NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The WS97 Capital 401(k) Plan (the Plan) was adopted effective March 1, 1998 and restated January 10, 2015 to comply with the Pension Protection Act, to establish a savings and investment plan for the exclusive benefit of the employees of WS97 Capital, Inc. and its subsidiaries General Plastics & Composites, LP, GP Rubber, LP, GPR Machine, LP, Express Boring & Machine, LP (the Company and Plan Sponsor), and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). Investments are reported at fair or contract value. Contributions, interest and dividend income are recognized when received. Benefit payments and corrective distributions are recorded when paid. Purchases and sales of securities are recorded on a trade date basis.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits - modified cash basis and the statement of changes in net assets available for plan benefits - modified cash basis.

Estimates - The preparation of financial statements in conformity with GAAP and in accordance with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Valuation of Investments - Pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits - modified cash basis and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits - modified cash basis.

The Key Guaranteed Portfolio Fund (insurance contract) is presented at contract value on the statements of net assets available for plan benefits - modified cash basis as it is considered a fully benefit-responsive investment. The Key Guaranteed Portfolio Fund provides a guarantee of principal and a guaranteed quarterly interest rate. The entire general account assets of Great West Life & Annuity Insurance Company back these guarantees. The Key Guaranteed Portfolio Fund credits interest on a quarterly portfolio basis which means that all money deposited in the account regardless of when it was deposited receives the same interest rate. A new quarterly interest rate is established each quarter. This investment was liquidated on November 30, 2016.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Participant Loans - Loans to participants are reported as a receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Subsequent Events - The Plan has evaluated subsequent events through October 24, 2017, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2016.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - A non-union employee is eligible to become a participant in the Plan the first of the month coinciding with or next following the completion of 6 months of service and attainment of age 21.

Contributions - Participants may elect to make contributions to the Plan in an annual amount ranging from 1% to 90% of their compensation, excluding bonuses and fringe benefits. Participants may elect to have any portion of their contributions designated Roth contributions, subject to the same restrictions and limitations under the Plan as pre-tax contributions. Contributions are made through authorized payroll deductions. These contributions by individual employees were limited to $18,000 in 2016. This limitation is periodically adjusted to reflect cost-of-living increases. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($6,000 for 2016).

Effective January 1, 2016, all new hires and non-participating employees not contributing to the Plan who meet eligibility requirements and have not declined participation are automatically enrolled to contribute 4% of eligible wages as pre-tax contributions.

For the 2016 plan year, the Company contributed a matching contribution equal to 25% of each eligible employee's compensation up to 4% of included compensation. Eligible employees were required to make a salary deferral contribution to receive the employer matching 401(k) contribution. For each Plan year, the Company may also make an additional discretionary matching contribution, in an amount determined solely by the Directors of the Company. Such additional discretionary matching contributions, if any, are allocated to all participants employed at year end pro rata based on compensation. The discretionary matching contribution received during the year ended December 31, 2016 amounted to $10,000.

The Company may also make a discretionary profit sharing contribution which can be allocated as determined by the Company. No profit sharing contribution was made for 2016.

NOTE B PLAN DESCRIPTION (CONTINUED)

Vesting - All participants are 100% vested in their voluntary contributions plus actual earnings. A participant is vested in the employer match and discretionary contributions and related earnings at 20% upon one year of service, 40% upon two years of service, 60% upon three years of service, 80% upon four years of service and 100% upon five years of service.

Forfeitures of account balances not fully vested can be reallocated to participants using a uniform percentage of included compensation. Forfeitures of $9,012 were used to reduce the discretionary matching contribution for the year ended December 31, 2016. Unused forfeitures at December 31, 2016 amounted to $4,108.

Form of Benefits - Benefits are recorded when paid. Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum distribution of the entire vested account balance, single sum distribution of a portion of the vested account balance, or in installments for a specified term. If the vested account balance is $5,000 or less, participant consent is not required and the distribution will be made in a lump sum payment following the participant's termination date. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. A participant may be eligible for in-service distributions given that the participant is 100% vested and has reached the age of 59 ½.

Administration - The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between investment funds and participant loans receivable. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. The interest rates on loans outstanding at December 31, 2016 were 4.25% - 5.50%. Principal and interest is typically paid ratably through payroll deductions. A participant may have no more than two outstanding loans.

If a participant fails to make required payments in accordance to the terms of the loan agreement, the loan will be in default and the unpaid balance becomes a deemed distribution. There were no deemed distributions in 2016.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Participant Accounts - Each participant account is credited with the participant's contribution, the Company's contributions, allocation of forfeitures of terminated participants' nonvested accounts, and a pro rata share of the earnings and expenses of each fund in which the participant has invested.

Excess Contributions - Excess deferral contributions are refunded to the participant. During the year ended December 31, 2016, corrective distributions amounted to $1,462.

NOTE B PLAN DESCRIPTION (CONTINUED)

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions and related earnings.

NOTE C INCOME TAX STATUS

The Company adopted a volume submitter profit sharing plan (the Volume Submitter Plan). The Volume Submitter Plan received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Volume Submitter Plan constitutes a qualified plan under Section 401(a) of the Internal Revenue Code (the Code) and is therefore exempt from federal income taxes. The Volume Submitter Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan Administrator believes the Plan was qualified and was tax exempt as of the financial statement date.

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2016, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2013 forward (with limited exceptions). Tax penalties and interest, if any, would be recorded when paid and would be classified as tax expense in the statement of changes in net assets available for plan benefits - modified cash basis.

NOTE D INVESTMENTS AND CERTIFIED INFORMATION

The following investments at December 31, 2016 and 2015 are recorded at fair value or contract value as determined and certified by John Hancock Life Insurance Company (USA) at December 31, 2016 and both John Hancock Life Insurance Company (USA) and Great West Trust Company, LLC at December 31, 2015.

	2016	2015
Pooled Separate Accounts, at fair value	$ 4,541,538	$ 4,364,192
Insurance Contracts, at contract value	-	24,025
	$ 4,541,538	$ 4,388,217

2016 income as certified by John Hancock Life Insurance Company (USA) is as follows:

Net investment gain in pooled separate accounts	$ 361,756
Interest income from participant loans	$ 6,455

NOTE D INVESTMENTS AND CERTIFIED INFORMATION (CONTINUED)

John Hancock Life Insurance Company (USA) has also certified the participant loans receivable and the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments. All investments of the Plan carried at fair value are valued using level 2 inputs.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation technique used for investments measured at fair value. There have been no changes in the technique used during 2016 and 2015.

Pooled separate accounts are valued at fair value by the trustee of the funds based upon the net asset value of the underlying investments.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers between the fair value measurement levels during 2016 or 2015.

NOTE F PARTY-IN-INTEREST

The Plan invests in various funds offered by John Hancock Life Insurance Company (USA) (2016 and 2015) and Great West Life & Annuity Company (2015). These investments are considered party-in-interest transactions because John Hancock Life Insurance Company (USA) serves as asset custodian to the plan and Great West Trust Company, LLC served as asset custodian to the Plan. The Plan Administrator has approved of these investment options.
