MVE & PARTNERS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

1. Description of Plan

The following description of the MVE & Partners 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan and was adopted on March 1, 1976.

- General
  The Plan is a defined contribution plan with a Cash Deferred Arrangement (CODA) covering substantially all employees of McLarand, Vasquez, Emsiek, & Partners, Inc., MVE Institutional (see note 9), and MVE Pacific, Inc. (the Employer). Pursuant to an amendment dated July 1, 2011, the asset Custodian changed to DWS Investments.

  Plan is qualified in accordance with Internal Revenue Code Section 401(k)

  The Trustee for the Plan is DWS Investments. Administrative expenses consist of investment advisory fees and other administration fees that may be paid by either the Employer or the Plan.

- Eligibility

  The plan provides for different eligibility criteria for participant contributions, employer discretionary matching contributions, employer discretionary contributions, and the special employer contribution – Qualified Non-Elective Contribution (QNEC).

  Participant Contributions – Employees become eligible to participate in the Plan upon completing three consecutive full calendar months of employment, Entry dates are the first day of each calendar month that coincides with or next follows the date on which such requirements are satisfied.

  Employer Matching Contributions – Pursuant to the amendment and the restatement of the plan on July 1, 2010, the Employer may make a discretionary matching contribution. A participant is eligible to receive a discretionary uniform percentage of the participants elective deferrals in the form of a matching contribution upon completing one year of service (1,000 hours within a 12 month period immediately following the participant's hire date) and upon reaching age 21. After satisfying the eligibility requirements, the employee is entitled to share in the discretionary matching contributions provided the employee has satisfied the allocations conditions as follows: the employee was employed on the last day of the Plan year and has completed at least 1,000 hours of service during the plan year.

  Employer Non-Elective Profit Sharing Contributions – Employees become eligible to participate in the employer non-elective profit sharing contribution upon completing one year of service (1,000 hours within a 12 month period immediately following the participant's hire date) and upon reaching age 21.

1. Description of Plan (Continued)

- Eligibility (continued)
  After satisfying the eligibility requirements, the employee is entitled to share in the profit sharing contributions provided the employee has satisfied the allocation conditions as follows: the employee was employed on the last day of the year and has completed at least 1,000 hours of service during the Plan year. Entry dates are the first date of the first and seventh month of the Plan year that coincides with, or next follows, the date on which such requirements are satisfied.

  An employee is eligible to receive an allocation of the profit sharing contribution even if the employee was not employed on the last day of the Plan year and if the employee terminated employment because of retirement on or after the normal retirement age (the latter date of the employee reaches age 65, or completes at least five years of service), death, or disability.

- Contributions
  Each participant may contribute up to the lesser of 90% of eligible compensation or the maximum amount allowed under Internal Revenue Service ("IRS") regulation limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Currently the Plan offers various mutual funds. The Employer may make a matching contribution equal to a percentage of the employee's contribution, as decided solely by the Employer's management. This is a discretionary percentage and may change from year to year. Pursuant to the amendment and restatement of the Plan on July 1, 2010, the profit sharing contribution is allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. The employer made a contribution of $100,007 for the year ended December 31, 2015. For the year ended December 31, 2014 the employer made a contribution of $195,844.

  The plan allows participants to designate all or a portion of their deferrals as Roth elective deferrals.

- Participants Accounts
  Each participant's account is credited with the participant's contribution and an allocation of (a) the Employer's contribution (as described above), and (b) Plan earnings, and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitles is the benefit that can be provided from the participant's vested portion of his account.

- Vesting
  Participants are 100% vested in their contributions plus actual earnings thereon. Vesting in the employer's non-elective profit sharing and matching contributions are based on the number of years of service according to the following schedule:

1. Description of Plan (Continued)

- Vesting (continued)

Years of Service	Vested %
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Each participant's vested interest becomes distributable upon retirement, attainment of age 59.5, financial hardship, termination of employment, disability, or death. Participants become fully vested in the Employer's contribution in the event of death or disability while employed by the Employer or upon normal retirement at the age of 65. Upon termination of the Plan, the accounts of all participants become fully vested.

- Payment of Benefits
On termination of employment due to disability, retirement or any other reason, the participant may elect to receive either a lump-sum distribution or certain cases, in the form of a joint or survivor annuity. The Plan also has an early retirement option when a participant reaches age 55. Hardship withdrawals are allowed under the Plan if participant reaches age 55. Hardship withdrawals are allowed under the Plan if participants meet the requirements for such a withdrawal as defined in the Plan agreement.

- Participant Loans
The Employer in accordance with a written loan procedure may permit loans to be made from the Trust Fund to Participants and Beneficiaries on a non-discriminatory basis. Participants may borrow from their fund accounts up to an aggregate maximum equal to the lesser of $50,000 or 50% of their vested account balance and a minimum of $1,000. Participants may have only one loan outstanding at a time. Loan terms range up to five years except in the case of the purchase of a principal residence where the Plan permits the loan to be payable within a reasonable time commensurate with repayment period permitted by commercial lenders of similar loans. The loans are secured by the balance in the participant's account attributable to elective and rollover contributions. Loans shall bear a reasonable rate of interest. Generally the interest rate is charged at the prime rate plus 1%. The Plan permits special rules if a participant is in military service while he/she has an outstanding loan.

- Forfeitures
Upon termination of employment of a participant, the non-vested portion of the Employer contributions are forfeited. The forfeitures are first used to pay administrative expenses and then to reduce any future Employer contributions.

2. Summary of Accounting Policies

- Basis of Accounting
  The financial statements of the Plan are prepared under the accrual method of accounting.

- Use of Estimates
  The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

- Investment Values
  Investments are stated at fair value determined by quoted market prices. Mutual funds shares are valued at the net asset value of shares held by the Employees' 401(K) Plan at year end. Participant loans are valued at the balance due which approximates fair value. Guaranteed interest accounts approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

- Receivables due from Employer
  These receivables are comprised of contributions withheld or made prior to year end but not received by the Employees' 401(K) Plan's trustee until after year end.

- Plan Risks and Uncertainties
  Employees' 401(K) Plan allows for various investment options. The investments are subject to risks from interest rates, market conditions and credit issues. Due to the level of risk associated with certain investments it is at least reasonable possible that changes in the value of investments, in the near term, could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

- Other Policies
  Interest and dividend income are recorded on an accrual basis. Participant benefits are recorded when paid.

- Termination
  Although it has not expressed any interest to do so, the employer has the right under the Plan to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts and the Employer would arrange for distributions of all participants' accounts to the participants or their designed beneficiaries in accordance with the terms of the Plan

- Management subsequent event evaluation
  The corporation has evaluated events and transactions that occurred through October 13, 2016, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

3. Forfeitures

During 2015, forfeitures of non-vested employer contributions of approximately $21,741 were transferred from terminated participants' accounts to the forfeiture account. In addition, 2015 employer contributions were reduced by approximately $307.52 from forfeited non-vested accounts.

As discussed in Note 1, Administrative Expenses, investment advisor, management and recordkeeping fees are paid indirectly through revenue sharing.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust was adopted as a version of a prototype plan and is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter for the prototype plan, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

8. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

8. Fair Value Measurement (Continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of participant loans receivable and participant contributions due from the employer are recorded at their cash value.

The following tables set forth, by the level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015.

		Fair Value Measurements at the End of the Reporting Period Using:
	Fair Value	Quoted prices in Active Markets for Identical Assets (Level 1)
December 31, 2015		
Mutual Funds	6,606,906	6,606,906
Total investment at fair value	$ 6,606,906	$ 6,606,906
December 31, 2014		
Mutual Funds	6,823,957	6,823,957
Total investment at fair value	$ 6,823,957	$ 6,823,957

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2015, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 at the end of the reporting period. For the year ended December 31, 2015, there were no significant transfers into or out of Level 3.

9. Plan Changes

On August 31, 2012, MVE Institutional, an affiliated company, took appropriate legal action and exited the plan. The total amount transferred from the plan was $1,232,357.

There were no plan changes in 2015.
