Report of Independent Auditors

To the Trustees and Participants of
Fin Feather Fur Outfitters, Inc.
Employees' Stock Ownership Plan

We have audited the accompanying financial statements of the Fin Feather Fur Outfitters, Inc. Employees' Stock Ownership Plan, which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits for the Fin Feather Fur Outfitters, Inc. Employees' Stock Ownership Plan as of December 31, 2016, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

FIN FEATHER FUR OUTFITTERS, INC.
EMPLOYEES' STOCK OWNERSHIP PLAN

Notes to Financial Statements

Note 1. Description of Plan

General
The following description of the Fin Feather Fur Outfitters, Inc. Employees' Stock Ownership Plan (the "Plan") was formed on January 1, 2016, by Fin Feather Fur Outfitters, Inc. (the "Plan Sponsor" or the "Company"). Participants should refer to the Plan agreement, available at their employer's office, for a more complete description of the Plan's provisions.

The Plan is intended to qualify as a "stock bonus plan" under section 401(a) of the Code, is intended to be and employee stock ownership plan within the meaning of section 4975(e)(7) of the Code, and is designed to invest primarily in company stock, for those who are eligible employees of Fin Feather Fur Outfitters, Inc. The Board of Trustees is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ESOP Contributions
Contributions to the plan are determined at the discretion of the Board of Directors of the Plan Sponsor and are subject to the Internal Revenue Service limitations.

Participant Accounts
Individual accounts are maintained for each plan participant to reflect the participant's entire interest under the Plan. Each participant's account is credited with the Plan Sponsor's contribution as well as net gains and losses on investments and reduced by distributions from the participant's account. As of each allocation date, the Plan allocates earnings (losses) into each participant's account so that the total of all participant account balances equals the fair market value of the ESOP as of each valuation date. Generally, eligible participants who are employed on the last day of the Plan year are eligible for Company contributions. The Company's contributions are allocated to eligible participants' accounts based on the ratio of each eligible participants' eligible compensation for the year to the total eligible compensation for all participants. A participant is entitled to that benefit which his or her account can provide.

Eligibility
An eligible employee is one who is 21 year of age and has the aggregate number of 12-consecutive-month periods in which they are credited with 1,000 hours of service. Employees that are eligible for the Fin Feather Fur Outfitters, Inc. Profit Sharing 401(k) Plan are automatically eligible for the Fin Feather Fur Outfitters, Inc. Employees' Stock Ownership Plan.

Vesting
Employees of the Company become 100% vested if their termination is due to reaching the normal retirement age (65 years old), disability or death. Otherwise, the employee will follow the following vesting schedule:

Participants Completed Years of Vesting Service	Vesting Percentage
< 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6+ years	100%

Note 1. Description of Plan (Continued)

Forfeitures
As of the accounting date coincident with or next following the date the participant incurs a break in service, the forfeitable portions of his account balances, determined after all other accounting adjustments are made as of that accounting date for that year, shall be forfeitures. Forfeitures for a plan year shall first be applied to restore previously forfeited amounts to the accounts of rehired participants and to restore previously forfeited amounts if a missing participant or beneficiary is located. Any remaining forfeitures for a plan year shall first be applied to pay for administrative expenses of the plan and then, any remaining forfeitures are allocated to participant accounts as provided by the Plan document. There were no unallocated forfeitures as of December 31, 2016.

Payment of Benefits
On qualified in-service distributions or termination of service due to death, disability, retirement, or termination for other reasons, for account balances less than $5,000, a participant will receive a lump sum distribution equal to the value of the participant's vested interest in their account. If the account balance is greater than $5,000, a participant will receive substantially equal annual installment payments over a period of five (5) years, plus one (1) year for each $210,000 the participant's vested balance exceeds $1,070,000 (subject to annual cost-of-living adjustments). Participants are entitled to receive their benefits as soon as administratively feasible.

Put Option
Under federal income tax regulations, the employer stock that is held by the Plan and its participants is not readily tradeable on an established market, nor is it subject to trading limitations including a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

The put option can be exercised during two periods. The first period is sixty days after the company stock is distributed. If the option is not exercised it lapses. The following year, the company will notify the participant of the revised stock value and another sixty day period is available to exercise the option. After this second period, the option lapses forever. The holder of the option shall in any event be provided with adequate security for the payment of any amounts deferred beyond 30 days from the exercise of the put option.

Diversification
Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participants in the plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates. The Plan relies significantly on the use of estimates in determining the valuation of the Fin Feather Fur Outfitters, Inc. common stock, which is the primary Plan investment.

Note 2. **Summary of Significant Accounting Policies (Continued)**

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Payment of Benefits
Benefits payments are recorded when paid.

Administrative Expenses
Administrative expenses may be paid by either the Company or by the Plan. Certain administrative functions are performed by the officers or employees of the Company. None of these officers and employees receive compensation from the Plan.

Note 6. **Related Party Transactions**

Certain Plan investments include shares of the Plan Sponsor. Fin Feather Fur Outfitters, Inc.is the Plan Sponsor and, therefore, these transactions qualify as related party transactions.

Note 6. **Plan Termination**

The Plan was adopted with the expectation that it will continue indefinitely; however, the Plan Sponsor reserves the right to terminate the Plan in whole or in part or to completely discontinue contributions thereto. In the event of the termination of the Plan or discontinuance of contributions, each participant will be immediately entitled to full vesting in the entire amount of their respective account.

Note 7. **Tax Status**

The Plan has yet to receive a determination letter from the IRS, however the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United Stated of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. **Risks and Uncertainties**

The Plan will invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. **Subsequent Events**

Events subsequent to December 31, 2016 have been evaluated through October 16, 2017, the date these financial statements were available to be issued, to determine whether additional disclosures should be made to keep the financial statements from being misleading. Management found no subsequent events that should be disclosed.

See accompanying independent auditors' report.
