NOTES TO THE FINANCIAL STATEMENTS
JANUARY 3, 2017 AND DECEMBER 31, 2016

Note 1: DESCRIPTION OF PLAN

This description of the MICO, Inc. Retirement Plan (the Plan) provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions. A complete description of the Plan is available at MICO, Inc. (the Company).

General

The Plan is a defined contribution plan covering substantially all employees of the Company, who are 21 years of age or older and have completed certain service requirements. An employee becomes eligible for elective deferral purposes after one month of service and eligible for an employer discretionary contribution after two years of service. A year of service for purposes of eligibility is a consecutive 12 month period during which the employee has 1,000 or more hours of service. Entry dates into the Plan are the first day of the month coinciding with or following the date the eligibility requirements are met. Collectively bargained, nonresident aliens and leased employees are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was merged into the WABCO, Inc. 401(k) Plan (the WABCO Plan) effective January 3, 2017. See Note 7 for more details.

Participant accounts

Each participant's account is credited with the employee's contributions, rollover contributions, an allocation of the Company's contributions, if any, and Plan earnings. Allocations are based on the participant's eligible compensation or account balance as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may elect to contribute between 1 percent and 100 percent of their eligible compensation, as defined by the Plan. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company's contribution, if any, is at the discretion of the Board of Directors up to the maximum allowed by law. The Company's contributions are allocated based on the ratio of participant's eligible compensation for the year to the total eligible compensation of all participants for the year. A participant must be employed on the last day of the Plan year in order to receive an allocation of the contribution. There were no Company contributions for the period ended January 3, 2017.

Investment options

Upon enrollment in the Plan, participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their accounts upon entry into the Plan.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms may not exceed five years, except for the purchase of a principal residence, which may not exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined by the Plan administrator. Principal and interest are repaid ratably through payroll deductions for those participants still actively employed by the Company. Participants that are no longer employed by the Company work directly with the Plan's trustee to pay back any outstanding loans. All participant loans were transferred to the WABCO Plan effective January 3, 2017.

Note 1: DESCRIPTION OF PLAN - CONTINUED

Payment of benefits

Upon termination of service, death, disability, retirement, or hardship, a participant (or in the case of death, the participant's beneficiary), if applicable, may receive the vested value in his or her account in a lump-sum distribution as soon as administratively feasible. Participants may also elect to receive distributions through installment payments for a specified term. A terminated employee with a balance of \$5,000 or less will be automatically paid out by the Plan upon termination. Any terminated participant's balance exceeding \$1,000 will be automatically rolled into an individual retirement account on the behalf of the terminated participant. Any forced payouts of account balances of less than \$1,000 will be distributed in a lump sum.

In-service distributions may also be made, at the participant's request, to a participant who has not separated from service and has reached age 59 ½.

Plan amendments

Effective January 1, 2016, the Plan was restated in its entirety. The following is a summary of significant changes to plan provisions:

- Discretionary matching contributions are permitted
- Installment payments are no longer permitted
- Roth contributions and in-plan Roth conversions are permitted

Effective July 1, 2016, the Plan was amended to remove the option to allow Roth contributions and in-plan Roth conversions.

Merger

On December 1, 2016, the Board of Directors of MICO, Inc. (the Plan Sponsor) approved the merger of the Plan into the WABCO 401(k) Retirement Plan (the WABCO Plan), effective January 3, 2017. As a result of this election, the Plan was subject to a blackout period from December 28, 2016 through January 3, 2017, the date the assets were effectively transferred into the WABCO Plan.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America.

Valuation of investments

The Plan's investments are stated at fair market value. For additional information on the fair value of investments see Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payments of benefits

Benefit payments are recorded when paid.

Administrative expenses

Certain expenses of the Plan are paid by the plan sponsor and are not included in the statement of changes in net assets available for benefits (see Note 3).

Investment and Securities Transactions

The Plan's investments were stated at fair value as of December 31, 2016. Due to a plan merger, the Plan did not hold any investments as of January 3, 2017.

Subsequent events

The Plan's management has evaluated subsequent events through, November 14, 2017, the date the financial statements were available to be issued.

New accounting pronouncements

New accounting standards issued by, but not effective until after, January 3, 2017, are not expected to have a significant effect on the Plan's financial statements.

Note 3: ADMINISTRATION FEES

The Plan's record keeper charged the Plan an asset-based service fee of 19 basis points against all Plan participant accounts on a monthly basis, using each participant's prior month-end account market value, excluding participant loan balances. Fees were also charged to participants who took a distribution, borrowed money against their account, or purchased an insurance policy through the plan. Expenses paid out of the Plan were approximately \$0 for the year ended January 3, 2017. The Company paid all significant fees.

Note 4: INFORMATION CERTIFIED BY FINANCIAL INSTITUTION

The Plan transferred all assets to the WABCO Plan and, therefore, held no assets as of January 3, 2017. This information, which is included in the accompanying financial statements, was obtained from data that has been prepared and certified as being complete and accurate by BMO Harris Bank N.A., the trustee.

Note 5: FAIR VALUE MEASUREMENT

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016. There were no assets held by the Plan that were measured using fair value as of January 3, 2017.

Registered Investment Companies - Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices. The level 2 assets shown below are cash equivalents that are not actively traded.

Life Insurance: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: FAIR VALUE MEASUREMENT - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Fair Value Measurement at the End of the Reporting Period Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	December 31, 2016
Mutual funds	\$ 1,539,924	\$ -	\$ -	\$ 1,539,924
Self-directed brokerage accounts	181,426	-	1,455	182,881
Total assets in fair value hierarchy	1,721,350	-	1,455	1,722,805
Investments at fair value	<u>\$ 1,721,350</u>	<u>\$ -</u>	<u>\$ 1,455</u>	<u>\$ 1,722,805</u>

There were no Plan assets measured at fair value as of January 3, 2017.

There were no changes in the level 3 investments for the year ended December 31, 2016.

Note 6: INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated July 7, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 7: PLAN TERMINATION

The Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Plan Sponsor has elected to merge the Plan with the WABCO Plan effective January 3, 2017. As of January 3, 2017 all Plan assets were transferred to the WABCO Plan. All participants are 100 percent vested in their account balances.

Note 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. The investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

MICO, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
JANUARY 3, 2017 AND DECEMBER 31, 2016

Note 9: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Certain Plan investments are managed by BMO Retirement Services, trustee and therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Certain employees of the Company provide to the Plan certain accounting and administrative services for which no fees are charged.

Note 10: OTHER RECEIVABLES

As a result of the transfer of assets that was pending as of December 31, 2016, the Plan has approximately \$18,795,000 of its assets included in other receivables on the Statement of Net Assets Available for Benefits. This transaction settled and was transferred to the WABCO Plan effective January 3, 2017 as discussed in Note 1.
