INDEPENDENT AUDITORS' REPORT

To: The Plan Administrator and Participants
Den-Tex Central, Inc. Employee 401(k) Plan

Report on Financial Statements

We were engaged to audit the accompanying financial statements of **Den-Tex Central, Inc. Employee 401(k) Plan** (the "Plan"), which are comprised of the statement of net assets available for plan benefits as of March 31, 2017, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis of an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by the Principal Life Insurance Company, the asset custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the asset custodian as of and for the year ended March 31, 2017, that the information provided to the plan administrator by the asset custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at year end) as of March 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2016 Financial Statements

The financial statements of the Plan as of March 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Principal Life Insurance Company, the asset custodian. Their report, dated January 12, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the asset custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the asset custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DEN-TEX CENTRAL, INC. EMPLOYEE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

March 31, 2017 and 2016

(1) Description of the plan

Effective October 1, 1998, Den-Tex Central, Inc. (the "Company" or the "Sponsor") adopted the Den-Tex Central, Inc. Employee 401(k) Plan (the "Plan") to provide retirement benefits for all eligible employees. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering salaried employees (excluding highly-compensated individuals and hourly employees) who are employed by the Company and who are at least 21 years old and have completed six months of service. Eligible employees can enter the Plan on the first day of the Plan year quarter coinciding with or next following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Asset custodian and administration

The Plan's assets are held by Principal Life Insurance Company, the asset custodian of the Plan, and are invested through participant-directed accounts in various mutual funds or other investments offered by the asset custodian. Duties of the asset custodian include, among others, recordkeeping, receiving and investing cash contributions and investment income and making payments from the Plan funds as directed by the participants and the Plan administrator.

Administrative functions are performed by officers or employees of the Company. Certain administrative services and costs are incurred by the Company without cost to the Plan. No officer or employee of the Company receives compensation from the Plan.

Contributions

Participants may make contributions to the Plan under a 401(k) salary deferral arrangement up to the maximum percentage (100%) of annual W-2 compensation, as defined by the Plan, and the dollar amount permitted under section 402(g) of the Internal Revenue Code not to exceed $18,000 in 2017. Additionally, participants who are at least 50 years of age as of March 31, 2017, are permitted to make catch-up contributions of up to an additional $6,000 for 2017. Participants are also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make discretionary matching contributions equal to a discretionary percentage of the participant's elective deferrals. During 2017, the Company made matching contributions equal to 25% of the participant's elective salary deferral up to a maximum of 1% for each payroll period.

Participant accounts

Each participant's account is valued on a daily basis and is credited with the participant's contribution, his or her portion of the Company's matching contribution and account earnings or losses and is charged with certain administrative expenses as determined by the different investment options he or she directs the Plan asset custodian to make on his or her behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of the plan (cont'd)

Vesting

Participants are immediately fully vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching portion of their accounts plus actual earnings thereon is based on continuous service. Participants are vested in the Company discretionary matching contributions based on the following table:

Years of Service	Vesting Percentage
Less than 2	-0-%
2	25%
3	50%
4	75%
5	100%

Investments

Upon enrollment in the Plan, a participant may direct the allocation of their contributions and discretionary matching contributions among various investment funds offered by the Plan's asset custodian. Each participant can choose to deposit all contributions in one fund or allocate the investment among several funds in any whole percentages. The funds are invested in a broad range of stocks and bonds with varying risks. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total account balance of all eligible participants.

Participant loans receivable

Under provisions of the Plan, participants may borrow from their fund accounts minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50% from the vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loans may be repaid up to a maximum of five years. The interest rates on participant loans outstanding at March 31, 2017 ranged from 3.25% to 3.75%. The loans are collateralized by the vested balance in the participants' accounts and bear interest at rates comparable to the rate a lending institution would charge on a similar loan. Principal and interest are repaid ratably through periodic payroll deductions.

Payment of benefits

On termination of service, a participant who has a vested interest in their account which is less than or equal to $5,000 shall receive a lump sum equal to the vested interest of their account. Participants who have a vested interest in their account which exceeds $5,000 may elect to leave their account balance in the Plan or receive a single or partial lump sum payment equal to the vested interest of their account. If a participant's account balance is between $1,000 and $5,000 on the date of termination, and the participant does not request a distribution, the Plan administrator will rollover the account balance into an individual retirement account.

Under the terms of the Plan, participants who attain retirement age or become totally disabled prior to their retirement date will receive all amounts credited to their accounts. Upon the death of the participant while actively employed, the distribution is made in accordance with the participant's previous direction.

(1) Description of the plan (cont'd)

Withdrawals

Participants may make early withdrawals up to the full balance of their elective deferral contributions in their account under the hardship provision of the Plan. A participant may make unrestricted withdrawals of their vested accounts on or after age 59 ½ once in any 12-month period.

Forfeitures

Forfeitures consist of the non-vested portion of terminated participant account balances and may be used by the Plan to pay for Plan expenses or to reduce any employer discretionary matching contributions. At March 31, 2017 and 2016, the forfeiture account balance totaled $604 and $1,299 respectively. During 2017, forfeitures of $4,066 were used to reduce employer discretionary matching contributions and $883 were used to pay Plan expenses.

(2) Summary of significant accounting policies

Basis of statement presentation

The Plan's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Recently issued accounting standards

On April 1, 2016, the Plan adopted Accounting Standards Update (ASU) 2015-12, which amends existing guidance in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*. Part I of the guidance in this ASU eliminates the requirement to reconcile and adjust contract values of fully benefit-responsive investment contracts to fair value in the financial statements and requires reporting at contract value only. Part II of the guidance in this ASU eliminates the requirement to disclose individual investments greater than 5 percent of net assets and requires net appreciation/depreciation to be disclosed only in aggregate, not by investment type. The adoption of this ASU resulted in changes to disclosures only and had no impact on the Plan's financial statements.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for non benefit-responsive investments as described in the following paragraph). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan includes a non-benefit responsive investment contract called the guaranteed interest account. The statements of net assets available for plan benefits present the fixed interest fund at contract value within the total investments of the Plan in accordance with FASB ASC 962-325, *Plan Accounting – Defined Contribution Plans, Investments – Other*. The fund is credited with participant and matching contributions and interest earnings and is charged for participant withdrawals. Benefit payments are made at fair value (no termination or surrender charge

(2) Summary of significant accounting policies (cont'd)

Investment valuation and income recognition (cont'd)

adjustments) for plan benefit events and investment transfers initiated by plan participants. There is a possible surrender charge when funds are withdrawn prior to their maturity. The fund provides a guarantee of principal and interest. The general account assets of Principal Life Insurance Company back these guarantees. The contract is included on the financial statements at fair value.

The guaranteed interest account is a general account product. Contributions and transfers allocated to this investment option will be credited interest at a guaranteed interest rate Principal Life Insurance Company declares for a specified period of time as determined, or allowed, by the plan sponsor's retirement plan (the guarantee period). Guaranteed interest rates for new allocations are subject to change daily, and each amount allocated to the guaranteed interest account will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated to this guaranteed interest account.

Participant loans receivable

Loans to participants are reported as participant loans receivable at the unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits

Benefits are recorded when paid.

Federal income tax

FASB ASC 740, *Income Taxes*, provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an entity's financial statements and requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan administrator believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of March 31, 2017, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2014 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent events

The Plan has evaluated subsequent events through October 25, 2017, the date financial statements were available to be issued. No subsequent events occurred which would require adjustment or disclosure to the financial statements at March 31, 2017.

(3) Information certified by the asset custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA). The assets of the Plan are held by the asset custodian. Accordingly, the asset custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

(3) Information certified by the asset custodian (cont'd)

a. Investments and participant loans receivable, as shown in the statements of net assets available for Plan benefits at March 31, 2017 and 2016.

b. Investment activity, as shown in the statement of changes in net assets available for Plan benefits for the year ended March 31, 2017.

c. The information in the supplemental schedule of assets (held at year end) as of March 31, 2017.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule.

(4) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. Fair value measurements are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources while unobservable inputs reflect the Plan's view of market assumptions in the absence of observable market information. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. In determining fair value, the Plan uses various methods including market, income and cost approaches.

The Plan categorizes its fair value measurements into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Unadjusted quoted prices accessible in active markets for identical assets or liabilities at the measurement date and mutual funds where the value per share (unit) is determined and published daily and is the basis for current transactions.

- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Unadjusted quoted prices for similar assets or liabilities in active markets or inputs (other than quoted prices) that are observable or that are derived principally from or corroborated by observable market data through correlation or other means. Primary inputs to this valuation technique may include comparative trades, bid/asks, interest rate movements, U.S. Treasury rates, London Interbank Offered Rate ("LIBOR"), prime rates, cash flows, maturity dates, call ability, estimated prepayments, and/or underlying collateral values.

- Level 3 – Unobservable inputs for the asset or liability. Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management's best estimate about the assumptions market participants would use at the measurement date in pricing the asset or liability. Consideration is given to the risk inherent in both the method of valuation and the valuation inputs. Primary inputs to this valuation technique include broker quotes and comparative trades.

(4) Fair value measurements (cont'd)

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2017 and 2016.

Pooled separate accounts

Pooled separate accounts consist of mutual funds that are valued at fair value by the asset custodian based upon the net asset value of the underlying investments held by the Plan at year end.

Guaranteed interest account

Guaranteed interest account (non benefit-responsive) is valued at fair value based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2017 and 2016:

	2017			
	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts:

	$ 1,654,407	$ -	$ 1,367,257	$ 287,150

There were no significant transfers in and/or out of the fair value categories during 2017 and 2016.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 investments for the year ended March 31, 2017:

Balance, as of March 31, 2016	$ 287,150
Purchases	21,167
Sales	(32,208)
Interest income	2,161
Balance, as of March 31, 2017	$ 278,270

(5) Related party transactions

Certain Plan investments are shares of pooled separate accounts and a fixed interest account managed by Principal Life Insurance Company. Principal Life Insurance Company is the asset custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. The Plan has participant loans receivable at March 31, 2017. As a result, these investments, the participant loans and all related transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan to the asset custodian and the third-party administrator for administrative services amounted to $23,533 for the year ended March 31, 2017.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants will have a 100% vested interest in their accounts at the date of termination.

(7) Tax status

The Plan was established under a volume submitter profit sharing 401(k) Plan which received its most recent determination letter on March 31, 2014, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and ERISA. Accordingly, the Plan administrator believes the Plan was qualified and was tax exempt as of the financial statement dates.

(8) Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
