Report on the Financial Statements

We have audited the accompanying financial statements of Kaseya 401(k) Profit Sharing Plan, which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2016 Financial Statements

Our responsibility is to express an opinion on the 2016 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2016 financial statements.

Opinion on the 2016 Financial Statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Kaseya 401(k) Profit Sharing Plan at December 31, 2016, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the Plan has adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, and has applied the standard retrospectively to all periods presented, as required. This ASU exempts investments measured using the net asset value practical expedient from categorization within the fair value hierarchy. Accordingly, investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audit of the Plan's financial statements as of and for the year ended December 31, 2016 was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2016 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company, the trustee of the Plan. Their report, dated March 16, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of Kaseya 401(k) Profit Sharing Plan (the “Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 2006 and was amended and restated on June 1, 2016, is a defined contribution profit sharing plan covering all full-time employees of Kaseya US Sales LLC and affiliated companies (the “Sponsor”), on the first day of the following month employed and who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The Trustee and recordkeeper of the Plan since July 1, 2016 is T. Rowe Price Retirement Plan Services, Inc. (the “Trustee”). Reliance Trust Company was the Plan’s Trustee and recordkeeper as of December 31, 2015 and for the period from January 1, 2016 through June 30, 2016.

Contributions

Each year, participants may contribute up to 90% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the “Code”) for 2016 of $18,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their initial deferral rate set at 3% of eligible compensation, which is increased at the start of each Plan year by 1% per year up to a maximum of 10% unless changed by the participant. Contributions are invested in a designated balanced fund until changed by the participant.

The Sponsor may make discretionary profit sharing contributions to the Plan at the option of the Sponsor’s board of directors. Profit sharing contributions are invested as directed by the participant. The required eligibility for profit sharing contributions is the employee is to be age 21 or older and to be employed on the last day of the Plan year. There were no profit sharing contributions made in 2016.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contributions and Sponsor profit sharing contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Percent Vested
At least 1 but less than 2	25%
At least 2 but less than 3	50%
At least 3 but less than 4	75%
At least 4 or more years	100%

In addition, a participant becomes 100% vested in all allocated Sponsor contributions upon death, disability or the attainment of age 65 while employed by the Sponsor.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate established by the administrator, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest is paid ratably through monthly payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the repayment period will be a reasonable time determined by the administrator.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or in installments if payments are for required minimum distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Note 1 - Description of Plan (cont'd.)

Forfeitures

Forfeited nonvested accounts totaled $733 at December 31, 2016 and 2015. These amounts may be used to pay Plan expenses. In 2016, no forfeitures occurred, and none of the prior forfeitures were used to pay expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance of credit losses has been recorded as of December 31, 2016 or 2015. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2016 range from 5.25% to 5.50%.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Change in Accounting Principle

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

Management has elected to adopt this ASU early to simplify financial reporting. Accordingly, investments for which fair value is measured using net asset value per share as a practical expedient have not been categorized within the fair value hierarchy.

Note 3 - Information Prepared and Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate, as of December 31, 2015, by Reliance Trust Company, the trustee of the Plan as of that date. This information has not been audited by the independent auditors. As of and for the year ended December 31, 2016, the Plan's accounts were not certified by the Trustee.

	2015
Investments:	
Mutual funds	$ 5,407,054
Stable value common trust fund	-
	$ 5,407,054
Notes receivable from participants	$ 55,681

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust funds: Valued at the NAV of units of the bank collective trust. NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (cont'd.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2016 and 2015. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the years ended December 31, 2016 and 2015, there were no significant transfers in or out of Level 1.

	Assets at Fair Value at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 732	$ -	$ -	$ 732
Mutual funds	4,954,607	-	-	4,954,607
Total Assets in the Fair Value Hierarchy	$ 4,955,339	$ -	$ -	$ 4,955,339
Stable value common trust fund (a)				818,773
Total Investments at Fair Value				$ 5,774,112

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

	Assets at Fair Value at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,407,054	$ -	$ -	$ 5,407,054
Total Assets at Fair Value	$ 5,407,054	$ -	$ -	$ 5,407,054

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	As of December 31, 2016			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust funds				
T. Rowe Price Stable Value Common Trust Fund	$ 818,773	n/a	Daily	12 months

Note 5 - Related Party Transactions and Party-In-Interest Transactions

The trustees and recordkeepers of the Plan during the period covered by this report are T. Rowe Price Retirement Plan Services, Inc. and Reliance Trust Company (see Note 1). Therefore, fees paid to these entities qualify as party-in-interest transactions.

Certain Plan investments are shares of mutual funds managed by affiliates of T. Rowe Price Retirement Plan Services, Inc. Therefore, the transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status

The Plan has adopted the DST Retirement Solutions LLC non-standardized profit sharing plan. Accordingly, the Plan is permitted to rely on DST Retirement Solutions LLC's opinion letters. The Internal Revenue Service has determined and informed DST Retirement Solutions LLC by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to the Form 5500:

	2016	2015
Net assets available for benefits per the financial statements	$5,858,416	$ 5,483,776
Participant contributions receivable	(43,182)	(21,041)
Net assets available for benefits per the Form 5500	$5,815,234	$ 5,462,735

The following is a reconciliation of net increase in net assets available for benefits for the year ended December 31, 2016 per the financial statements to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 374,640
Change in participant contributions receivable	(22,141)
Net income per the Form 5500	$ 352,499

Note 10 - Subsequent Events

The Plan administrator has evaluated all subsequent events or transactions that occurred after December 31, 2016 through the date of these financial statements, which is the date the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure, except that as of June 30, 2017 the Plan was restated due to a change in trustee.

Re: 401k Profit Sharing Plan– Accountants Opinion Letter

To Whom It May Concern:

401k Profit Sharing Plan has engaged an Independent Qualified Public Accountant (IQPA) pursuant to ERISA section 103(a) (3) (A) and 29 CFR 2520.103-1(b). At the time of filing, the IPQA had not completed its findings and the online submission of the 5500 report did not allow us to check line 3d(2) on the Schedule H.

401k Profit Sharing Plan will amend its filing of the 5500 to include the IPQA findings in a timely manner. We appreciate your patience and understanding while we complete this process. Please do not hesitate to contact me should you have any questions or concerns.

Sincererly,

Markara Sam-Gani
