ASSOCIATED GENERAL CONTRACTORS OF MISSISSIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Associated General Contractors of Mississippi 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2015 as a voluntary defined contribution plan available to the members of the Associated General Contractors of Mississippi (the Employer). To reflect the co-employment relationship between the Employer and the other employers and employees, the Employer deemed it advisable, and in the best interests of the employees, that the Plan qualify as a multiple employer plan. Employers in a multiple employer plan may have different benefit formulas for their participating employees. Accordingly, each adopting employer executes an adoption agreement with terms and conditions specific to such employer. Eligible employees of the Employer and other employers may enter the Plan on entry dates coinciding with or following the date on which those employees meet the eligibility requirements as outlined within their respective employer's adoption agreement. Those entry dates are generally on a quarterly basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may voluntarily contribute up to any amount of their pre-tax annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2016 and 2015, individual participants' contributions were limited to \$18,000. Participants who are age 50 and older may also contribute an additional \$6,000 for each of the years ended December 31, 2016 and 2015.

The Plan provides for employer discretionary matching contributions and discretionary profit sharing contributions. The employer discretionary matching contributions and discretionary profit sharing contributions are an amount equal to a matching percentage, which the employer from time to time deems advisable, of the participant's eligible contributions for the plan year. For the year ended December 31, 2016, aggregate discretionary contributions were \$140,229.

Participant accounts

Each participant account is credited with the participant's contribution and allocation of: (a) the Employer's discretionary matching contribution and discretionary profit sharing contribution (if any) and (b) Plan earnings or losses, including market value adjustments on Plan investments. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Allocation and vesting of benefits

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon.

ASSOCIATED GENERAL CONTRACTORS OF MISSISSIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Allocation and vesting of benefits, continued

Vesting in any employer's contribution, plus any earnings or losses thereon, is based upon the number of years of continuous service as listed below:

<u>Years of Service</u>	<u>Percent Vested</u>
1	20
2	40
3	60
4	80
5	100

Participant accounts become fully vested upon death, disability, or upon termination of the Plan.

Forfeitures

Nonvested employer contributions forfeited by participants are used to reduce future employer contributions. Forfeitures utilized to reduce employer contributions for the year ended December 31, 2016 amounted to \$100.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump sum distribution. Participants with vested amounts less than \$1,000 must elect a lump sum distribution, and participants with a vested amount between \$1,000 and \$5,000 are placed in an IRA provided by the Plan Administrator or may elect a lump sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with the then current IRS guidelines.

Participant notes receivable

Plan participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans, which are collateralized by the balance in the participant's account, bear interest at prime, determined as of the date of the loan request, bearing interest ranging from 4.25% - 4.50% as of December 31, 2016. Principal and interest are paid ratably through monthly payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed fifteen years

ASSOCIATED GENERAL CONTRACTORS OF MISSISSIPPI 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Participant investment options

Participants must direct their salary deferred contributions from several investment options offered through the Plan Custodian, Transamerica Life Insurance Company (Transamerica), as made available and determined by the Plan Administrator. Those investment options consist of values of interest in pooled separate accounts and a guaranteed account. Values of interest in pooled separate accounts and guaranteed account are units of participation that the Plan has in the underlying assets of the accounts.

Plan administration

The Plan is administered by 3(16) Fiduciary Services Corporation pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, designated employees of the Employer acts as trustees.

The Employer has contracted with Transamerica under a group variable annuity contract to act as the Plan's Custodian. Transamerica will invest each participant's account balance in pooled separate accounts and a guaranteed account, as instructed by each participant. The Employer has contracted with 3(16) Fiduciary Services Corporation to act as the Plan's third party administrator.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments in pooled separate accounts are reported at fair value based on the fair value of the underlying assets. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investment and unrealized appreciation or depreciation is recognized at period-end when carrying values of the related investments are adjusted to their fair values. Purchases and sales of investments are recorded on a trade-date basis. Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

Participant notes receivable are valued at their outstanding balances, which approximate fair value.

In accordance with the policy of stating investments at fair value, the Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or (depreciation) on those investments.

Administrative expenses

Administrative expenses for the year ended December 31, 2016 totaled \$28,071. Other administrative expenses, such as accounting and legal fees, are paid by the Employer, rather than the participants.

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences may be material.

Unit values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Payment of benefits to withdrawing participants

The Plan records benefit payments to withdrawing participants when paid.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2016, that it would be unable to substantiate.

Concentration of credit risk

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's debt securities included in investment vehicles. Management believes that the Plan Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

New accounting pronouncements

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient, a three-part standard that provides guidance on certain aspects of the accounting by employee benefit plans. The ASU requires an employee benefit plan to use contract value as the only measurement amount for fully benefit-responsive investment contracts, and simplifies and increases the effectiveness of plan investment disclosure requirements for employee benefit plans. The guidance is effective for fiscal years beginning after December 15, 2015, and must be applied retrospectively to all periods presented in the financial statements for the fiscal year of adoption, with early adoption permitted. The Plan has adopted the provisions of ASU 2015-12 and has concluded that the adoption did not have a significant impact on the Plan's financial statements.

Note 3 – Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown on the statement of net assets available for plan benefits as of December 31, 2016;
- Net investment activity and interest income on participant notes receivable from participants as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2016;
- Investment information included in the footnotes and supplemental schedule of assets held for investment purposes at year end as of December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following investment information was obtained from data prepared and certified to as complete and accurate by the Plan Custodian as of December 31, 2016:

Investments:	
Pooled separate accounts	\$ 11,230,004
Guaranteed fund	<u>1,667,974</u>
Total investments	<u>\$ 12,897,978</u>

Note 4 – Fair Value Measurements and Disclosures

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The guaranteed fund is composed of a fully benefit-responsive investment contract that is valued at the net asset value (NAV) of units of the collective investment trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Participant-directed transfers to competing investment options must be held in a noncompeting investment option for a minimum of 90 days. There are no unfunded commitments as of December 31, 2016. Transamerica maintains the contributions in a general account. The accompanying financial statements present the guaranteed fund at contract value and do not classify it in the fair value hierarchy in accordance with FASB ASC 820-10.

The preceding methods described may produce a fair value calculation that may not be indicative of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31, 2016:

	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$11,230,004	\$ -	\$ 11,230,004
Guaranteed fund *	-	-	-	<u>1,667,974</u>
Investments at fair value	<u>\$ -</u>	<u>\$11,230,004</u>	<u>\$ -</u>	<u>\$ 12,897,978</u>

* In accordance with subtopic 820-10, certain investments that were measured at contract value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statement of net assets available for plan benefits.

Note 5 – Fair Value of Investments in Entities that use Contract Value

The following table summarizes investment measured at fair value based on contract value as of December 31, 2016:

Transamerica Stable Value Core Account	<u>\$ 1,667,974</u>
--	---------------------

The Transamerica Stable Value Core Account composed primarily of a fully benefit-responsive investment contract and is reported at contract value in at accompanying financial statements. The guaranteed fund has no unfunded commitments and can be redeemed daily.

Note 6 – Refunds Payable for Excess Contributions

During 2016, the Plan received contributions from participants in excess of Plan and IRS limitations. Such amounts were refunded to participants in the subsequent year.

Note 7 – Party-In-Interest Transactions

The Plan's investments include shares of pooled separate accounts and a guaranteed fund administered by Transamerica Life Insurance Company (the Plan Custodian). Therefore, transactions in these investments qualify as party-in-interest transactions.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 – Plan Transfers

In the normal course of business, the Employer adds employer, and assets from the individual qualified plans that the added employers previously sponsored are transferred into the Plan, when administratively feasible to do so. Likewise, as employers leave the Employer and adopt different qualified plans, assets attributable to these outgoing employers are transferred out of the Plan.

Note 10 – Tax Status

On December 15, 2009, the IRS stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 11 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2016 through October 17, 2017, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
