NOTE B – SUMMARY OF ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with generally accepted accounting principles as applied to Employee Benefit Plans.

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan

NOTE B – SUMMARY OF ACCOUNTING POLICIES– (Continued)

attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

2. Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Payment of Benefits

Benefits are recorded when paid.

5. Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

6. Operating Expenses

All expenses of maintaining the Plan are paid by Aurora Behavioral Health Savings & Retirement Plan

NOTE B – SUMMARY OF ACCOUNTING POLICIES - (Continued)

7. Subsequent Events

The fund has evaluated subsequent events through October 7, 2016, the date the financial statements were available to be issued.

Note C –INVESTMENTS

The following information about the fair value of investments included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian. Investments that represent 5% or more of the Plan's net assets are separately identified.

| | 2015 | 2014 |
|---|---|---|
| Pooled Separate Accounts | $ 14,286,155 | $ 12,962,118 |
| Guaranteed Investment Contract | 3,495,016 | 3,010,888 |
| Total | $ 17,781,171 | $ 15,973,006 |

During 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciation) appreciated in value by ($297,421) and $677,770 as follows:

Net (Depreciation) / Appreciation in Fair Value

| | 2015 | 2014 |
|---|---|---|
| Pooled Separate Accounts | $ (297,421) | $ 677,770 |
| Guaranteed Investment Contract | - | - |
| Total | $ (297,421) | $ 677,770 |

Note D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Note D – FAIR VALUE MEASUREMENTS - (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quote prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

*Common stocks, corporate bonds and U.S. Government securities*: Valued at the closing price reported in the active market in which the individual security is traded.

*Mutual funds*: Valued at the net asset value (NAV) of shares held by the plan at year end.

*Guaranteed investment contract*: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. (See Note E).

Note D – FAIR VALUE MEASUREMENTS - (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Fund investment assets and investment liabilities at fair value, as of December 31, 2015 and 2014.

Investments Assets at Fair Value
as of December 31, 2015

| | Level 1 | Level 2 | Level 3 | Total |

| Total Investments at Fair Value: | $ - | $ 17,781,171 | $ - | $ 17,781,171 |

Investments Assets at Fair Value

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Managed Accounts | | | | |
| Pooled Separate Accounts | $ - | $ 12,962,118 | $ - | $ 12,962,118 |

| Total Investments at Fair Value: | $ - | $ 15,973,006 | $ - | $ 15,973,006 |

NOTE E – GUARANTEED INVESTMENT CONTRACT WITH GREAT WEST

The Plan entered into a benefit-responsive investment contract with Great West Life Insurance and Annuity (Great West). Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

NOTE E – GUARANTEED INVESTMENT CONTRACT WITH GREAT WEST - (Continued

Because the guaranteed investment contract is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 was $3,495,016 and $3,010,888, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or depletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

| *Average yields:* | 2015 | 2014 |
|---|---|---|
| Based on actual earnings | 1.20% | 1.25% |
| Based on interest rate credited to participants | 1.20% | 1.25% |

## NOTE F – RELEATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Great West Life and Annuity Company. Great West Life and Annuity Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management and record keeping services amounted to $14,300 and $14,639 for the year ended December 31, 2015 and 2014.

## NOTE G – PLAN TERMINATION

Although it is not expressed any intent to do so, Aurora Behavioral Health Savings & Retirement Plan has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

## NOTE H – TAX STATUS

The Internal Revenue Service has determined and informed Aurora Behavioral Health Savings & Retirement Plan, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

## NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least

NOTE I – RISKS AND UNCERTAINTIES - (Continued)

reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - VOLUNTARY CORRECTION PROGRAM

Due to a conversion in payroll systems, there were several delayed participant contributions and loan deductions for the year ending December 31, 2015. Corrective contributions to the participant accounts have been identified and quantified by the Plan sponsor. The Plan sponsor made a Voluntary Correction Program (VCP) submission to the Internal Revenue Service under the Employee Plans Compliance Resolution System (EPCRS) on October 7, 2016, outlining the foregoing operational issues and proposed resolution and corrective action. The estimate for the corrective contributions was based upon the plan provisions and was limited by various Internal Revenue Code regulations. An estimate of approximately $226.83 is recorded as corrective contributions receivable as of December 31, 2015, in the accompanying statement of net assets available for benefits. The estimate reflects interest on based upon the affected participants' investment elections during the correction year. These amounts will be remitted by the company and credited to participants' accounts as soon as administratively possible, upon approval by the IRS. These amounts have been estimated based on the proposed corrective action in the EPCRS. Any differences in the estimated and final correction methods, as agreed upon with the IRS, will be reflected in future years. Although the VCP submission is still pending with the IRS, all corrective action, as required by the IRS, will be taken by the company. No provision for income taxes has been included in the plan's financial statement related to the foregoing matters because the company believes that the plan continues to be qualified, and the tax status of the related trust continues to be tax exempt.
