RSIM RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

January 31, 2017

1. Description of Plan

The following description of the RSIM Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted by RS Investment Management Co. LLC (the “Plan Sponsor” and “Plan administrator”), on April 1, 1999, and was restated effective June 16, 2015. In 2016, the Plan Sponsor was acquired and as a result, Victory Capital Management, Inc. became the new Plan Sponsor effective July 29, 2016. The Plan is a defined contribution profit-sharing plan with a 401(k) feature. All employees of the Company, excluding union employees, non-resident aliens, merger and acquisition employees, leased employees, and effective July 29, 2016 employees hired after such date, are eligible to participate in the Plan upon hire and attaining age 19. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”).

Effective January 31, 2017, the Plan assets were transferred and the Plan was merged into the Victory Capital Management Inc. 401(k) Savings Plan.

Plan Administration

Certain administrative functions are performed by officers or employees of the Plan Sponsor. None of these officers or employees receive compensation from the Plan. A Third-Party Administrator performs accounting and administrative functions for the Plan. Charles Schwab Bank is trustee for the Plan and acts at the direction of the Plan’s administrator. Effective June 15, 2015, the Plan administrator entered into a contract with Charles Schwab Retirement Plan Services to become the Plans’ record-keeper.

Effective December 27, 2016, all new contributions were made to the Victory Capital Management Inc. 401(k) Savings Plan.

Contributions

Employees who elect to participate in the Plan may contribute up to 70% of their eligible compensation but not to exceed the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants may elect to designate all or a portion of their 401(k) deferrals as after-tax Roth contributions.

Discretionary profit sharing contributions are made for eligible participants who complete one year of service and are employed on the last business day of the Plan year. The profit sharing contributions are based on a percentage of eligible compensation (total compensation plus excess compensation) as determined by management on an annual basis. There were no discretionary profit sharing contributions in 2017.

1. Description of Plan, continued

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions and any employer contributions in percentage increments into a series of mutual funds, common/collective trusts, and self-brokerage accounts offered by the Plan. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary contributions, plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against plan investment income or loss as presented on the statement of changes in net assets available for benefits.

Vesting

Participant and employer contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note receivable terms range from 1 to 5 years, except for notes receivable used to purchase a primary residence, which have a maximum term of 20 years. The notes receivable are secured by the remaining balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of loans. Participants are permitted to have one note receivable at a time. As of January 31, 2017, there were no notes receivable outstanding.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment or series of periodic payments over the participant's life (or the joint life and last survivor of the participant and his or her designated beneficiary). The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from elective contributions.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the plan administrator. Account values will be determined as of the day the distribution is made. Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under \$1,000 will be made as soon as possible.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

All investments are recorded at fair value based upon active market values determined by investment advisors as required under ERISA regulations. See Note 3 for discussion of fair value measurements. Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation for the month is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the month.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 31, 2017 and December 31, 2016.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Information Certified by the Trustee

Charles Schwab Bank has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements.

2. Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

3. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of January 31, 2017 and December 31, 2016:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash and cash equivalents: Valued based on redemption values on the last business day of the Plan year.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2016. There were no Plan assets as of January 31, 2017.

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,503,692	\$ -	\$ -	\$ 15,503,692
Cash and cash equivalents	675,327	-	-	675,327

Investments measured at net asset value				<u>4,962,887</u>
Total assets at fair value				<u>\$ 21,141,906</u>

The Plan invests in common/collective trusts which trade at NAV per share practical expedient of the trust. These trusts are not categorized within the fair value hierarchy.

Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

RSIM RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

January 31, 2017

6. Tax Status

The Plan uses a prototype plan document sponsored by Schwab Retirement Plan Services, Inc. Schwab Retirement Plan Services, Inc. received an opinion letter from the Internal Revenue Service ("IRS") dated June 19, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan's financial statements.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement. As discussed in Note 1, the Plan was merged into the Victory Capital Management Inc. 401(k) Savings Plan effective January 31, 2017.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of self-directed brokerage accounts, common/collective trusts, and mutual funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through November 14, 2017, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since January 31, 2017 that requires recognition or disclosure in such financial statements.
