INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
KB Electronics, Inc. 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the KB Electronics, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SunTrust Bank, the trustee of the Plan (the "Trustee"), except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of December 31, 2016 and 2015 and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) as of December 31, 2016, and delinquent participant contributions for the year then ended are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KB ELECTRONICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the KB Electronics, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of KB Electronics, Inc. (the "Company") who have at least one year of service, are age twenty-one or older, and are not excluded by certain provisions outlined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan administration - In August 2015, the Company was acquired by an unrelated entity (the "Parent Company"); however, the Company's management has continued to oversee and manage the Plan's operations. In November 2016, the Company elected to freeze plan contributions effective December 31, 2016 and to merge the Plan into the Parent Company's plan (the "Successor Plan") in 2017.

Contributions - Participants may contribute up to 100% of qualified compensation, as defined in the plan document, without exceeding the maximum permissible amount allowed by the Internal Revenue Code (the "Code"). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the plan document. Participants direct the investment of all contributions into various investment options offered by the Plan.

Under the provisions of the plan document, the Company may make discretionary matching contributions. During the years ended December 31, 2016 and 2015, the Company made discretionary matching contributions in the amount of 50% of each participant's elected deferral not to exceed 3% of the participant's eligible compensation. The Company's discretionary matching contributions applicable to the years ended December 31, 2016 and 2015 amounted to \$66,206 and \$83,291, respectively. Additionally, the Company may make discretionary non-elective contributions to the Plan. Allocations of the Company's discretionary non-elective contributions are based upon a participant's compensation as it relates to all eligible participants' compensation. During the years ended December 31, 2016 and 2015, the Company did not make any discretionary non-elective contributions to the Plan. All Company contributions are subject to certain limitations prescribed by the Code.

Participant investment account options - The Plan currently offers various mutual funds and index funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, and an allocation of the Company's discretionary non-elective contributions (if any), plus earnings or losses on all contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

KB ELECTRONICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participants are immediately vested in their own contributions plus actual earnings thereon. Company contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts - Forfeitures of terminated nonvested account balances that are derived from the Company's discretionary matching contributions are used to reduce future Company discretionary matching contributions. Forfeitures derived from the Company's discretionary non-elective contributions are allocated to remaining participants as an additional discretionary non-elective contribution. Forfeitures during the years ended December 31, 2016 and 2015 and unapplied forfeitures at December 31, 2016 and 2015 were not significant.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate in effect at the origination of the note plus 1%, unless that rate is determined to be unreasonable by the plan administrator. Notes with a face value of less than \$2,000 must be repaid to the Plan within three years. Notes with a face value greater than \$2,000 must be repaid within five years. The repayment of a note of any amount may extend up to fifteen years if the funds are used by the participant for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions. Participants may not have more than one note outstanding at any time.

Payment of benefits - On termination of service due to death, disability, or upon reaching normal retirement age as defined in the plan document, participants with a vested interest in their account in excess of \$5,000 may elect to receive payments of their benefits either in the form of a lump sum payment or in annual installments. Participants with a vested interest of less than \$5,000 in their account, and/or payments of benefits for other reasons, including distributions qualifying under certain "hardship" rules as prescribed by the Internal Revenue Service ("IRS"), will be distributed in a lump sum payment.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

KB ELECTRONICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Recent accounting pronouncement - In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *"Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)." The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") per share as a practical expedient provided by FASB Accounting Standards Codification ("ASC") 820 Fair Value Measurement.* Disclosures about investments in certain entities that calculate NAV per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the NAV practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. In 2016, the Plan's management has elected to early adopt the provisions of this new standard. The adoption of this new standard did not have a material effect on the Plan's financial statements.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains distributions from mutual funds are recorded as dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the remaining note balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Payment of benefits - Benefits are recorded when paid.

KB ELECTRONICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Administrative expenses - Certain expenses of the Plan are paid for by the Plan and are recorded as administrative expenses on the statements of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Certain other Plan related expenses are paid by the Company and are not included on the statements of changes in net assets available for benefits.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, SunTrust Bank ("SunTrust"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

KB ELECTRONICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Index funds: Valued at the closing price reported on the active market on which the index fund is traded.

The preceding methodologies described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

Investments at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,076,883	\$ -	\$ -	\$ 5,076,883

(4) Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,732,228	\$ -	\$ -	\$ 4,732,228
Index funds	642,099	-	-	642,099
	<u>\$ 5,374,327</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,374,327</u>

(5) Plan termination and subsequent events

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in the Company's contributions.

Effective January 1, 2017, the Plan was merged into the Successor Plan. On January 23, 2017, the Plan's net assets were transferred to the Successor Plan.

(6) Excess contributions refundable and subsequent event

The Company was notified by SunTrust that the Plan failed a component of its non-discrimination tests in connection with participant contributions for the years ended December 31, 2016 and 2015. Accordingly, excess contributions refundable in the amounts of \$17,647 and \$11,340 were included on the statements of net assets available for benefits at December 31, 2016 and 2015, respectively. Excess contributions applicable to the year ended December 31, 2016 were refunded to affected participants in March 2017 by the Successor Plan. Excess contributions applicable to the year ended December 31, 2015 were refunded to affected participants in February 2016 by the Plan.

(7) Related party transactions and party-in-interest transactions

SunTrust is the trustee as defined by the Plan, and therefore, transactions with SunTrust qualify as party-in-interest transactions. Fees paid to SunTrust by the Plan for investment management and recordkeeping services totaled \$3,303 and \$1,635 for the years ended December 31, 2016 and 2015, respectively. Other investment related fees incurred by the Plan are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing, rather than as a direct payment. Certain other Plan related expenses are paid for by the Company, and as such, are not included on the statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

(8) Tax status

The IRS has issued an opinion letter dated March 31, 2014, stating that the prototype plan adopted by the Plan's management is designed in accordance with applicable sections of the Code. The Plan's management believes that the Plan continued being operated in compliance with all applicable requirements of the Code.

Accounting principles generally accepted in the United States of America requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2013.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

(10) Delinquent participant contributions and subsequent event

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all participant contributions to the Plan during the year ended December 31, 2016, participant contributions aggregating \$107,803 were not remitted within the required timeframe. In November 2017, the Company remitted lost investment earnings aggregating \$136 to the Successor Plan on behalf of affected participants.

In January 2015, the Company remitted lost investment earnings aggregating \$883 which had resulted from participant contributions that had not been remitted timely to the Plan during the year ended December 31, 2014.
