To whom it may concern,

The Pinova Inc Savings and Investment Plan audit was scheduled for the week of September 11, 2017. Due to Hurricane Irma, the audit was postponed until the week of September 25th. On September 29, President Trump signed into law P.L. 115-63, the "Disaster Tax Relief and Airport and Airway Extension Act of 2017" ("Act"). This Act provides temporary tax relief to victims of Hurricanes Harvey, Irma, and Maria. Both the entire State of Georgia and Florida were declared disaster areas. Pinova, Inc is located in the coastal region of Georgia. Because of the delay related to the storm, we were unable to file by October 16th, but the filing was completed the week of October 23rd.

Sincerely,

Rhonda W Pickren

Pinova Holdings Savings and Investment Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Pinova Holdings Savings and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and is sponsored by Pinova Inc. (the Company) for the benefit of its eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The related employers that participate in the Plan are Pinova, Inc. and Remessenz LLC.

Eligibility

The Plan covers all employees of the Company, excluding non-resident aliens, leased employees, and those covered by collective bargaining agreements that do not provide for participation in the Plan. Employees are eligible for participation on their date of hire. Participants are also eligible to receive additional employer matching contributions immediately upon hire.

Contributions

Participants may elect to contribute up to 90% of their compensation to the Plan, subject to Internal Revenue Service (IRS) limitations. Eligible employees who have attained age 50 before the close of the Plan year are allowed to make catch-up contributions up to the maximum allowed by the IRS. Contributions are subject to certain limitations. Newly hired employees who become eligible to participate in the Plan are automatically enrolled at 3% of their compensation, unless another option is selected by them, with an annual increase of 1% thereafter up to 10%.

The Company maintains separate discretionary matching formulas for each entity. For Renessenz LLC participants, the Company matches contributions equal to 75% of participant deferrals up to 6% of eligible compensation for all participants. For Pinova participants, the Company matches contributions equal to 50% of participant deferrals up to 6% of eligible compensation for all participants. Additionally, Pinova contributes 2% of eligible compensation as a basic retirement contribution for all participating Pinova employees. In its sole discretion, the Company can discontinue Company matching contributions at any time. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. A current description of the investment funds may be obtained from the Plan administrator.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses). Allocations are based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Pinova Holdings Savings and Investment Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Note receivable transactions are treated as a transfer between the investment fund(s) and the participant note receivable fund. The notes receivable from participants are secured by the balance in the participant's account and bear a reasonable rate of interest as defined by the Plan. Interest rates on all outstanding loans range from 3.25% to 8.25%. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may exceed five years.

Vesting

Participants are immediately vested in their voluntary contributions, all employer contributions, and actual earnings thereon.

Payment of Benefits

A participant's contributions and employer contributions may be withdrawn upon retirement (on or after the attainment of normal retirement age), termination of employment, disability, or death. Participants may elect to have distributions paid in a lump-sum. Under certain qualifying circumstances, hardship withdrawals are permitted under the Plan. If a participant's account balance is \$5,000 or less, the participant's account balance will be distributed as soon as practicable after termination.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions and their allocated portion of Company contributions to investment options in 1% increments. Participants may change their investment options daily.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan. Certain other administrative expenses of the Plan are paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

Forfeitures

Forfeited non-vested accounts were \$0 and \$12,698 at December 31, 2016 and 2015, respectively. Forfeitures from non-vested participants' accounts can be used to reduce future Company matching contributions or to pay for certain administrative expenses. During the year ended December 31, 2016, \$16,197 of forfeited funds were allocated back to participants' accounts.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Recently Issued Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update (ASU) No. 2015-07, "*Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*" (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient.

ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU is effective for fiscal years beginning after December 15, 2016, and is to be applied retrospectively, with early adoption permitted.

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Recently Issued Accounting Pronouncements (cont.)

In July 2015, the FASB issued ASU No. 2015-12, “*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contributions Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*” (ASU 2015-12). Part I of this ASU clarifies that contract value is the only required measurement for Fully Benefit-Responsive Investment Contracts (FBRICs) and clarifies that indirect investments in FBRICs should no longer be reflected as FBRICs and therefore, should be reported at fair value.

Part II of this ASU eliminates the current GAAP requirements for plans to disclose individual investments that represent 5% or more of the net assets available for benefits, and the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. It also allows investments to be disaggregated by general type and eliminates the requirement to disaggregate investments by class. Further, significant investment strategies for an investment in a fund that files a Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity when the plan measures that investment using the NAV practical expedient are no longer required.

Part III allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan’s fiscal year-end, when the fiscal period does not coincide with a month-end. The provisions of this ASU are effective for financial statements issued for fiscal years beginning after December 15, 2015 with early adoption permitted. Parts I and II are to be applied retrospectively and Part III should be applied prospectively.

The Plan adopted ASU 2015-07 and adopted Part II of ASU 2015-12. Parts I and III are not applicable to this Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Management has evaluated subsequent events through October 10, 2017, which is the date the financial statements were available to be issued. The Plan was frozen in December 2016, and assets of the Renaissance LLC employees, totaling \$43,827,246, were transferred out of the Plan and into the Symrise Inc. Employee Savings Plan (Symrise Plan). On December 9, 2016, Symrise AG sold Pinova Inc to Derives Resiniques Terpeniques (DRT). As a result of the sale, the Pinova Inc. employees’ assets remained in the Plan. On April 1, 2017, the Plan was amended to reflect the new sponsor of Pinova Inc. and employees of Pinova Inc. began contributing to the Plan at that time. Additionally, the assets for the Pinova Inc. participants who had balances in the Symrise plan were transferred to the Plan.

Pinova Holdings Savings and Investment Plan

Notes to Financial Statements

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Fidelity Management Trust Company (Fidelity), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2016 and 2015, and for the year ended December 31, 2016 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2016 and 2015, and for the year ended December 31, 2016 are covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Money Market Funds - Money market mutual funds held in the self-directed brokerage account are valued using the amortized cost method of valuation or penny-rounding method of pricing as permitted by Rule 2a-7 under the Investment Company Act of 1940, as amended, which approximates their fair value.

Pinova Holdings Savings and Investment Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stocks - Common stocks held in the self-directed brokerage account are valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trust Fund - The Wells Fargo Stable Value Fund is a common collective trust fund that is valued at fair value using the NAV per share (or its equivalent) practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust was based on information using the audited financial statements of the collective trust at year-end. The investment income (loss) was allocated to participants based on their proportionate share of the net assets of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

<i>December 31, 2016</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,485,636	\$ -	\$ -	\$ 16,485,636
Self-directed accounts	112,874	-	-	112,874
	<u>\$ 16,598,510</u>	<u>\$ -</u>	<u>\$ -</u>	<u>16,598,510</u>
Common collective trust measured at NAV*				<u>1,286,660</u>
Total investments at fair value			<u>\$</u>	<u>17,885,170</u>
<i>December 31, 2015</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 62,715,662	\$ -	\$ -	\$ 62,715,662
Self-directed accounts	3,369,965	-	-	3,369,965
	<u>\$ 66,085,627</u>	<u>\$ -</u>	<u>\$ -</u>	<u>66,085,627</u>
Common collective trust measured at NAV*				<u>4,158,197</u>
Total investments at fair value			<u>\$</u>	<u>70,243,824</u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Pinova Holdings Savings and Investment Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Fair value of investments in certain entities that calculate net asset value per share (or its equivalent) follows:

Investment	Fair value at December 31, 2016	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust	\$ 1,286,660	N/A	Immediate	90 days
Investment	Fair value at December 31, 2015	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust	\$ 4,158,197	N/A	Immediate	90 days

The collective trust fund participates in a stable value fund that invests primarily in benefit-responsive investment contracts issued by insurance companies and other financial institutions (Contracts), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The fund may also invest in futures contracts, option contracts, and swap agreements.

5. Tax Status

The Plan is based on the Volume Submitter Defined Contribution Plan of Fidelity which received a favorable opinion letter from the IRS date March 31, 2014, stating that the Volume Submitter Defined Contribution Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

6. Related Parties and Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are managed by Fidelity and qualify as party-in-interest transactions. Notes receivable from participants reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receives compensation from the Plan.

Pinova Holdings Savings and Investment Plan

Notes to Financial Statements

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100% vested in their employer contributions.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.
