FCE BENEFIT ADMINISTRATORS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2016 AND DECEMBER 31, 2015

Note 1. DESCRIPTION OF THE PLAN:

The following description of the FCE Benefit Administrators, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan was established on July 1, 1994 by FCE Benefit Administrators, Inc., (the Plan Sponsor) to provide the opportunity to save for retirement on a tax-advantaged basis. The Plan was amended and restated as of January 1, 2016. The Plan is a defined contribution plan covering all eligible employees who are not members of a union subject to a collective bargaining agreement or who are nonresident aliens who have no earned income from sources within the United States. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration:

The Company has appointed an Administrative Committee (the "Committee") to manage the operations and administration of the Plan. The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Eligibility:

In addition to the restriction under the General section, employees will be eligible to participate in the Plan when the following conditions are satisfied:

- Attainment of age 21
- Completion of 1 year of service

Entry date will be the first day of the month coinciding with or next following the date you satisfy the eligibility requirements.

Participant contributions:

Participants may make contributions of up to 100% of their annual compensation, as defined in the Plan, through payroll withholdings. The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $18,000 for 2016 and 2015. Participants who are age 50 and over may make an additional catch-up contribution of $6,000. A participant may increase or decrease the amount of contributions at any time. Contributions to the Plan are limited to the maximum amount allowable under the provisions of the Internal Revenue Code ("IRC").

The Plan document permits Roth 401(k) contributions into the Plan. Participants may also make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. All contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Note 1. DESCRIPTION OF THE PLAN (Continued):

Employer contributions:

In addition to participant deferrals, the Plan Sponsor may make a discretionary matching contribution equal to a uniform percentage of your salary deferrals. On an annual basis, the Plan Sponsor will determine the amount of the discretionary percentage.

Also, a discretionary profit sharing contribution may be made by the Plan Sponsor. In order to share in the profit sharing contribution, participants are required to be employed on the last day of the Plan year and be credited with more than 3 months of service during the Plan Year.

Participant accounts:

Each participant's account is credited with their contributions, allocations of the Plan Sponsor's contributions and allocation of Plan earnings.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment management, record-keeping and trustee fees included in administrative expenses were $5,820 for the year ended December 31, 2016. Investment-related expenses are included in net appreciation or depreciation in fair or contract value of investments.

Notes receivable from participants:

Notes receivables form participants are not permitted per the Plan adoption agreement.

Vesting:

Participants are 100% vested in their contributions and plan sponsor contributions.

Payment of benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting:

The Plan prepares its financial statements on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

Investment valuation and income recognition:

Investments are generally included in the financial statements at fair value as reported to the Plan by Transamerica Financial Life Insurance Company and Great-West Trust Company, LLC. Shares are stated at quoted market value. Gains and losses on investments are recognized in the period in which the appreciation or depreciation occurs. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains or losses and unrealized appreciation or depreciation on those investments.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

As described in professional accounting standards, investment contracts held by a defined-contributing plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan.

Income taxes:

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the Internal Revenue Code (IRC). A favorable opinion letter from the Internal Revenue Service was issued on March 31, 2014 regarding the qualified status of the prototype plan on which the terms of the Plan are based. It is the belief of the plan administrator that the Plan is designed and is currently operated in compliance with the applicable requirements of the Internal Revenue Service.

Purchases and sales:

Purchases and sales of securities are recorded on trade date basis.

Payment of benefits:

Plan benefits are recorded when paid.

New accounting standard:

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully-benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Part III also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015.

In May 2015, FASB issued ASU 2015-07 Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent). The ASU removes the requirement to categorize investments measured at fair value using net asset value (NAV) as a practical expedient within the fair value hierarchy. The Plan adopted the provisions of ASU 2015-07 for the year ended December 31, 2016 and will apply retroactively. The ASU is effective for fiscal years beginning after December 15, 2015.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Date of administrative committee's review:

The Administrative Committee has evaluated events through October 16, 2017, the date which the financial statements were available for issue. Management has concluded that there were no subsequent events to be disclosed or recognized in the financial statements.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosure. Accordingly, actual results could differ from those estimates.

Note 4. SIGNIFICANT CONCENTRATION OF CREDIT RISK:

For the years ended December 31, 2016 and 2015, the Plan's investments were held in a trust fund administered by Transamerica Financial Life Insurance Company and a trust fund administered by Great-West Trust Company, LLC.

The Plan provides for various investment options in any one of a combination of mutual funds that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED):

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the custodians certified information regarding the cost and fair value of all investments held at December 31, 2016 and 2015, and investments from participants transactions entered into during 2016, which was used in preparation of the accompanying financial statements and supplemental schedules.

Note 6. FAIR VALUE MEASUREMENTS:

Accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority, consisting of significant unobservable inputs. The three levels of the fair value hierarchy under professional accounting standard are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Pooled separate accounts: Valued at the net asset value (NAV) of separate accounts held by the plan at year end as obtained from a pricing service, Interactive Data Corporation.

***Benefit responsive investment*:** Value based on its beginning daily balance and its credited rate communicated to the plan and credited daily. Any market value adjustment or surrender charge will be based on the formulas and schedules in the contract (See Note 7).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. FAIR VALUE MEASUREMENTS (Continued):

The following tables set forth by level, the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Investments at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total

Investments at fair value				$ 2,525,182

Gains and losses for the year ended December 31, 2016 are reported as part of the appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer.

Note 7. GUARANTEED INVESTEMENT CONTRACTS (STABLE VALUE FUND):

Effective July 31, 2016, the Plan entered a fully benefit-responsive guaranteed investment contract with Transamerica Financial Life Insurance Company (TFLIC). TFLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 7. GUARANTEED INVESTEMENT CONTRACTS (STABLE VALUE FUND) (Continued):

The Federated Capital Preservation Class SP (the "Stable Value Fund") represents an investment in fully benefit-responsive investment contracts. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Although plan participants generally may withdraw assets from the Stable Value investment choice without restrictions, a hold can apply on the plan's assets in a Stave Value investment choice. If a plan sponsor wishes to remove a Transamerica Stable Value investment choice as an option from the Plan, then depending on the contract, TFLIC may impose a hold for up to a 270-day period on the Stable Value investment choice assets at the plan level if the most recently announced upcoming credited rate has increased or has not changed. Transamerica will provide at least 45 days advance notice of any interest rate change for each semi-annual period. Additionally, under limited circumstances, Transamerica may impose up to a 12-month delay period on all withdrawal requests from all plan sponsors at the plan level.

At December 31, 2016, the Plan had $412,285 in Federated Capital Preservation Class SP, a guaranteed investment contract (a benefit-responsive investment) and $820 in the Transamerica Stable Value Fund, a guaranteed investment contract (a benefit-responsive investment).

FASB ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, allow us to eliminate the requirement to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully-benefit responsive investment contracts. However, under FASB ASU 2015-12, the amount presented as contract value is now presented as fair value.

Note 8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the value of all participants' accounts becomes fully vested and non-forfeitable. The Plan would continue in existence until all participants' accounts have been completely distributed.

Note 9. RISKS AND UNCERTAINTIES:

The Plan provided for various investment options in any combination from among the funds available from Transamerica Financial Life Insurance Company and Great-West Trust Company, LLC. Investment securities were exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Note 10. RELATED PARTY TRANSACTIONS:

Certain plan investments were shares of mutual funds managed by Transamerica Financial Life Insurance Company and Great-West Trust Company, LLC. Transamerica and Great-West were the custodians of the Plan assets as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Company pays directly for other expenses related to the Plan's operations.
