1. Description of the Plan

The following description of the ComAv, LLC 401(k) Profit Sharing Plan, formerly known as Southern California Aviation, LLC 401(k) Profit Sharing Plan, (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2008, for the benefit of the employees of Southern California Aviation, LLC (the Company). Beginning October 1, 2013, eligible employees from Pacific Aviation Group LLC and ComAv LLC began participation to the Plan; and the Plan was amended to change its name to ComAv, LLC 401(k) Profit Sharing Plan. The Plan, and related trust, are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Plan was restated to comply with the Pension Protection Act of 2006. In connection with this restatement, the Plan adopted all legislation passed and any amendments required, since the prior restatement.

The Plan is a defined contribution plan covering all employees of the abovementioned three Companies who have reached age twenty-one and have one year of credited service, as defined by the Plan. The Plan provides for quarterly dates of entry.

Contributions

Participant contributions:

Each year, participants may contribute up to 100% of their annual compensation, not to exceed the government-imposed limit, which is \$18,000 for years ended December 31, 2016 and 2015, respectively. The government-imposed limit is increased by \$6,000 for participants who reach age 50 by each respective year-end. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer safe harbor matching contributions:

The Company provides a safe harbor matching contribution for Plan participants each year equal to 100% of the first 3% of compensation plus 50% of the next 2% of compensation. During the years ended December 31, 2016 and 2015, the employer safe harbor matching contributions to the Plan were \$192,536 and \$192,629, respectively.

Employer profit-sharing contributions:

Each plan year, the Company may make an additional discretionary profit sharing contribution on behalf of all participants who have completed 1,000 credited hours of service, and who are employed by the Company on the last day of the plan year. During the years ended December 31, 2016 and 2015, there were no employer profit-sharing contributions made to the Plan.

1. Description of the Plan (continued)

Investment options

Participants must direct their salary deferral contributions and their share of the Company's contributions into various investments as made available and determined by the Plan Administrator, which are more fully illustrated in the Plan's literature.

Participant accounts

Each participant account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate of interest plus 2%. The interest rate for all loans is 4% - 5.5% for years ended December 31, 2016 and 2015, respectively. Principal and interest are paid ratably through bi-weekly and semi-monthly payroll deductions.

Vesting

Participants are immediately vested (100%) in their voluntary contributions and Company matching and profit sharing contributions plus actual earnings thereon.

Payment of benefits

Upon termination of service due to death, disability, termination, or retirement, a participant or the participant's beneficiary will receive a value of the vested account balance in the form of a lump-sum amount. There is an automatic cash-out provision for participants with balances not exceeding \$1,000.

Forfeited accounts

Since participants are immediately vested (100%) in their voluntary, and Company matching and profit-sharing contributions, plus actual earnings thereon, there were no forfeited balances included in Plan net assets available for benefits at December 31, 2016 and 2015.

2. Summary of accounting policies

A summary of the significant accounting policies followed by the Plan in the preparation of the accompanying financial statements is as follows:

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Investments held by a defined contribution plan are required to be reported at fair value.

Investment valuation and income recognition

Investments are reported at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative costs

The significant costs of the plan for accounting and administrative expenses are absorbed by the Plan sponsor.

2. Summary of accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Risks and uncertainties

The Plan invests in a variety of investment funds. Investments, in general, are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events

The Plan has evaluated subsequent events through October 3, 2017, the date which the financial statements were available to be issued. There were no subsequent events noted that would require adjustment to or disclosure in these financial statements.

New accounting standards

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part III is not applicable to the Plan. Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits, and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Part II was applied retroactively to the December 31, 2015 year. The Plan applied the provisions of ASU 2015-12 retrospectively, as required. Part II was reflected in the statements of assets available for benefits and in the notes to the financial statements. Certain historical disclosures that are no longer required were removed.

Investment activity

During 2016 and 2015, the Plan's investment activity from the certified assets was as follows:

Investment assets not certified by the John Hancock Life Insurance Company (USA)

The Plan provides for participants to direct their investments outside the mutual fund options of John Hancock Life Insurance Company (USA). For these investments, secondary financial institutions are utilized. The following table presents the value of investments not certified by John Hancock Life Insurance Company (USA).

	2016	2015

During 2016 and 2015, there was no significant investment activity from uncertified assets.

4. Fair value measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

ComAv, LLC 401(k) Profit Sharing Plan
Notes to the Financial Statements
For the Years Ended December 31, 2016 and 2015

4. Fair value measurements (continued)

Level II – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Common stocks, corporate bonds, unit investment trusts, money market funds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

Notes to the Financial Statements

4. Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2016 and 2015:

	Level 1	Level 2	Level 3	Total
<i>December 31, 2016</i>				
Mutual funds	\$ 2,975,914	\$ -	\$ -	\$ 2,975,914
Investment securities	10,218	-	-	10,218
	<u>\$ 2,986,132</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,986,132</u>

	<u>\$ 2,499,732</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,499,732</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2016 and 2015 are reported in net appreciation in fair value of investments.

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under provisions of the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. Related party transactions

Plan investments consist of participant-directed investments in mutual funds managed by John Hancock Life Insurance Company (USA), the asset custodian of the Plan. John Hancock Life Insurance Company (USA) also provides recordkeeping services to the Plan, and Woodbury Financial provides brokerage services to the Plan. These transactions qualify as exempt party-in-interest transactions.

7. Tax status

The Plan document received a volume advisory letter dated May 5, 2015, in which the Internal Revenue Service stated that the Plan document was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the advisory letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Prohibited Transactions

During 2016 and 2015, the Company failed to remit to the plan's trustee certain employee contributions and loan repayments totaling \$34,367 and \$14,647, respectively within the period prescribed by Department of Labor regulations. Delays in these remittances to the trustee were due primarily to administrative issues. The Company plans to fund the lost earnings on the late remitted contributions and loan repayments, and pay the related Department of Labor excise taxes, as soon as administratively possible.
