Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Sealed Air Corporation Retirement Plan for Formpac Non-Union Hourly Employees, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2016 and 2015, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Sealed Air Corporation Retirement Plan for Formpac Non-Union Hourly Employees

Notes to Financial Statements

December 31, 2016

1. Plan Description

General

The Sealed Air Corporation Retirement Plan for Formpac Non-Union Hourly Employees (the Plan) is a defined benefit pension plan sponsored by Sealed Air Corporation (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective March 31, 1998, the specialty chemicals and other nonpackaging business of the Company, formerly named W.R. Grace & Co., and its subsidiaries were spun off to the Company's shareholders by the distribution to them of all of the issued and outstanding shares of the common stock of a wholly-owned subsidiary of the Company, which is now named W.R. Grace & Co. (Grace). Prior to the spin-off, the Company sponsored the W.R. Grace & Co. Conn – Chemical Group (the Prior Grace Plan). Grace assumed sponsorship of the Prior Grace Plan in connection with the spin-off. Since then, Grace has been unaffiliated with the Company.

Effective April 1, 1998, the Company established the Plan, which covers only the eligible hourly paid employees of the rigid foam packaging business of the Company's subsidiary, Cryovac, Inc., who were participants in the Prior Grace Plan immediately prior to March 31, 1998. The credited service of a participant includes, subject to Plan limitations, the participant's credited service under and as defined in the Prior Grace Plan as of March 31, 1998. All other hourly paid employees of Cryovac, Inc. at the Reading, PA, and the Indianapolis, IN, rigid packaging plants, with certain exceptions, become participants upon the earlier of the completion of one year of service, as defined, and the attainment of age 21. Participant contributions are not permitted by the Plan.

On April 1, 2015, there was a divestiture of the locations which employed the Plan participants and, as a result, following the divestiture, participants have terminated employment with the Company and earn no additional service under the Plan. The Company has elected to maintain the Plan for the benefit of the participants. The effect of this divestiture has been included in the accumulated plan benefits as of December 31, 2015.

Plan Merger

Effective December 31, 2016, the assets of the Plan were merged into the Sealed Air Corporation Restoration Plan for Cryovac Employees (Cryovac Plan). The Cryovac Plan was renamed the Sealed Air Corporation Combined Pension Plan (Combined Pension Plan). Net assets of the Plan totaling \$20,751,539 were transferred into the Cryovac Plan and are reflected in the financial statements as a transfer out. This amount consisted of \$19,885,886 in undivided interest in the Master Trust and \$865,653 in employer contribution receivable.

Notes to Financial Statements (continued)

1. Plan Description (continued)

Pension Benefits

Plan participants are eligible for their plan benefit after terminating employment with vested rights. A participant's accumulated benefit becomes fully vested upon the earliest of the participant's (i) completion of five years of vesting service, as defined, or (ii) attainment of age 55 while in service. All benefits that do not become vested are forfeited and applied to reduce the contributions required to be made by the Company as determined by the Plan's consulting actuary. The pension benefit for a participant who separates from service on or after January 1, 2003 upon attainment of age 65 is a monthly amount equal to the participant's credited service, as defined, multiplied by the dollar amount of either \$24, \$29 or \$32 for pension grades I, II or III, respectively, as of July 1st of the year immediately preceding the year in which the participant separates from service.

Normal retirement date is the first day of the month coinciding with or next following attainment of age 65. A participant may elect early retirement at age 55. The normal method of payment for unmarried participants is a life annuity and for married participants is a joint and 50% survivor annuity. Participants may elect optional methods, as defined, of payments if a qualified waiver is in effect.

Death Benefits

In the event of a vested participant's death prior to attaining the normal retirement date, the participant's surviving spouse shall generally be paid an amount equal to the benefit that would have been received if the participant had terminated service on the date of death and commenced receiving an immediate retirement benefit under the Plan in the form of a joint and 75% survivor annuity. Unless the surviving spouse consents, distribution of the spouse's death benefit shall not commence prior to the date the participant would have attained age 65. If a participant dies following the commencement of benefit payments, the benefits payable following such participant's death shall be as provided by the method payment selected by the participant.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event of the termination of the Plan, after any expenses have been paid, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations generally to provide the following benefits in the order indicated.

Sealed Air Corporation Retirement Plan for Formpac Non-Union Hourly Employees

Notes to Financial Statements (continued)

1. Plan Description (continued)

- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. Government agency, up to the applicable limitations as prescribed in ERISA.
- All other vested benefits (i.e., vested benefits not insured by the PBGC).
- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

2. Summary of Significant Accounting Policies

Basis of Financial Statements

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Sealed Air Corporation Retirement Plan for Formpac Non-Union Hourly Employees

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (Note 5) are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Willis Towers Watson and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of December 31, 2015, are further described in Note 5.

Investment Valuation and Income Recognition

Investments held by the Sealed Air Corporation Master Retirement Trust (Master Trust) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Master Trust's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities in the Master Trust are reflected on a trade-date basis. Interest income is recorded in the Master Trust on the accrual basis. Dividends are recorded in the Master Trust on the ex-dividend date. The Plan's interest in the Master Trust investment income includes Master Trust's gains and losses on investment bought and sold, as well as held during the year.

Plan Administrative Expenses

Administrative expenses, to the extent not paid by the Plan, are paid by the Company. Administrative expenses paid by the Master Trust on behalf of the Plan were \$26,639 and \$26,265 for the years ended December 31, 2016 and 2015, respectively, and are included in the Plan's interest in Master Trust investment income or loss, net, in the accompanying statements of changes in net assets available for benefits.

Sealed Air Corporation Retirement Plan for Formpac Non-Union Hourly Employees

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Plan expenses, to the extent not paid by the Plan, are paid by the Company. Expenses paid directly by the Plan were \$683,719 and \$455,893 for the years ended December 31, 2016 and 2015, respectively.

Funding Policy

Employer contributions are computed under the unit credit method, which recognizes the cost of benefits over the period in which the employee's service has been rendered. The unit credit method, includes the annual normal cost plus an amount to amortize the unfunded actuarial liability, if any. The Company has met the minimum funding requirements of ERISA during 2016 and 2015.

New Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management has elected to adopt ASU 2015-07 early. The fair value disclosures presented in Note 4 reflect the adoption of this update. Adoption of this ASU did not have an impact on the net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are

Sealed Air Corporation Retirement Plan for Formpac Non-Union Hourly Employees

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU allows a plan with a fiscal year end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Part III is to be applied prospectively. Plans can early adopt any of the ASU's three parts without early adopting the other parts. Management has adopted Part II of the ASU. Parts I and III are not applicable to the Plan. Management's adoption of this update is reflected in Notes 3 and 4 regarding investments and the fair value disclosures. Adoption of this ASU did not have an impact on the net assets available for benefits.

3. Investment Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest from investments, dividends, and investment expenses for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

The Plan's investments, until the Plan merger on December 31, 2016, were in the Master Trust which was established for the investment of assets of the Plan, Sealed Air Corporation Restoration Plan for Cryovac Employees, Sealed Air Corporation Pension Plan for Eligible Production Employees in Exton and Modena, Pennsylvania (until it also merged into the Combined Pension Plan on December 31, 2016) and Sealed Air Corporation Pension Plan for Eligible Production Employees in High Point, North Carolina (which was not impacted by the Plan merger). Each participating retirement plan had an undivided interest in the Master Trust. The assets of the Master Trust are held by Northern Trust Company (Trustee or Northern Trust). The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income, less actual distributions, allocated administrative expenses, and transfers, as applicable.

At December 31, 2016 and 2015, the Plan's interest in the net assets of the Master Trust was approximately 0.0% and 39.0%, respectively. Investment income and certain shared administrative expenses relating to the Master Trust are allocated to the Plan based upon average monthly balances invested by each plan in the Master Trust.

4. Fair Value Measurements

The Plan and Master Trust follow accounting standards which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used at December 31, 2016 and 2015, for assets measured at fair value.

The Master Trust holds units of various Aon Hewitt Group Trust (AHGT) Funds offered through a private placement to qualified defined benefit pension plans and governmental plans meeting certain qualifications. The units are valued daily using the net asset value (NAV) as provided by the trustee as a practical expedient to estimate fair value. The NAVs are based on the fair value of each fund's underlying investments. The AHGT Funds may be traded daily at their NAVs. There are no restrictions on the redemption of these funds.

Sealed Air Corporation Retirement Plan for Formpac Non-Union Hourly Employees

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Short term investment funds consist of a collective fund that is valued at NAV as a practical expedient based on value of the underlying assets. The NAV is maintained at \$1.00 per share. The underlying investments have established market values. There are no restrictions on redemption of this fund.

As all of the Plan's investments are valued at NAV as a practical expedient, no fair value hierarchy table is presented.

There are no unfunded commitments at December 31, 2016 and 2015.

5. Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Willis Towers Watson and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of December 31, 2015 were as follows:

- Discount rate of 4.4% in current year; prior year was 4.2%.
- Mortality based on RP-2016 with scale MP-2016 projection (RP-2015 with scale MP-2015 projection in prior year).
- Assumed normal retirement age is based on rates of probability from ages 55 to 70.
- Plan-related expenses assumed to be \$450,000 (\$300,000 in prior year).

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computation of the actuarial present value of accumulated plan benefits were made as of January 1, 2016. Had the valuation been performed as of December 31, there would be no material differences.

Notes to Financial Statements (continued)

5. Accumulated Plan Benefits (continued)

A summary of accumulated plan benefits as of December 31, 2015 is as follows:

	December 31, 2015
Vested benefits:	
Participants currently receiving benefits	\$ 22,169,045
Other participants	11,394,124
	<u>33,563,169</u>
Non-vested benefits	0
Total actuarial present value of accumulated plan benefits	<u><u>\$ 33,563,169</u></u>

The change in accumulated plan benefits for the year ended December 31, 2015 is as follows:

	Year Ended December 31, 2015
Actuarial present value of accumulated plan benefits at December 31, 2014	\$ 32,104,551
Changes attributable to:	
Benefits accumulated, net experience gain or loss or changes in data	2,743,022
Interest	1,331,116
Benefits paid	(1,223,049)
Assumption changes	(1,392,471)
Net increase	<u>1,458,618</u>
Actuarial present value of accumulated plan benefits at December 31, 2015	<u><u>\$ 33,563,169</u></u>

The computation of accumulated plan benefits as of December 31, 2015 does not reflect the Plan merger described in Note 1.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 30, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. The Plan has been amended since receiving the determination letter. Once qualified, the Plan is required to operate in conformity with the

Sealed Air Corporation Retirement Plan for Formpac Non-Union Hourly Employees

Notes to Financial Statements (continued)

6. Income Tax Status (continued)

Code to maintain its qualified status. The Plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

8. Related Party Transactions

Certain of the Master Trust's assets are invested in a short term investment fund managed by the trustee of the Plan. The Plan sponsor provides certain administrative functions to the Plan for which it is not reimbursed. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Subsequent Events

Management has evaluated all subsequent events through October 10, 2017 which represents the date the financial statements were available to be issued.

SCHEDULE SB ATTACHMENTS

Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets for determining minimum required contributions	<p>Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year.)</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with Sealed Air Corporation and, based on that review, is not aware of any significant benefits required to be valued that were not.

SCHEDULE SB ATTACHMENTS

Assumptions Rationale - Significant Economic Assumptions

Discount rate	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Expected return on plan assets	The assumption reflects the plan sponsor's estimate of future experience for trust asset returns, reflecting the plan's current asset allocation and any expected changes during the current plan year, current market conditions and the plan sponsor's expectations for future market conditions.
Assumed administrative expenses	Based on plan's administrative expense over recent years and expectation for future changes in plan expenses

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h)
Termination	Assumed termination rates are based on plan sponsor expectation for the future with periodic monitoring of patterns different than assumed. Experience study performed in 2006 confirmed reasonability of current assumption.
Retirement	Assumed retirement rates are based on plan sponsor expectation for the future with periodic monitoring of patterns different than assumed. Experience study performed in 2006 confirmed reasonability of current assumption.
Benefit Commencement Age	Based on plan experience and expectation for the future. Experience study performed in 2006 confirmed reasonability of current assumption.

Source of Prescribed Methods

Funding methods

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The following changes in assumptions were made as part of this valuation:

- The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2014 to September 2015.
- The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.
- The assumed plan-related expenses added to the target normal cost were changed from \$300,000 for 2015 to \$450,000 for 2016. The method to determine the assumed plan-related expenses is unchanged.

Change in methods since prior valuation

None.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

The plan was originally effective April 1, 1998. The plan was amended and restated effective January 1, 2011, with most recent amendments in 2014.

Coverage and participation

Any employee who was a Participant of the Prior Grace Plan shall become Participant on the Effective Date. All other employees become Participants upon the earlier of (1) the completion of one year of service and attainment of age 21.

Definitions

Vesting service

One year for each 1,000-hour calendar year of employment by Sealed Air Corporation disregarding years of service prior to the attainment of age 18.

Credited service

The participant's period of continuous service from date of participation. A participant will receive credit for a full month of Credited Service for any calendar month in which the Participant works any part of.

Normal retirement date (NRD)

First of month coinciding with or next following the attainment of age 65.

Monthly pension benefit

Credited Service multiplied by the dollar amount corresponding to the Participant's Pension Grade as of July 1, in the year preceding termination.

Monthly preretirement death benefit

75% of the Normal Retirement Benefit the participant would have received under the 75% joint and survivor option payable to the participant's eligible spouse.

Other Plan Provisions

Forms of payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms include life annuity, 50%, 66⅔%, 75% and 100% joint and survivor annuities, a 10-year certain and life annuity, and a Level Income Annuity. Lump sums are automatically paid by the plan if under \$5,000. Actuarial equivalence is based on factors specified in the plan document. Lump sum distributions are calculated as specified under Section 417(e) of the Internal Revenue Code.

Pension Increases

None

Plan participants' contributions

None

Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are not assumed for determining contributions.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

There have been no changes in the principal plan provisions since the prior valuation.

Substantive Commitment

There have been no changes in the principal plan provisions since the prior valuation.
