both of the years ended December 31, 2016 and 2015, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2016 and 2015, respectively.

Employer Contributions

The Employer contributes 50 percent of participants' eligible deferrals up to the first 5 percent of compensation that a participant contributes to the Plan. The Company may make additional profit sharing contributions at the discretion of the Company's board of directors. Contributions are subject to certain IRS limitations.

1. DESCRIPTION OF PLAN *(continued)*

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participant's non-vested accounts (which amounted to $6,996 and $6,913 for the years ended December 31, 2016 and 2015, respectively) can be used to reduce future administrative expenses which are paid for by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service over a six year graduated scale. A participant is fully vested after six years of credited service, upon death or disability while still employed, normal retirement age or upon plan termination.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. The maximum number of loans permitted to be outstanding at any one time to each participant is two and the loan term cannot exceed five years unless for the purchase of participant's principal residence (but no longer than ten years). The loans are secured by the balance in the participant's account. The loan interest rate, determined by the plan administer, is set at 2 percent above the prime rate, as defined. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his/her account as a lump-sum distribution, under installment payments, as a plan-to-plan transfer, as an annuity to commence at normal retirement date or the participant may elect to continue his/her account until age 70 ½ . If a participant's vested account balance is $5,000 or less the entire vested amount will be paid as a lump-sum distribution.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $6,996 and $6,913 respectively. These accounts will be used at the Company's discretion. Also, in 2016, plan expenses were reduced by $2,797 from forfeited non-vested accounts.

Plan Amendments

The Plan was restated in its entirety effective January 1, 2015. The Plan was again restated in its entirety effective January 1, 2017.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. For tax purposes, the Form 5500 is prepared using the cash method of accounting.

Pervasiveness of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016, or 2015. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan did not have any excess contributions for either of the years ended December 31, 2016 or 2015.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other directly chargeable participant expenses are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments and administrative expenses.

Date of management's review of subsequent events

Subsequent events were evaluated through October 16, 2017, which is the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY MASS MUTUAL LIFE INSURANCE COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2016 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mass Mutual Life Insurance Company (the record keeper as agent for the trustees of the Plan).

	2016	2015
Investments, at contract value, Guaranteed Investment Contracts	$ 9,909,731	$ 9,355,367
Investments, estimated at fair value, other observable inputs		
Pooled Separate Investment Accounts	9,033,319	9,549,201
Notes receivable from participants	240,439	194,365
Investment Earnings, net	839,745	229,333

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

Mass Mutual Retirement Services (MMRS) SAGIC investment option is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Contract Value is also often referred to as "Book Value." MMRS considers this investment option to be fully benefit responsive not withstanding the market value events under the SAGIC contract that limit the ability of the plan to transact at Contract Value.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mass Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2016 and 2015, was $9,909,731 and $9,355,367, respectively. The crediting interest rate, based on a formula agreed upon with the issuer, is adjusted quarterly. The rate as of December 31, 2016 was 2.41 percent.

Certain events may limit the ability of the Plan to transact at Contract Value with MMRS. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or change in administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

5. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used of reinvestments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

5. FAIR VALUE MEASUREMENTS *(continued)*

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements at the End of the Reporting Period Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2016				
Investment assets in fair value hierarchy	$ 0	$ 0	$ 0	$ 0
Total assets in the fair value hierarchy	0	0	0	0
Investments measured at net asset value (a)	9,033,319	0	0	0
Investments at fair value	$ 9,033,319	$ 0	$ 0	$ 0
2015				
Investment assets in fair value hierarchy	$ 0	$ 0	$ 0	$ 0
Total assets in the fair value hierarchy	0	0	0	0
Investments measured at net asset value (a)	9,549,201	0	0	0
Investments at fair value	$ 9,549,201	$ 0	$ 0	$ 0

(a) In accordance with Subtopic 820-10 certain investments that were measure at NAV per share (or its quivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

Pooled Separate Accounts (SIA) - The Plan's holdings, fund units, are valued at NAV, which is used as a practical expedient for fair value of the underlying assets on the Valuation Date as determined generally by commercial quotation services. Fair value includes reinvested dividend and interest income, received and accrued, and realized and unrealized gains and losses of the underlying SIA assets. The underlying investments' performance (interest, dividends, and realized and unrealized gains and losses) is reflected in the unit value. There are no unfunded commitments, redemptions can be made daily and there are no other restrictions or penalties.

5. FAIR VALUE MEASUREMENTS *(continued)*

Fair Value Estimated Using Net Asset Value Per Share

Description	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
2016				
Pooled Separate Accounts	$ 9,033,319	-	Daily	1 day
2015				
Pooled Separate Accounts	$ 9,549,201	-	Daily	1 day

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2016 and 2015, are reported in net appreciation (depreciation) in fair value of investments. Unrealized gains/(losses) from the SAGIC are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

The Plan's policy is to recognize transfers between levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December, 2016, there were no transfers between Level's 1 and 2 and no transfers into or out of Level 3.

6. BENEFIT OBLIGATIONS

Net assets available for benefits at December 31, 2016 and 2015 include $537,898 and $925,216, respectively, allocated to accounts of persons who as of, or prior to, that date had withdrawn from participating in the operations of the Plan. The affected participants have elected to receive periodic payments or have deferred distributions as allowed by the Plan.

7. RELATED-PARTY TRANSACTIONS - PARTIES IN INTEREST

Certain Plan investments are shares of separate account general investment contract and pooled separate investment accounts managed by Massachusetts Mutual Life Insurance Company (Mass Mutual). Mass Mutual is the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments because they are paid through revenue sharing rather than a direct payment. Administrative expenses paid directly to Mass Mutual for the periods ended December 31, 2016 and 2015 amounted to $2,460 and $1,919, respectively which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Plan trustees also contribute to the Plan as permitted by the Plan document because eligibility requirements have been met.

8. TAX STATUS

The Plan obtained its latest advisory letter regarding the volume submitter plan on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been restated (January 1, 2015) since receiving the advisory letter the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan has no liabilities recorded at December 31, 2016 and 2015, for unrecognized tax benefits. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for the years prior to 2013.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:

Statement of net assets available for benefits:	**2016**	**2015**
