Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note J, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

The supplemental schedules are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. Because of the significance of the mattered described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to preform, and they did not perform, and auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company, the Trustee of the Plan. Their report, dated September 30, 2016, indicated that (a) because of the significance of the information that they did not audit, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

NOTE A - DESCRIPTION OF PLAN

The following description of the Hill Country Restaurants, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all employees of the Company who have been with the company for one year, have performed 1,000 hours of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions. Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified contribution plans. The Company matches up to 4% of the participants' contributions to the Plan. All contributions are invested in participant directed investments in pool separate accounts or the group annuity contract. Contributions are subject to certain limitations.

3. Participant Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution and, (b) Plan earnings, charged with allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. The vesting schedule is as follows:

YEARS OF SERVICE	PERCENT VESTED
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

5. Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

6. Payment of Benefits. On termination of service due to death, disability, or retirement, or other reasons, a participant (or beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows for in-service hardship distributions for certain financial needs of the participant as defined in the Plan Document.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

7. Forfeited Accounts. A forfeiture is a terminated participant's unvested account balance in the plan. The matching portion of the forfeitures can be used to reduce the Company's matching contribution in future periods or used to pay Plan expenses. The activity in the forfeiture account was as follows for the years presented:

Balance December 31, 2014	$	470
Forfeitures		14 772
Investment earnings		26
Used to offset employer match		(15 268)
Balance December 31, 2015		-
Forfeitures		7 003
Investment earnings		16
Used to offset employer match		(3 857)
Balance December 31, 2016	$	3 162

8. Administrative Expenses. The Company absorbs the trustee's fee for managing the Plan, and the participants who borrow from their funds are charged for the costs associated with setting up the loan. In addition, those participants who take distributions are charged for the costs associated with the processing of their distributions.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in all material respects.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payments based on the terms of the Plan document.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through September 29, 2017, the date the financial statements were available to be issued.

NOTE C - ACCOUNTING CHANGES AND ERROR CORRECTIONS

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820)*. The update eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share (or its equivalent) practical expedient. Additionally, the update removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share (or its equivalent) practical expedient. Rather, those disclosures are limited to investments for which Management has elected to measure the fair value using the practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected early adoption.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure fully benefit-responsive investment contracts and provide certain disclosures. Contract value is only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Part II is to be applied retrospectively. The Plan was required to adopt this ASU in 2016.

NOTE D - FAIR VALUE MEASUREMENT

The Plan's investments (other than fully-benefit responsive investment contracts) are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

NOTE D - FAIR VALUE MEASUREMENT - CONTINUED

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1, Level 2, and Level 3. The Plan uses appropriate valuation techniques based on available inputs to measure fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The three levels of fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Examples of investments whose values are based on quoted market prices in active markets, and whose values are therefore classified as Level 1 prices, include active listed equities and mutual funds.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.). Examples of investments whose values are based on inputs other than quoted prices, and whose values are therefore classified as Level 2 prices, include pooled separate accounts.

Level 3 inputs are unobservable inputs for the asset or liability. Investments whose values are classified as Level 3 prices have significant unobservable inputs, as they may trade infrequently or not at all. When observable prices are not available for these securities, the Funds use one or more valuation techniques for which sufficient and reliable data is available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts - Accounts invest exclusively in one underlying mutual fund traded on an established market. All of the pooled separate accounts are valued at the net asset value ("NAV") of units in the account. The NAV, as provided by the Trustee, is based on the fair value of the underlying investment held in the account.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

		FAIR VALUE MEASUREMENTS AT REPORTING DATE USING		
	FAIR VALUE (UNAUDITED)	QUOTED PRICES IN ACTIVE MARKETS FOR IDENTICAL ASSETS/ LIABILITIES (LEVEL 1)	SIGNIFICANT OTHER OBSERVABLE INPUTS (LEVEL 2)	SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)

	$ 1 384 902	$ -	$ 1 384 902	$ -

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan invests in a traditional fully benefit responsive investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual"). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expense. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT - CONTINUED

Because the guaranteed investment contract is fully benefit-responsive, contract value (100% traditional) is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) the Plan or Plan trust fails to maintain its special tax qualified or exempt status under 401(a) of the Code, (b) the Plan fails to provide information necessary for MassMutual to perform the Agreement and the Plan fails to remedy the failure within 31 days from the date of notification, (c) the Plan trust is amended in a way that adversely affect MassMutual's obligations under the agreement, or (d) a change such that the Plan is no longer considered to be an entity which is authorized or eligible to sponsor the Agreement. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator is not aware of any circumstances that would limit the ability of the Plan to transact at contract value.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer accounts.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company on March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - PARTIES-IN-INTEREST

The Plan invests in pooled separate accounts and a fully benefit-responsive contract managed by Hartford Life Insurance Company, an affiliate of the Trustee. As such, transactions related to these investments qualify as party-in-interest transactions. The investment is considered an exception to the Prohibited Transaction Rules of ERISA. Effective January 1, 2013, Hartford Life Insurance Company entered into a reinsurance agreement with MassMutual with respect to the insurance products issued by Harford to its retirement customers.

The Plan makes loans available to participants on a nondiscriminatory basis. Since plan participants are employees of the plan sponsor, they are considered parties-in-interest. Loans to plan participants are considered an exception to the Prohibited Transaction Rules of ERISA, since the loans are adequately secured, bear a reasonable interest rate and do not exceed certain limits.

NOTE J - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee, Massachusetts Mutual Life Insurance Company in 2016 and 2015. Effective January 1, 2013 Massachusetts Mutual Life Insurance Company ("MassMutual") acquired the Hartford's Retirement Plans Group ("RPG") business. MassMutual has no affiliation, and the RPG business no longer has any affiliation, with The Hartford Financial Services Group, or any of its subsidiaries. MassMutual has been appointed by Hartford Life Insurance Company ("HLIC") to provide all administrative services necessary to support the insurance contracts issued by HLIC in connection with the RPG business.

Hill Country Restaurants, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hill Country Restaurants, Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note J, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedules

The supplemental schedules of assets (held at year end), assets (acquired and disposed within the year) and delinquent participant contributions as of and for the year ending December 31, 2016, which are the responsibility of management, are presented for purposes of additional analysis. The supplemental schedules are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. Because of the significance of the mattered described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to preform, and they did not perform, and auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company, the Trustee of the Plan. Their report, dated September 30, 2016, indicated that (a) because of the significance of the information that they did not audit, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

Report on Form and Content on Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Hill Country Restaurants, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all employees of the Company who have been with the company for one year, have performed 1,000 hours of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions. Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified contribution plans. The Company matches up to 4% of the participants' contributions to the Plan. All contributions are invested in participant directed investments in pool separate accounts or the group annuity contract. Contributions are subject to certain limitations.

3. Participant Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution and, (b) Plan earnings, charged with allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. The vesting schedule is as follows:

YEARS OF SERVICE	PERCENT VESTED
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

5. Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

6. Payment of Benefits. On termination of service due to death, disability, or retirement, or other reasons, a participant (or beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows for in-service hardship distributions for certain financial needs of the participant as defined in the Plan Document.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

7. Forfeited Accounts. A forfeiture is a terminated participant's unvested account balance in the plan. The matching portion of the forfeitures can be used to reduce the Company's matching contribution in future periods or used to pay Plan expenses. The activity in the forfeiture account was as follows for the years presented:

Balance December 31, 2014	$	470
Forfeitures		14 772
Investment earnings		26
Used to offset employer match		(15 268)
Balance December 31, 2015		-
Forfeitures		7 003
Investment earnings		16
Used to offset employer match		(3 857)
Balance December 31, 2016	$	3 162

8. Administrative Expenses. The Company absorbs the trustee's fee for managing the Plan, and the participants who borrow from their funds are charged for the costs associated with setting up the loan. In addition, those participants who take distributions are charged for the costs associated with the processing of their distributions.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in all material respects.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payments based on the terms of the Plan document.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through September 29, 2017, the date the financial statements were available to be issued.

NOTE C - ACCOUNTING CHANGES AND ERROR CORRECTIONS

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820)*. The update eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share (or its equivalent) practical expedient. Additionally, the update removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share (or its equivalent) practical expedient. Rather, those disclosures are limited to investments for which Management has elected to measure the fair value using the practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected early adoption.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure fully benefit-responsive investment contracts and provide certain disclosures. Contract value is only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Part II is to be applied retrospectively. The Plan was required to adopt this ASU in 2016.

NOTE D - FAIR VALUE MEASUREMENT

The Plan's investments (other than fully-benefit responsive investment contracts) are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

NOTE D - FAIR VALUE MEASUREMENT - CONTINUED

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1, Level 2, and Level 3. The Plan uses appropriate valuation techniques based on available inputs to measure fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The three levels of fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Examples of investments whose values are based on quoted market prices in active markets, and whose values are therefore classified as Level 1 prices, include active listed equities and mutual funds.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.). Examples of investments whose values are based on inputs other than quoted prices, and whose values are therefore classified as Level 2 prices, include pooled separate accounts.

Level 3 inputs are unobservable inputs for the asset or liability. Investments whose values are classified as Level 3 prices have significant unobservable inputs, as they may trade infrequently or not at all. When observable prices are not available for these securities, the Funds use one or more valuation techniques for which sufficient and reliable data is available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts - Accounts invest exclusively in one underlying mutual fund traded on an established market. All of the pooled separate accounts are valued at the net asset value ("NAV") of units in the account. The NAV, as provided by the Trustee, is based on the fair value of the underlying investment held in the account.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

		FAIR VALUE MEASUREMENTS AT REPORTING DATE USING		
	FAIR VALUE (UNAUDITED)	QUOTED PRICES IN ACTIVE MARKETS FOR IDENTICAL ASSETS/ LIABILITIES (LEVEL 1)	SIGNIFICANT OTHER OBSERVABLE INPUTS (LEVEL 2)	SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan invests in a traditional fully benefit responsive investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual"). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expense. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT - CONTINUED

Because the guaranteed investment contract is fully benefit-responsive, contract value (100% traditional) is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) the Plan or Plan trust fails to maintain its special tax qualified or exempt status under 401(a) of the Code, (b) the Plan fails to provide information necessary for MassMutual to perform the Agreement and the Plan fails to remedy the failure within 31 days from the date of notification, (c) the Plan trust is amended in a way that adversely affect MassMutual's obligations under the agreement, or (d) a change such that the Plan is no longer considered to be an entity which is authorized or eligible to sponsor the Agreement. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator is not aware of any circumstances that would limit the ability of the Plan to transact at contract value.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer accounts.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company on March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - PARTIES-IN-INTEREST

The Plan invests in pooled separate accounts and a fully benefit-responsive contract managed by Hartford Life Insurance Company, an affiliate of the Trustee. As such, transactions related to these investments qualify as party-in-interest transactions. The investment is considered an exception to the Prohibited Transaction Rules of ERISA. Effective January 1, 2013, Hartford Life Insurance Company entered into a reinsurance agreement with MassMutual with respect to the insurance products issued by Harford to its retirement customers.

The Plan makes loans available to participants on a nondiscriminatory basis. Since plan participants are employees of the plan sponsor, they are considered parties-in-interest. Loans to plan participants are considered an exception to the Prohibited Transaction Rules of ERISA, since the loans are adequately secured, bear a reasonable interest rate and do not exceed certain limits.

NOTE J - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee, Massachusetts Mutual Life Insurance Company in 2016 and 2015. Effective January 1, 2013 Massachusetts Mutual Life Insurance Company ("MassMutual") acquired the Hartford's Retirement Plans Group ("RPG") business. MassMutual has no affiliation, and the RPG business no longer has any affiliation, with The Hartford Financial Services Group, or any of its subsidiaries. MassMutual has been appointed by Hartford Life Insurance Company ("HLIC") to provide all administrative services necessary to support the insurance contracts issued by HLIC in connection with the RPG business.
