TECHNA GLASS, INC. 401(k) PLAN
Notes to the Financial Statements
For the Years Ended December 31, 2016 and 2015

1. DESCRIPTION OF THE PLAN

The following description of the **Techna Glass, Inc. 401(k) Plan** (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Techna Glass, Inc. (the "Company" or the "Employer") on their date of hire. Eligible employees begin participating in the Plan on any business day coinciding with, or subsequent to, the date the employee meets the eligibility requirements. The Plan is designed to qualify under sections 401(a) and 401(k) of the Internal Revenue Code (the "Code") as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The plan administrator is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan has arranged for John Hancock Life Insurance Company U.S.A. ("John Hancock" or "Custodian") to serve as custodian and provide record keeping services to the Plan.

Contributions

Each year, participants may contribute any amount of pretax annual compensation, as defined in the Plan, subject to the maximum amount allowable by the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows for a discretionary matching contribution equal to 50% of the first 6% of participant compensation deferred as an elective deferral. During the year ended December 31, 2016 the Company contributed **\$42,509** in matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Plan earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in employee contributions, rollover contributions, and actual earnings thereon. Vesting in the Company's employer matching and nonelective contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF THE PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in any of the investments offered by the Plan. Unless limited by restrictions imposed by individual investment options and subject to redemption fees, participants may change their investment options on a daily basis.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Participants may only have one outstanding loan at any time. Participant loans are secured by the participant's vested balance and are charged a fixed interest rate equal to one percentage point above the prime rate. The interest rates on outstanding notes receivable as of December 31, 2016 and 2015 were **4.25%**, respectively, and maturities range from **2017 to 2044** and 2016 to 2044, respectively.

Benefit Payments

Participants may receive the vested portion of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Under certain circumstances, including financial hardship, participants may withdraw the vested portion of their account balance. Benefit payments are made in a lump sum distribution, rollover contributions to another plan, or annual installments as defined in the plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in all account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Revenue Recognition

The Plan's investments are stated at fair value. Pooled separate accounts are stated at unit value, which is based on the current fair values of the underlying assets of the funds. There have been no changes in the valuation methodologies used as of December 31, 2016.

Purchases and sales of investments are recorded on a settlement-date basis. Interest income is recorded on the accrual basis and dividend income is accrued on the ex-dividend date. Net (depreciation)/ appreciation for each year includes the Plan's realized and unrealized gains and losses on investments held, bought, and sold during the year.

TECHNA GLASS, INC. 401(k) PLAN
Notes to the Financial Statements
For the Years Ended December 31, 2016 and 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Unit Values

Individual participant accounts for pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Contributions Receivable and Allowance for Doubtful Accounts

Employee contributions which are withheld through payroll deductions and have not been credited to the participant accounts as of the end of the fiscal year are recorded as contributions receivable. An allowance for doubtful accounts is deemed unnecessary and is not provided as of December 31, 2016 and 2015.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded. Principal and interest are paid to the Plan through payroll deductions. Notes receivable from participants are exempt party-in-interest transactions. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Forfeitures

The non-vested portion of employer contributions and earnings thereon forfeited by participants are held in a separate cash account and used to reduce future employer contributions or pay Plan expenses. As of the year ended December 31, 2016 and 2015, there were **\$16,475** and \$7,065, respectively, of cash accounts available for use by the Plan. Forfeitures used by the Plan were **\$0** and \$0 during the years ended December 31, 2016 and 2015, respectively.

Administrative Expenses

Expenses related to investment advisory services, management fees, and maintenance of participant accounts are paid by the Plan. Expenses related to Plan administration are paid directly by the Company and are excluded from these financial statements.

Notes to the Financial Statements
For the Years Ended December 31, 2016 and 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. This guidance has been adopted in these financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The guidance applicable to the Plan has been adopted in these financial statements.

3. TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Subsequent to yearend, it was discovered that the Plan experienced certain operational and administrative issues during the plan year that, if left uncorrected, could impact the Plan's tax-exempt status. The plan administrator has determined that the correction of these issues is not material to these financial statements, nor is it material to any historical or future statements. The plan administrator is in the process of determining the necessary corrective actions in accordance with the Voluntary Correction Program of the IRS and believes the Plan has maintained its tax exempt status. Therefore, no provision for income taxes is included in these financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's form 5500 remains open to examination for three years from the date filed.

Notes to the Financial Statements
For the Years Ended December 31, 2016 and 2015

4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Interest income from notes receivable from participants
- Dividend income
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TECHNA GLASS, INC. 401(k) PLAN
Notes to the Financial Statements
For the Years Ended December 31, 2016 and 2015

5. FAIR VALUE MEASUREMENTS (Continued)

The fair value methods used by the Plan may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. NET ASSET VALUE PER SHARE

The Plan's investments in the pooled separate accounts are stated at net asset value or its equivalent, which is the practical expedient for estimating the fair value of those investments. The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2016 and 2015:

<u>Fair Value Estimated Using Net Asset Value per Share</u>					
	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
<u>December 31, 2016</u>					
Pooled separate accounts	\$ 781,269	\$ -	Daily	None	None
Total	<u><u>\$ 781,269</u></u>	<u><u>\$ -</u></u>			
<u>December 31, 2015</u>					
Pooled separate accounts	\$ 422,731	\$ -	Daily	None	None
Total	<u><u>\$ 422,731</u></u>	<u><u>\$ -</u></u>			

Investments in pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but have an interest therein represented by units valued daily.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Company contributions and investments are held and managed by John Hancock, the Plan's custodian, which invests cash received, interest and dividend income, and makes distributions to participants. Therefore, these transactions are considered exempt party-in-interest transactions. The Custodian also administers the payment of interest and principal on the notes receivable from participants, which is reimbursed to the Custodian through contributions as determined by the Company. Notes receivable from participants are also considered to be exempt party-in-interest transactions.

TECHNA GLASS, INC. 401(k) PLAN
Notes to the Financial Statements
For the Years Ended December 31, 2016 and 2015

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS (Continued)

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses paid to the Custodian qualify as exempt party-in-interest transactions and totaled **\$2,511** for the year ended December 31, 2016. Administrative expenses paid to the Plan's third party administrator qualify as exempt party-in-interest transactions and totaled **\$1,266** for the year ended December 31, 2016. All other administrative expenses, including audit fees, were paid by the Company, a party-in-interest, for the year ended December 31, 2016.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2016 and 2015 to the Form 5500:

Corrective distributions	(10,171)
Other benefits paid	<u>412</u>

10. NONEXEMPT TRANSACTIONS

During the year ended December 31, 2016, there were unintentional delays by the plan sponsor in remitting participant contributions and loan repayments to the custodian of the Plan's assets for nine pay periods in the amount of \$5,110, \$5,241, \$5,231, \$1,259, \$4,502, \$1,392, \$5,574, \$1,080, and \$5,230. Plan management is in the process of calculating lost earnings and remitting the appropriate amounts to the Plan.

During the year ended December 31, 2016, the plan sponsor changed payroll providers. In 2017, it was discovered that subsequent to this change certain wages were being excluded from eligible wages when they should have been included. This resulted in the plan sponsor needing to provide a correction to employees' accounts who had missed the opportunity to contribute on such earnings. The Company also found other minor corrections that were required as it relates to eligible wages and deferrals. The Company is in the process of calculating lost earnings and remitting these corrections to the Plan.
