ATCO INDUSTRIES, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE A - DESCRIPTION OF THE PLAN

The following description of the ATCO Industries, Inc. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan incorporating Internal Revenue Code Section 401(k) features covering all eligible employees of the Company. An employee is eligible to become a participant in the Plan upon completion of 90 days of continuous service and attainment of age twenty-one. Certain groups of employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Contributions. Each year, participants may contribute up to 100% of pre-tax annual compensation (salary reduction contributions), as defined in the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of employee salary reductions. Matching contributions will be determined based on each payroll period. The Company may also make a profit sharing contribution which is allocated to the participants accounts based on a formula as defined in the Plan. No matching contributions were made for the year ending December 31, 2016. A profit sharing contribution of \$100,000 was made for the year ending December 31, 2016.

Participant Accounts. Each participant's account is credited with the participant's salary reduction contributions and allocations of (a) the Company's matching and profit sharing contributions, and (b) account earnings or losses, and (c) charged with any administrative expenses paid by the plan. Allocations are based on the participant earnings, deferrals and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon, become fully vested ratably after six years:

Less than 2 years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more years	100%

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bears interest at 4.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Notes are for a period not to exceed five years, except for notes used to acquire a principal residence, which may be repaid over a reasonable period of time.

NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits. In-service distributions are allowed if the participant is at least 59 1/2 and 100% vested in the account from which such distributions are made. Current employees may be allowed to take a hardship distribution, if certain conditions are satisfied. On termination of service due to death, disability or retirement, participants with account balances exceeding \$5,000 may elect to leave their assets in the plan, rollover their vested balance, receive a lump-sum payment of their vested balance, or receive a payout in installment payments equal to the value of the participant's vested interest in his or her account balance. Participants with balances of less than \$1,000 will be distributed their vested balance in a single lump-sum. For balances between \$1,000 and \$5,000, participants may rollover or distribute their balances, however, if no election is made, the amount will be rolled over into an IRA designated by the Plan Administrator.

Forfeited Accounts. At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$20,873 and \$15,688, respectively. These accounts will be used to reduce future employer contributions. No amounts from the forfeited nonvested accounts were used to reduce the employer contributions at December 31, 2016 or 2015.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded at December 31, 2016 or 2015. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits. Benefits are recorded when paid.

Expenses. As provided in the Plan agreement, expenses of the plan may be paid either by the Plan or by the Company. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Investments that represent 5% or more of the Plan's net assets are separately identified with an " * ".

The Plan's unaudited investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$109,472 for the year ended December 31, 2016, prepared and certified by Capital Bank and Trust Company, the trustee. This income was the result of ownership of the mutual fund investments held at Capital Bank and Trust Company.

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- * quoted prices for similar assets or liabilities in active markets;
- * quoted prices for identical or similar assets or liabilities in inactive markets;
- * inputs other than quoted prices that are observable for the asset or liability;
- * inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for December 31, 2016 and 2015.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the

NOTE E - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the trustee as defined by the Plan for the years ended December 31, 2016 and 2015 and, therefore, these transactions qualify as party-in-interest transactions.

The Plan has notes receivable from participants at December 31, 2016 and 2015. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 5, 2008 that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
