CONDOMINIUM CONCEPTS MANAGEMENT, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Condominium Concepts Management, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by the Company under an agreement effective April 1, 2010 and covers substantially all employees who have completed one year of service as defined by the Plan and have attained age nineteen. Enrollment is allowed on the first day of each month coinciding with or next following the date on which eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may elect to contribute pretax contributions and/or Roth contributions up to 100% of eligible compensation to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are subject to certain limitations of the Internal Revenue Code ("IRC").

The Company provides for a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 3% of eligible compensation, plus 50% of salary deferrals between 3% and 5% of eligible compensation. The Plan also allows the Company to make additional discretionary contributions; however, no discretionary contributions were made in 2016. Effective January 1, 2017, the Company discontinued the safe-harbor matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and Plan net earnings or losses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions, and earnings thereon. Vesting in the Company's discretionary non-elective contribution is based on years of continuous service. A participant is 100% vested after 3 years of credited service or death or disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing interest rates. Interest rates range from 4.25% to 4.50% for all notes receivable outstanding at December 31, 2016. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the note receivable were used to purchase a primary residence in which case the note receivable terms may not exceed the repayment period currently in effect for a commercial home loan.

Payment of Benefits

Upon retirement, permanent disability or death, the participant or designated beneficiary is eligible to receive all of the participant's shares of accumulated vested benefits of the Plan in a lump-sum distribution or installments over a period of time. Upon termination of employment or other reasons, the participant is entitled to receive a distribution of his or her account balance. In-service distributions may be made to a participant who has not separated from service provided the participant has reached the age of 59 ½. Hardship withdrawals are permitted under the Plan.

Administration

The Plan Sponsor is Condominium Concepts Management, Inc. Deutsche Asset Management Trust Company ("Deutsche") (formerly known as DWS Trust Company) serves as the Plan's trustee. ADP Retirement Services is the Plan's recordkeeper.

Administrative Expenses

Substantially all administrative costs of the Plan are paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the "exit price").

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides participants with various investment options that are exposed to certain risks, such as interest rate, market and credit risk. Due to the level of risk associated with these investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

At December 31, 2016 and 2015, two investments comprised approximately 51% and 54%, respectively, of total investments held by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Deutsche has provided certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2016 and 2015 and for the year ended December 31, 2016 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2016 and 2015 and for the year ended December 31, 2016 is covered by such certifications and has not been audited by independent auditors.

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered Investment Companies

Shares of registered investment companies represent investments with various investment managers. The fair values of these investments are determined by reference to the registered investment companies' underlying assets, which are principally marketable equity and fixed income securities. These registered investment companies are traded on national securities exchanges and are valued at the net asset value ("NAV") as of December 31, 2016 and 2015. It is not probable that the shares of registered investment companies will be sold at amounts that differ materially from the NAV of shares held.

At December 31, 2016 and 2015, registered investment company accounts were classified as Level 1 within the hierarchy were $1,727,039 and $1,418,357, respectively.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Deutsche, the trustee, and qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.

NOTE 7 – INCOME TAX STATUS

The Plan is based on the Prototype Non-Standardized Profit Sharing Plans with CODA (cash or deferred arrangement), which received an opinion letter from the IRS dated March 31, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code ("IRC"). Accordingly, the trust's net investment income is exempt from income taxes. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

NOTE 8 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2015, employee withholdings and loan repayments totaling $29,993 were not remitted within the appropriate time period by the Company. The Company remitted $29,993 of the late deposits in 2015. These transactions constituted prohibited transactions as defined by ERISA. The Company remitted the lost earnings for the 2015 late deposits in 2016, but elected not to do so through the VCP given the immaterial amount.

During 2016, employee withholdings and loan repayments totaling $23,351 were not remitted within the appropriate time period by the Company. The Company remitted $23,351 of the late deposits in 2016. These transactions constituted prohibited transactions as defined by ERISA. The Company plans to remit the lost earnings for the 2016 late deposits in 2017, but elected not to do so through the VCP given the immaterial amount.
