RIVER VALLEY BANCORP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
JANUARY 5, 2017 AND DECEMBER 31, 2016

(1) DESCRIPTION OF PLAN

The following description of the **River Valley Bancorp, Inc. 401(k) Plan** (the “Plan”) provides only general information. Participants should refer to the plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by River Valley Bancorp, Inc. (the “Company”) effective as of December 1, 1996, covering substantially all employees of the Company and its affiliates who are age 18 or older. Effective March 1, 2016, the Company merged with and into German American Bancorp, Inc. (“German American”), with German American assuming the sponsorship of the Plan as of that date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

See Note 5 for discussion of the Plan’s termination effective December 31, 2016.

Contributions

Prior to the Plan’s termination effective December 31, 2016, participants could make pre-tax and after-tax Roth salary deferrals up to 100% of eligible compensation, as defined in the plan document, subject to limitations imposed by Internal Revenue Code (“IRC”) regulations. Eligible participants were permitted to make special catch-up contributions in accordance with IRC regulations. Participants could also contribute amounts representing distributions from other qualified defined benefit plans, defined contribution plans or individual retirement accounts.

Prior to the Plan’s termination effective December 31, 2016, the Company made matching contributions for the plan year ended December 31, 2016 equal to 75% of each participant’s deferrals, up to the first 6% of their eligible compensation.

Company contributions may also include discretionary profit sharing contributions. The Company made no discretionary profit sharing contributions in 2016.

There were no employee or employer contributions made in 2017.

Participant Accounts

Each participant's account is credited with the participant's salary deferrals, employer contributions, and plan earnings, and charged with an allocation of plan losses and administrative expenses. Allocations are based on participant compensation, account balances or specific transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment elections at any time.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
JANUARY 5, 2017 AND DECEMBER 31, 2016

(1 - continued)

Vesting

Participants are immediately 100% vested in their salary deferral and rollover contributions, plus actual earnings thereon. Vesting in the employer contributions is based on years of continuous service as defined in the plan document. Participants are 100% percent vested in their employer contributions after three years of credited service. As a result of the plan termination discussed in Note 5, participants became 100% vested in their employer contributions as of December 31, 2016.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years, or longer terms (up to 30 years) for loans used to purchase a primary residence. The loans are secured by the remaining vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, participants may elect to receive either a lump sum amount equal to the value of their vested account balance or any form of payments agreed upon by the plan administrator and the participant. The Plan also provides for in-service distributions for participants that have attained the normal retirement age of 65 or for financial hardships. Separated participants with vested account balances exceeding \$1,000 may elect to defer benefits until reaching normal retirement age.

Forfeited Accounts

Participants forfeit employer contribution accounts when terminating service prior to vesting in their employer contributions. These accounts will be used to reduce future employer contributions or pay Plan expenses. At December 31, 2016, forfeited nonvested accounts totaled \$24,304. Forfeited accounts of \$397 were used to reduce employer contributions for the year ended December 31, 2016.

Excess Contributions Payable to Participants

The Plan is subject to certain contribution limits for highly-compensated participants as defined by the IRC. Contributions received from participants for 2016 are net of payments of \$17,552 made to certain active participants to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Excess contributions are returned to participants within two and one-half months following the plan year in accordance with Internal Revenue Service ("IRS") regulations, and are reported as a liability in the statements of net assets available for benefits with a corresponding reduction to participant contributions.

(2) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Capital gain distributions from mutual funds are included in net appreciation in fair value of investments. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for these investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. At December 31, 2016, no allowance for credit losses has been recorded. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. The interest rates on notes receivable from participants outstanding at December 31, 2016 ranged from 3.25% to 3.50%.

Administrative Expenses

Some administrative expenses are paid by the Company and some are paid by the Plan. Those that were paid by the Plan are reflected in the accompanying financial statements. Employees of the Company perform certain administrative functions for the Plan. Neither the Company nor its employees receive compensation from the Plan.

RIVER VALLEY BANCORP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JANUARY 5, 2017 AND DECEMBER 31, 2016

(2 - continued)

Payment of Benefits

Benefits are recorded when paid. At January 5, 2017 and December 31, 2016, there were no allocated amounts to participants who had elected to withdraw from the Plan, but had not yet been paid.

Subsequent Events

Management has evaluated whether any subsequent events that require recognition or disclosure in the accompanying financial statements and related notes thereto have taken place through November 7, 2017, the date these financial statements were available to be issued. Management has determined that there are no such subsequent events.

(3) FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observed for the asset; or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs are used only if Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

RIVER VALLEY BANCORP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JANUARY 5, 2017 AND DECEMBER 31, 2016

(3 - continued)

The following table presents the balances of the Plan's investments within the fair value hierarchy measured at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
December 31, 2016:				
Mutual funds	\$ 4,110,852	\$ -	\$ -	\$ 4,110,852

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation techniques and related inputs used for assets measured at fair value at December 31, 2016.

Mutual Funds

The fair value of mutual funds is based on the quoted net asset value ("NAV") of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the United States Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Gains and losses included in changes in net assets available for benefits for the period ended January 5, 2017 and the year ended December 31, 2016, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the period ended January 5, 2017 and the year ended December 31, 2016, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

(4) RELATED PARTY TRANSACTIONS

Certain Plan investments are interests in mutual funds managed by The Vanguard Group, Inc. ("Vanguard"). Vanguard is the record-keeper and investment manager for the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. (5) PLAN TERMINATION AND MERGER

Effective March 1, 2016, the Company merged with and into German American, with German American assuming the sponsorship of the Plan as of that date. On August 26, 2016, the plan sponsor notified the trustee and custodian of the Plan that the Plan would be terminated effective December 31, 2016, at which point the Plan would be merged into the German American Bancorp, Inc. 401(k) Savings Plan ("German American Plan"). Effective January 5, 2017, the net assets of the Plan were liquidated and transferred to the German American Plan. As a result of the plan termination, participants became 100% vested in their employer contributions as of December 31, 2016.

(6) TAX STATUS

The Plan is based on a non-standardized prototype plan which has received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the IRC. The plan sponsor has not separately applied for a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan has implemented the accounting guidance for uncertainty in income taxes under the provisions of FASB ASC Topic 740, Income Taxes. Under that guidance, tax positions are recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities. As of January 5, 2017, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is not currently being examined and the Plan's management believes its tax-exempt status would be upheld under examination. Plan management believes that the Plan is no longer subject to income tax examinations for years prior to 2013.

(7) RISKS AND UNCERTAINTIES

The Plan invests in mutual funds that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
